

Mrs. Warner To Give Essay Contest Again

History Credits Needed For Eligibility

Better Understanding Between America and Asia Is Aim of Contest

Mrs. Gertrude Bass Warner will sponsor the Warner essay contest, which offers prizes for the best essays dealing with problems of the Pacific area with a view to promoting better understanding between Americans and Orientals, again this year, according to an announcement which appeared on the bulletin board of the English department yesterday.

The general subject of this year's contest will deal with methods to improve relations of the United States and countries of eastern Asia.

To be eligible, contestants must have taken one classroom course dealing with history, economic, and social, or international relations of countries of the Far East. The courses on this campus which are acceptable as prerequisites are: history of China and Japan, Noble; international trade policies of the Pacific, Morris; geography of the Pacific, Smith.

The essays are to be 5000 words in length, and the latest date for their submission will be April 6, 1934.

For information, students should consult Professors Victor Morris, Samuel H. Jameson, or Herald J. Noble.

Jewell to Present Education Ideas To Yoncalla PTA

Dean J. R. Jewell, of the school of education, will lead the discussion of an educational mass meeting at Yoncalla Friday afternoon and evening. The meeting is sponsored by several P. T. A.'s in the northern part of Douglas county.

Dean Jewell will talk on "Whose is the responsibility for the education of a community?" The situation has arisen where a teacher goes into a community, and is paid with warrants which the people will not accept, for either rent or groceries. That teacher is expected by the people to furnish the education of the community, and the teacher must borrow or otherwise secure his living expenses.

Many teachers have gone from this institution and faced that problem. One man went to such a community and discovered that the warrants would not be accepted. He packed his bags and returned to his home. The community wrote to the state board of education and asked that his certificate be repealed.

Dean Jewell feels that the teacher's responsibility lies only in teaching. The teacher is the agent by which the community receives education. He should work hard to prepare the child for future activities, and the dumber the child the harder he works, but Dean Jewell says that surely a whole community is better able to pay for education than one individual, the teacher.

Dr. Jewell feels that possibly the communities have not looked at the problem in that light before.

Stromberg Experiments For M.A. Degree

Testing for Subjects to Start This Month; May Finish Work By Spring Term

Out of a world built for right-handed people, the one-machine built for a left-handed person is the typewriter. This seems strange, seeing that there are many left-handed people. Is the world similarly built to the advantage of left or right-eyed people? That is what Eleroy L. Stromberg is trying to find out. He is working for his master's degree in psychology.

In working for his master of arts degree under Dr. H. R. Crossland, associate professor of psychology, Stromberg hopes to discover the relation, if there is any, between right-handedness and left-handedness, or vice versa.

Stromberg is carrying on the experiments of Irving Anderson, former student here, who worked along this line, but did not test each eye separately, as Stromberg intends. This work has been going on at the University for some time.

Last year Stromberg received an appointment here as graduate assistant in the psychology department, and came here from Wesleyan university in Nebraska, where he was a member of Phi Kappa Phi, an organization similar to Phi Beta Kappa on this campus.

It is expected that testing of subjects will begin this month, and that the work may possibly be finished by spring term.

Frosh Women Invited By Philomelete Group

All freshman women who are interested in nature or have an outdoor hobby are invited to attend the meeting of the Philomelete nature and hobby groups at Westminster house at 5 p. m. today.

The purpose of this meeting will be election of all other officers besides that of president, who is Ruth Vanice. Plans for a membership drive and organization of various hobbies will be discussed.

Right Eye May Be in Relation To Right Hand

Testing for Subjects to Start This Month; May Finish Work By Spring Term

Out of a world built for right-handed people, the one-machine built for a left-handed person is the typewriter. This seems strange, seeing that there are many left-handed people. Is the world similarly built to the advantage of left or right-eyed people? That is what Eleroy L. Stromberg is trying to find out. He is working for his master's degree in psychology.

It is expected that testing of subjects will begin this month, and that the work may possibly be finished by spring term.

Ex-Editor Neuberger Tells Of Jaunt to Mediterranean

West Virginia. He found no one else who could speak English.

Food was cheap and good, but money evaporated in tips to interpreters and pesetas tossed to youngsters in the streets. For 30 cents a "lunch" (!) was bought consisting of two fish courses, three meat courses, Spanish curry, a bottle of wine, pastry, and fruit.

Neuberger's itinerary included Gibraltar, northern Africa, Spain, France, Switzerland, Germany, the London economic conference, the Vanderbilt home in Newport, and the Chicago world's fair, as well as Portland, Oregon, his home port. The list of important and interesting persons he met en route sounds like an international "Who's Who."

On the boat from New York he became acquainted with Elmer Rice, the playwright, and his daughter. Coming back, Neuberger traveled on the same ship with Senator James Couzens, liberal senator from Michigan, and his secretary, John Carson, former Washington correspondent for the Baltimore Sun. Neuberger visited with Carson in Washington.

In Chatham, Massachusetts, the Neuberger was guests of Justice Louis D. Brandeis of the United States supreme court. Dick called him the greatest man he has ever met. Ernest Gruening, editor of The Nation, he met in New York, where he also talked with Oswald Garrison Villard, who is to speak here February 24. Villard is the son of the man after whom Villard hall is named, and he asked many questions about the University.

Hoyt on Business

Dean H. V. Hoyt, of the school of business administration, was in Corvallis at Oregon State college yesterday on business.

Armishaw's wish to publicly thank the Staff of the Emerald for the excellent survey they made on behalf of the paper.

TODAY

McDONALD—"I Loved a Woman," Kay Francis, Edward G. Robinson, Genevieve Tobin. Also "To the Last Man," Randolph Scott, Jack LaRue, Buster Crabbe, Esther Ralston.

COLONIAL—"Rasputin and the Empress," John, Lionel, Ethel Barrymore, Diana Wynyard, Ralph Morgan.

By J. A. NEWTON

The question as to the authenticity of the movie version of "Rasputin" crops up every now and then. From a source which claims to be Russian, comes the statement that the characters in the picture are overdrawn. We can forgive the movies that. After all, aren't all movies over-drawn?

So much for the characters.

A short talk with Professor Sheldon last night convinces me that the movie is very nearly, if not entirely, in accord with the facts. The plot is built up on Rasputin's power over the Empress through his miraculous cure of the Prince Alexis. The dramatic climax is built about Rasputin's death, which, according to history, was brought about by an army officer who thought the monk had disgraced the royal family.

A question arises in only one particular; that concerning the part played by Diana Wynyard. History does not record the romance of army officers. But history does record that Rasputin was quite a hand with the ladies. These points are used to advantage in the show.

Power

Religious Council To Sponsor Class, Says Dr. Bossing

Will Start November First; Open To Anyone Interested In Training

Dr. N. L. Bossing, director of University high school and professor of education on the campus, announced Monday that the Eugene community training school will start classes the first of November. Dr. Bossing is the dean of the school which is under the direct guidance of the International Council of Religious Education. This council sponsors schools of this type all over the country.

The committee for the organization of this school is composed of the following Eugene people; Dr. Bossing; L. J. Temple, of the First National bank, Methodist representative; Miss Dorothy Nyland, director of religious education at the M. E. church; Frank Eberhart, of the Presbyterian church; Miss Ino Ruyle, pastor's assistant at the Baptist church; and Miss Vesta Orick, Christian church.

The instructors are: Professor W. G. Beattie, Dr. E. W. Warrington, Dr. B. W. DeBusk, Miss Alice Baker, Rev. Bryant Wilson, Dr. R. J. Bennett, and Dr. E. A. Van Nys.

Classes begin the first of November to be held Wednesdays. The school is open to anyone interested in this work and the dean hopes that a number of University students will be enrolled. The purpose is to promote a better type of religious education.

Correspondence Division Has Plan For College Study

Students who are unable to attend college this fall and those who desire to study cultural subjects will benefit under a new plan of college study designed by the correspondence division of the general extension division of the Oregon state system of higher education.

By utilizing the regular correspondence courses provided by the extension division, study groups may organize at a reduction from the regular cost of the correspondence course and at the same time secure many of the advantages of campus instruction. For a class of five or more students; the cost is reduced \$2. per student, and for ten or more \$3. per student.

Several groups are organized at the present time and several more are in the process of organization. Regular college credit is allowed for this work.

Donin to Reserve Places in Seattle For U.O. Rooters

Block of 75 Places to Be Saved In Olympic Grill Room For Oregon Students

Students wishing to participate in the Oregon rooters' party at the Olympic hotel in Seattle Saturday evening must get in touch with Ike Donin at the College Side Inn before noon today, Donin reported last night.

Donin is reserving a block of 75 places at the Olympic grill room, and by yesterday afternoon 59 of these had been taken. The full list of reservations will be sent to Seattle this afternoon. Donin has made arrangements for the Oregon party in order to forestall the situation confronted by many Oregon rooters two years ago, when the visitors found it impossible to get into Seattle's crowded grill rooms.

All those who plan to sit at the tables reserved for Oregon students must have tickets signed by Donin in order to gain admittance. Donin is simply acting as agent for the Oregon contingent, and all students who attend must pay the hotel individually.

OREGANA DRIVE WILL START NEXT TUESDAY

(Continued from Page One)

This year is expected, by those in charge, to pass the thousand mark.

Names to Be Announced

Assisting McCall in the subscription drive will be Helen Stinger, who will have charge of the campaign in the women's living organizations. Under these two heads will work a committee composed of a representative from each of the campus living groups. The names of these representatives, and all those from whom subscriptions may be secured, will be published in an early edition of the Emerald.

The price of the book this year will be the same as that charged for the 1933 edition, \$4.50 a copy. Half of this amount may be paid upon the winter term fees, and the remainder on spring term fees.
