THE PILLARS TOPPLE

ONE by one, with thunderous detonations, fall the pillars which have held Chancellor Kerr in his position of eminence.

It was the beginning of the end, that earthshaking board session of September 11, when the attempt to dismiss the dean of women came to light and the chancellor was first seen in an unfavorable light in the glare of publicity.

Two of the stoutest pillars crashed when Governor Meier demanded the resignation of C. L. Starr after the disgraceful incident of the suppressed audit reports. C. C. Colt, another Kerr supporter, followed Starr.

And as the dean of women incident was the

the greatest Oregon team in history leaves to meet its greatest rival, in the game that spells success or failure for Oregon's first championship hopes in years.

It is the crashing prelude to a game which means the continuance of a brilliant succession of eight clean cut victories, and the preservation of a season's unblemished record.

It is the game in which mighty Mike Mikulak and Mark Temple and Leighton Gee must be at their crashing, fighting best to show themselves true all-Americans. For they face other potential all-Americans who are almost as near to fame as the green-shirted veterans. This game, and no other, will tell the story.

Every Oregon supporter must be at McArthur court today to cheer his team onward to an essential victory. And even though he can no longer whisper, he must follow the team to the depot at noon and give it an inspiring, resounding farewell.

It is Mickey Vail's last rally and he plans to make it his greatest, here and in Portland. It must be even greater than the roaring sendoff of Homecoming, for in the metropolis Oregon stands judged by its showing against the cohorts of Corvallis. Mickey's fear is not that Oregon will fail to equal Oregon State in its demonstration of spirit, but that Oregon will not make the Beaver rooters sound like a peanut whistle competing with a boiler factory.

Sports writers are giving Oregon State the edge. It will take more than good football and brute strength to win this game. It will take the inspired efforts of every man on the team, playing above his head every minute of the game, to emerge victorious. And that inspiration can only be instilled by the massed efforts of 2000 loyal rooters.

BEWARE THE FEDS!

 $R^{\rm EALIZING,\ with\ what\ we\ consider\ unusual}$ perspicacity, that no appeal to the so-called better instincts of the student body will prevent the annual shifting and juggling of student tickets for the big game this week-end, the Emerald feels it must warn that federal agents have arranged to take their toli of those individuals who said joyously, "I can get in on Joe's ticket."

Federal agents will be standing at the Multnomah stadium gates sampling tickets and signatures here and there with the hope that they may catch a few master criminals in the nets of the law. It seems that the student body has had to pay a federal excise tax on all admissions, and the government has construed the using of the non-transferable tickets as an evasion of the tax. In which case the student body will be liable for a healthy fine.

Roscoe Nelson, a sincere man, soon learned that untenable, and under a storm of censure, the newest and stoutest of the chancellor's pillars fell. The mighty voice of the upstate press loosed its shattering lightning. From Coos Bay to Medford, from Astoria to The Dalles, came the cry that Kerr must go if higher education is to be saved.

The Portland Oregonian, leader of the metropolitan press, now tardily reverses the stand it has labored to sustain through months of dissension, and utters its conviction that to preserve the birthright of education to the youth of the state, the chancellor must retire.
