Oregon Team Collects 13 Bingles

KOCH SWATS HOMER

Ron Gemmell Goes Entire Route For Oregon; Two Contests Scheduled Today

After scoring a 6-to-3 victory over Willamette university's baseball nine yesterday afternoon on Reinhart field, the Oregon varsity will meet the same team in two more games here today. The first contest of the doubleheader will open at 10 a. m., the second at 3:30. The Ducks pounded out 13 hits yesterday to seven for their opponents, with Maury Van Vleet and Ray Koch leading the way with four and three bingles, respectively. The former had a perfect day at the plate, and one of Koch's drives cleared the left field fence for a circuit clout.

Gemmell in Trouble
Although getting Ron Gemmell, the Webfoot hurler, in several tight spots, the Willamette nine was able to connect only for seven safeties from his offerings. Gribble, at third, got three of these, one a homer.

Both teams opened the game with two runs in the initial inning. Pemberton, second man up for the losing nine, walked, and scored a minute later when Gribble connected for his four-base blow.

Score Tied
Coach Reinhart's men accepted the challenge and knotted the count at two-all when Van Vleet and Koch doubled, Gordon beat out an infield hit, and Mike Hunt drove out another two-base hit.

The second frame was scoreless, but in the next both nines continued the seesaw contest by adding another run to their total. A single, double, and a sacrifice accounted for the Salem team's counter and Koch, first man up for the Webfoots, brought his squad's total to three with his homer.

Willamette Held
Spec Keene's charges were held scoreless thereafter, while the Ducks drove in one each in the fifth, seventh, and the final one in the eighth, when Van Vleet got his fourth straight hit, stole second, (Continued on Page Two)

Music Lovers of University To Attend Opera Next Week

Music-lovers on the University campus and patrons of the arts generally in Eugene are expected to desert the city next week to attend the performances of "dollar opera" to be given in the Portland public auditorium by the San Carlo Grand Opera company. '13th Children' on Campus May Join National Contest

The magic number 13 may be bad luck for some and good luck for others, but to Captain E. P. Price of Portland it presents just another opportunity to enroll someone in his nationwide Society of 13th Children.

In a letter received by Karl W. Onthank, dean of the personnel division, yesterday, Captain Price requested that he attempt to contact "13th children" on the University campus, as potential members of the organization.

Furthermore, Price insists that they be bona fide "13th children," having the same father and mother, "not a mixture of your children and my children and our children." As founder and president of the Society of 13th Children, the captain propounds the aims of the group as being established "for sociability, amusement, mutual aid, and the sociological study of the later children in large families."

Anyone who can pass his entrance examinations to this unique organization is requested to write Price at 1025 Corbett building, Portland, and receive his or her membership papers.

Wright to Talk on Pan-America Day Over Radio KOAC

Celebration Held Each Year on April 14 by 21 Republics Composing Union

Dr. L. O. Wright, professor of romance languages at the University, will speak from 8 to 8:15 tonight over radio station KOAC in Corvallis on "Pan-American Day."

Pan-American day is celebrated each year on April 14 by the 21 republics in America which compose the Pan-American union, and is devoted to the promotion of peaceful relations and commercial progress among the republics.

Dr. Wright, in commenting upon conditions throughout the American republics, stated that he considered the relationship between the nations to be steadily improving, especially since the recent Montevideo conference, which was attended by Secretary of State Cordell Hull, and which he considered the most successful of long series of Pan-American congresses.

"The nations to the south of us," said Dr. Wright, "feel that our big stick policy of imperialism is being abandoned, and that they see in us not a domineering powerful 'colossus of the north,' but rather a friendly big sister nation."

Students Pledge Support to ASUO At Rally Meeting

Dancers at Kokonut Grove Drown Out Attempts to Get Reports From Organizations

Enthusiastic support was pledged to the A. S. U. O. membership drive at the rally and dance held last night at the Kokonut Grove. The rally spirit was too much for Tom Tongue, student body president, who attempted to secure reports on the progress of the drive from the representatives of organizations present. He was drowned out, and the dancing continued to the music of Sherwood Burr's campus orchestra.

Following the rally and dance Tongue made the following statement concerning the student body membership campaign which ends today at noon. "The optional fee has meant a mess and a lot of work for everyone, and not a few hard feelings. It has been necessary to draw a line of distinction between the privileges of those who are members of the A. S. U. O. to deny to those not supporting it the privileges which they have made possible, such a condition is regrettable but unavoidable."

"The campaign during the last two weeks, though not a spectacular one, has been in earnest. It has had to be in earnest to insure the financing of the spring program of activities and to show the board of higher education that students believe in and want student government."

The Alpha Phi trio provided a feature number as a part of the program of entertainment arranged by a committee headed by George Birnie.

Hammond Is Confident of Crowd; Burr's Campus Orchestra To Furnish Music

Marking the entry of the class of '37 into all-campus affairs will be the Frosh Glee given tonight at McArthur court, for which Sherwood Burr's campus orchestra will play.

According to Fred Hammond, freshman class president, the Frosh Glee should be well attended. "The rally dance last night gave evidence that a great many more students have their ASUO tickets than before. Also, we expect that the whole campus will be curious to see what kind of a dance the freshman class can put on. We are sure everyone will be satisfied, for we have been planning many unusual and novel features," Hammond stated.

To Be Scene of Garden
McArthur court will be the scene of a Japanese garden in the spring. Overhanging lanterns and pink and white cherry blossoms will lend themselves to the light, spring atmosphere.

Outstanding freshmen will be pledged to Skull and Daggers, men's sophomore honorary, tonight. Fifteen men will receive the highest honor awarded a freshman. Those chosen will be selected on the basis of scholarship, service, and general character. During intermission of the dance the tagged pledges will go to the platform with the present members. Monteith to Offer Talk And Concert

ADMISSION IS FREE

Event Scheduled for Gerlinger Hall at 7:30; Indians Will Be Theme

Featuring Oregon history, John Claire Monteith, baritone and lecturer, will give a concert and talk in Gerlinger hall next Wednesday at 7:30 p. m. under the auspices of the A.S.U.O. The title of his program is "The Oregon Trail and Indian Days."

"At this particular time, Monteith's visit is especially interesting in that the canoe fete during Junior Weekend has the same theme throughout," said Tom Stoddard, assistant graduate manager. "Committees in charge of floats from the various houses should attend, as the speaker will offer some original ideas."

Program Threefold
His program, entirely of the western Indian tribes in character, is divided into three parts: Indian tribal and ceremonial songs; pioneer experiences of Indian days in the northwest; modern compositions based on Indian tribal melodies.

Monteith appears in full Indian garb, and could easily be mistaken for a full-blooded Indian chief. He is a direct descendant of Marcus Whitman, famous missionary.

Program to Be Free
Monteith's work is primarily in schools, clubs, and private groups instead of in public gatherings. He has recently appeared in about 20 separate concerts in San Francisco covering a period of a month. He has been in a large number of cities in California and throughout the United States.

The program will be free to all students and townspeople. An A.S.U.O. card is not necessary for student admission.

Fate of ASUO Depends Upon Board Sessions

Meeting Slated Monday In Portland

PLANS PRESENTED

Decision to Submit Suggestions To Education Group Depends Upon Presidents

The fate of student government and student activities at both the University and the state college will be in the hands of the state board of higher education Monday, when it meets in Portland. Since the written decision of Attorney-General Van Winkle declared student body membership optional, numerous groups have been preparing plans for reorganization to submit to the board, and student leaders on the campuses at Eugene and Corvallis are alike pleading for some definite action at Monday's session.

For the past week student leaders have been working on a plan which would leave activities and campus government in the hands of the students, but would eliminate the legal difficulties in the disbursement of student fees.

Scheme Presented
This scheme, backed unanimously by student spokesmen from both Eugene and Corvallis, has been presented in identical form to the presidents of the respective institutions. Whether or not the proposals will be forwarded to the state board for consideration will be left to the decisions of President Peavy of O.S.C. and President Boyer of the University.

The resolution of the local student group follows:
"We, the representatives of the undersigned student organization of the University of Oregon, having given careful consideration to the present difficulty regarding the levying and disbursement of fees for student activities, do hereby resolve:

"1. That in our opinion the Associated Students of the University of Oregon during its existence of over 30 years has shown itself to be a stable and successful means for the conduct of student government and student activities.
"2. That we believe it would be detrimental to the advancement of student government and student activities to replace of faculty control and direction the present system of student control over those endeavors in which they participate and which they themselves support.

That, therefore, we urge the board of higher education of the state of Oregon to adopt the proposal presented jointly by the Associated Students of the University of Oregon and the Associated Students of the University of Oregon during its existence of over 30 years has shown itself to be a stable and successful means for the conduct of student government and student activities.
