SPORTS
 THE athletic activities of the University of Oregon, its competitive teams and otherwise, should be the concern of each and every student on the campus. Keep abreast of the sport news of your University if you are not actively a participant.

EHS Handed 13 to 4 Defeat By Yearlings

Four Homers Clouted In Listless Game

Kelley's Charges Score Easily Against Younger Opponents

Capitalizing on three home runs and many walks, the frosh horsehide artists drubbed Eugene high, 13-4, yesterday, in eight innings. Cockey Brewer went the whole way on the mound for the yearlings, and threw in a pair of circuit hits for good measure.

Kelley's boys did big business in the fourth, fifth and sixth innings. The initial score came in the opening inning when John Lewis drove a hard hit over third base for a home run. They were held scoreless during the next two innings but Brewer opened the fourth with his first merry-go-round hit, bringing in Dick Bishop, who had walked.

Bill Fry walked and Aaron Miller took second when a fielder muffed his single. Sam Liebowitz tapped one to second base and Fry came in during the throw to first. Arne Faust hit a long fly to left field, scoring Miller. L. Lyda, third baseman, finished the inning with a strikeout.

Brewer Hits Homer
 In the fifth inning Brewer hit his second home run with the bases full, bringing the frosh count to nine. A walk and two errors allowed the Kelley men to bring in four more runs in the sixth. Miller was tagged out at home plate after Liebowitz had beaten out an infield hit which ended the frosh scoring.

Fassel's preppers garnered their first run in the opening inning when Dick Wright banged out a triple to score McIntyre, who had singled. In the fifth Cheesebore scored from second when Danner hit a clean single through second base. Taylor hit a home run in the seventh canto to bring the Eugene count to three. In the eighth inning Thunemann took first on an error and scored on Russell's double to center field.

Danner Pitches Well
 Ford Danner pitched five good innings for Fassel's outfit and Hamrickson, Thunemann and Taylor were all called upon to finish the game for Eugene. Goldbar received. A total of seven hits were gained from Brewer, though two were slow infield blows and one home run lit several feet out of the foul line.

The frosh kicked the four prep

Swimming Team Feted at Banquet Given by Phi Sigs

Boushey Tells of Methods Used By Japanese in Effort to Hold Aquatic Title

The 1934 Oregon Webfoot swimming team was feted Tuesday night at a banquet given in their honor at the Phi Sigma Kappa chapter house. Other guests of honor delivered short talks during the evening.

"When they once do a thing they never do it half way," said Earl Boushey, professor of physical education, who answered the question whether Japan can retain her swimming supremacy in the next Olympics. They invited the best swimmers in the United States to their country, and took thousands of feet of film of them in action so that they could study the swimming form and perfect their own swimmers to a higher degree, he said.

"They copied the things we had and did it better than we did. And we can't blame them for copying our style, but our defeat may be attributed to over-confidence."

"Since the World war swimming has risen to national prominence due to the scientific construction of swimming pools, filtration and sterilization of pools and Johnny Weismuller's influence," stated Bill Phipps, sports editor, Oregon Daily Emerald and president of Phi Sigma Kappa. Phipps also pointed out that the Y.M.C.A. was instrumental in the success of swimming throughout the United States, as they have constructed 700 swimming pools.

"Minor sports can be made to feed major sports," remarked Ernesto Knollin, professor of physical education. Knollin was associated for seven years with Ernie Branstein, Stanford coach, who is recognized on the Pacific coast as the "father of swimming and diving on the Pacific coast."

Mike Hoyman, aquatic coach, gave a resume of the present season. Hoyman pointed out that Oregon won five dual meets and lost the Northwest championship to the University of Washington Huskies, whom they had defeated earlier in the season. The Oregon team amassed a grand total of 205 points. Wally Hug, sprint ace, was high scorer, with 43. Oglesby registered 40 and Needham 30.

The following guests attended the banquet: William Angell, Wallace Hug, Floyd Lees, Robert Needham, Francis Oglesby, Ladd Sherman, Jim Reed, Kenneth Mayer, Nason Newport, Hugh Rosson, Ernesto Knollin, Earl Boushey, Russ Cutler, John Zehntbauer, Paul Laferty, Thomas Stoddard, Richard Near, Otto Vonderheide, and Dr. D. C. Standard.

pitchers for 11 hits. Brewer with two homers and Lewis with one homer and two singles shared the frosh hitting honors. Miller and Liebowitz each collected a pair of singles.

A return game is scheduled for next Tuesday, possibly on the Eugene high field.

Mountain Gives Net Squad Drill

With warm weather more than abundant, the varsity netmen, under the able guidance of Tom Mountain, who is the "head man" in the absence of Coach Paul R. Washke, are rapidly rounding into top form.

The next match will be played April 28th, at McMinnville, when the Oregon racqueters tangle with the Linfield courtmen.

Coach Washke, who is now in Cleveland, hopes to be able to join his team at McMinnville before the contest.

The exact lineup for the forthcoming match is at the present time undetermined, however, it is almost a certainty that Tom Mountain, George Economus, Fred Fisher, and Cosgrove LaBarre will be among the ones chosen to pack their duffel bag for the jaunt next weekend.

'Function of Education' Topic to Be Discussed

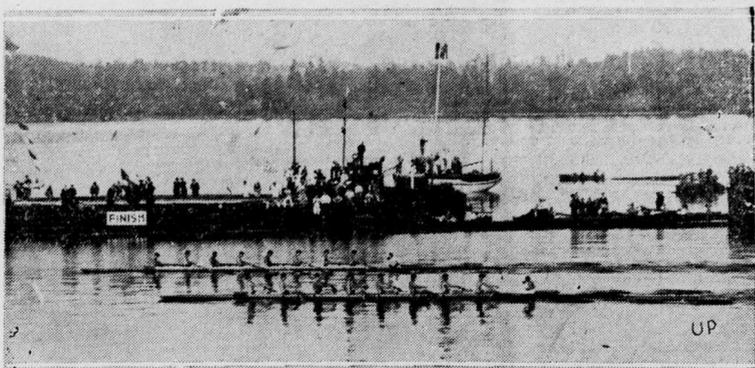

"Function of Education" is the topic to be discussed by Geraldine Hickson and Helen Harriman over KOAC from 8:15 to 8:30 tonight.

The discussion will form the second of a series sponsored by the speech and the extension division of the University. Ray Clapp is manager of the series.

Other discussions to follow will include talks on the sales tax by the men's debate team, county unit school plan by the women's debate squad, and the munitions racket by Howard Ohmart.

The address may be heard every Thursday evening at the same hour.

Washington's Hushies Huskier Than Bears

The University of Washington crew is shown flashing to a three-quarters length victory over the University of California eight on Lake Washington in their annual regatta. The Huskies set a new course record of 16 minutes, 33 seconds in winning the race.

Track Records Due to Crash When Cards and Bears Meet

Rivals Clash Saturday in Forty-First Battle

STANFORD UNIVERSITY, April 17.—(Special)—Not a single one of the fifteen Stanford-California dual meet records may be considered safe when track and field teams of the Cardinals and Bears clash in their forty-first annual battle here next Saturday.

The 1934 renewal of rivalry is scheduled to start at 1:30 with the javelin throw and at 1:45 with the mile run.

Record breaking may start with these two opening events. Kenneth Churchill, California's great spear tosser, holds the present mark at 220 feet 9 inches. John Mottram, Templeton's ace, threw 220 feet 10 7-8 inches a month ago and has lost the Northwest championship to the University of Washington Huskies, whom they had defeated earlier in the season. The Oregon team amassed a grand total of 205 points. Wally Hug, sprint ace, was high scorer, with 43. Oglesby registered 40 and Needham 30.

The following guests attended the banquet: William Angell, Wallace Hug, Floyd Lees, Robert Needham, Francis Oglesby, Ladd Sherman, Jim Reed, Kenneth Mayer, Nason Newport, Hugh Rosson, Ernesto Knollin, Earl Boushey, Russ Cutler, John Zehntbauer, Paul Laferty, Thomas Stoddard, Richard Near, Otto Vonderheide, and Dr. D. C. Standard.

and then turned in a winning effort of 47.8 against U. S. F.

Although Dick Brace of California has a best winning time of 1:57.7 in the half mile, he ran close to 1:55 in taking second to Johnson of Southern California and might threaten Bill Richardson's mark of 1:53.8. The two mile record is held jointly by Coe of Stanford and Mossman of California at 9:38.2. Fowler, California's sophomore ace, ran 9:45.8 in winning easily from the Southern California eight lap men, and has a best mark for the season of 9:39.5.

Both Captain Gus Meier and Sam Klopstock of the Indians have run 14.6 in the high hurdles this year and Meier tied the world's record of 14.2 in winning the N. C. A. A. last spring. Ross Nichols holds this mark at 14.8. Podge Smith's 23.5 in the low stakes appears to be one of the safest records, but with Meier, and Coe of California running 23.8, one or the other may succeed in setting a new mark. John Lyman is almost certain to beat Harlow Rothert's 51 feet 10 3-8 inches in the shot put. Lyman put 52 feet 4 3-4 inches two weeks ago and may do even better.

The late Eric Krenz holds the record in the discus throw at 161 feet 11 1-2 inches and although this is better than Slinger Dunn's best mark, the latter is just hitting his stride and will probably come very close to 160 feet if he does not surpass this distance. Bill Miller and Bud Deacon of Stanford are joint holders of the pole vault record at 13 feet 9 3-4 inches. Deacon has cleared 14 feet 2 3-4 inches

Men's Organizations Should Sign Up Soon For Pingpong Contest

All men's living organizations wishing to enter a team in the Campus YMCA pingpong tournament are requested to get in touch with Hank Robert or Bill Rice at 1001-J as soon as possible. Before calling it is urged that each organization appoint one man to be responsible for the house team.

The winning organization will receive a cup—to be held for one year. The cup is now in the possession of the S.A.E.'s.

es this year and will be pushed by Vantress, Mauger, and Haskell of California who have marks of 13-8, 13-3 1-2, and 13-1, respectively.

Bob King holds the high jump record at 6-5 1-8 which appears to be a little out of the reach of the present crop of jumpers, although Schween and Arthur of Stanford have best marks of 6-4 and Thompson of California has cleared 6-2 1-4 looking capable of going somewhat higher. The broad jump mark of 24 feet 1 1-2 inches is almost certain to fall to Clark of the Bears, who has a best effort of 24 feet 5 3-4 inches this season.

Particularly if the relay decides the meet, the present record of 3:17.8 may go by the boards, although neither quartet has equalled this time to date

Donut Softball Team Ratings Are Listed

Only Unbeaten Nines A.T.O. and S.A.E.

Other League Leads Are Shared; Schedule Is Over Half Through

Today's Softball Schedule

4:00
 Diamond 1—Sigma hall vs. Omega hall.
 Diamond 2—Delta Upsilon vs. Beta Theta Pi.
 Diamond 3—Sigma Alpha Mu vs. Delta Tau Delta.

5:00
 Diamond 1—Sigma Alpha Epsilon vs. Phi Delta Theta.
 Diamond 2—Alpha Tau Omega vs. Phi Gamma Delta.
 Diamond 3—Sigma Nu vs. Sigma Chi.

With eight games played in two donut softball leagues and seven games finished in each of the other divisions, the best nines have started to stand out from their more common brethren. Only two teams, S.A.E. and A.T.O., have straight wins, but there are several clubs who have suffered only one defeat.

Percentages made by the various teams in their three games of play may give some hint as to what teams will be league winners and as to what team will cart off honors on the day of the final play-off, which will be held some time in May.

However, if some of the teams continue upsetting the old dope bucket as they did Tuesday night, the softball championship will be anyone's taffy. Following are the percentages of the various teams:

League I	W.	L.	Pct.
Sigma Chi	2	1	.666
Sigma Nu	2	1	.666
Theta Chi	2	1	.666
Pi Kappa Alpha	2	2	.500
Phi Sigma Kappa	0	3	.000

League II	W.	L.	Pct.
Alpha Tau Omega	3	0	1.000
Yeomen	2	1	.666
Phi Gamma Delta	1	2	.333
Chi Psi	1	2	.333
Phi Kappa Psi	0	3	.000

League III	W.	L.	Pct.
Sigma Alpha Epsilon	3	0	1.000

Athletic Body Refuses Major Swimming Plea

Committee Awards Five Big O's To Mermen, However; Managers Named

Swimming was denied status as a major sport by the athletic committee of the executive council yesterday, although five major swimming awards were given by the group. The committee also made appointments of managers for tennis and swimming and awarded six minor letters to swimmers.

Swimmers receiving major O's were: Jim Reed, Wallace Hugg, Forrest Kerby, Bob Needham, and Francis Oglesby.

Managerial appointments were: Stan Haberlach, varsity tennis manager; John Zehntbauer, senior swimming manager; Will McNutt, Harold March and Suo Ahola, junior swimming managers.

The names of the six minor swimming lettermen were not available but will be published in an early edition of the Emerald.

Women's Athletics

By MARGERY KISSLING

Don't forget to sign up for the intramural golf tournament if you're interested. The card for entrants is posted in the women's gym.

There will be a very important Amphibian meeting tonight in the swimming pool at Gerlinger hall at 7:30.

How about seeing a good turnout this afternoon for archery practice? There's no way to become a good shot like practicing. Even if you haven't been out for any practice before, now's the time to get started.

League IV	W.	L.	Pct.
Alpha hall	2	1	.666
Phi Delta Theta	1	1	.500
Sigma Phi Epsilon	1	2	.333
Kappa Sigma	0	3	.000

League V	W.	L.	Pct.
Sigma Alpha Mu	2	1	.666
Sigma hall	2	1	.666
Beta Theta Pi	1	1	.500
Delta Tau Delta	1	1	.500
Delta Upsilon	1	2	.333
Omega hall	1	2	.333

Joe Cinders OR A SLEUTH ON THE TRACK AND FIELD

A BRIEF peek into the past. Those burley beeves who labor on the gridiron. What a snap they have. The populace gathers, and mutters can be heard—"I don't see how they stand it." . . . "It takes plenty of that intestinal fortitude to tackle a two hundred pounder head on."

A whimsey, we too have lived. Time was when the writer tipped the Fairbanks at 194, cavorted down the gridiron puffing and panting. Now, scaling a mere 168 a thought passes that those days are gone forever.

What sort of fortification does it take to run around a cinder-covered pathway? There can be no seconds of meat and potatoes for the star sprinter and ace two-miler. Maybe Prink Callison did

strike a sound note when he remarked, "But what do they think about when they run around in a circle?"

There is not too much to take one's time, but there is not too much time to take. Then what does Prink's guard think about before he opens a hole for a crunching fullback? There have been mutters heard as far as the third row in the bleachers during a tense moment in a grid classic, "Hey, Hughes! What do I do on this play?"

The two-miler works down to ears and eyebrows so he may cut a few seconds from his time, and give the sport fan the thrill that comes when well-coached and finely conditioned athletes fight their way to the finish of a close race.

"YOU'RE AN OLD SMOOTHIE"

WHAT was it Napoleon said to Wellington after the Iron Duke out-foxed him at Waterloo? "You're an Old Smoothie, Duke!"

"Smoothness is everything . . . in a hooper, a crooner, radio announcer . . . or a cigarette!"

"No doubt the other brands use good tobacco; Napoleon used good ammunition, too. But it's the way tobacco is put together in OLD GOLD . . . that's the rhythm of it! Harmony of throat-ease and grand flavor . . . at least my taste says so."

No better tobacco grows than is used in OLD GOLDS. And they are PURE. (No artificial flavoring)
