**Webfoot Grid Squad Has Excellent Record; Gordon Funny Runner**

CHECKING through the files in the athletic department one finds that the team with the outstanding football record for games played during the past six years, and also for intersectional games, is none other than the University of Oregon.

For that period of six years the Webfoot pikskin busters have lost only one game to northwest teams and have tied two.

It is surprising, but nevertheless true, that the toughest competition has come from 40 miles up the valley. Oregon State has the only football team that has defeated Oregon during that six year period running from 1928 through 1933. Yes, and Oregon State also got one of the two tie games. The other tie game went to the Washington Huskies in 1932.

In intersectional play the University of Oregon has roamed from the sands of Waikiki to the night clubs of Harlem and has some forth almost unscathed. In 1932 it was a trip to the lower Mississippi to play Louisiana State and a victory was registered 12 to 0. In 1931 New York university fell 14 to 6. In 1930 Drake university of Chicago lost 14 to 7. In 1929 Hawaii university came to Portland and lost 7 to 0. In 1928 Oregon went to Hawaii and took the measure of both the Honolulu town team, 13 to 2, and the University of Hawaii, 6 to 0. During that period Florida beat Oregon and North Dakota tied them.

The records for games played with northwest teams is as follows: 1933 Oregon 53, Linfield 0. Oregon 14, Gonzaga 0. Oregon 14, Columbia 7. Oregon 6, Washington 0. Oregon 19, Idaho 0. Oregon 13, O.S.C. 3.

1932 Oregon 26, Pacific 6. Oregon 0, Washington 0. Oregon 32, Idaho 0. Oregon 13, Gonzaga 6. Oregon 12, O.S.C. 6.

1931 Oregon 21, Monmouth 6. Oregon 20, Willamette 0. Oregon 9, Idaho 0. Oregon 13, Washington 0. Oregon 0, O.S.C. 0.

1930 Oregon 20, Pacific 0. Oregon 51, Willamette 0. Oregon 6, Linfield 0. Oregon 7, Washington 0. Oregon 0, Oregon State 15.

1929 Oregon 58, Pacific 0. Oregon 34, Willamette 0. Oregon 34, Idaho 0. Oregon 14, Washington 0. Oregon 16, O.S.C. 0.

1928 Oregon 45, Pacific 0. Oregon 38, Willamette 0. Oregon 27, Washington 0. Oregon 25, Oregon Normal 0. Oregon 12, O.S.C. 0. Oregon 31, Montana 0.

Oregon's funny man running the bases is none other than Joe Gordon. It is not the first dash down the line to first sack, nor the scamper to second base, but it begins

**Frosh Tracksters Gain 63-59 Victory Over Pacific U Team**

**Hardisty, McGaughey, Freeman, Shultz, Lead Scoring; Bruce of Pacific, Takes Three Firsts**

The University of Oregon frosh track team started their season out right yesterday afternoon by taking the Pacific university tracksters down the line at Hayward field, 63-59.

The meet was nip-and-tuck throughout, with the score 59-58 for the Badgers before the final event, the mile relay. In this event the frosh came back to win in 3:35 and cop the meet.

Harry Helmken, freshman, hurled the javelin 172 feet, 5 inches while Chan Berry, his teammate, put the shot 41 feet, 5 inches. Ken Miller, frosh sprinter, came back to win the 220-yard dash by an inch, in :22.4, after losing the 100-yard race.

Bruce, Pacific performer, captured three first places to take scoring honors. Duke Hardisty, Gib Schultz, Short Freeman, and Sam McGaughey divided high point honors for the frosh.

**Races Close**  
 Several of the races were very close. Five minutes were required to settle the winner of the 220. The 440-yard race was left on the books as a tie between Schultz and Freeman, while several minutes were taken to determine Hardisty as second place winner in the mile.

From the marks established in this meet, this year's yearling outfit seems destined to set a mark as the best frosh team at the University in the last few years, and should furnish varsity material for future track teams.

The summary of the meet:  
 100-yard dash—Won by Killits, Pacific; second, Campbell, Pacific; third, Miller, frosh. Time: 10 flat.  
 Mile—Won by Johnson, frosh; second, Hardisty, frosh; third, Moody, Pacific. Time, 4:34.

440-yard dash—Schultz and Freeman, frosh, tied for first; third, Main, Pacific. Time, :52.3.  
 120-yard high hurdles—Won by Bruce, Pacific; second, O'Neill, Pacific; third, Killits, Pacific. Time, :15.1.

to show just a bit on the tour to third. Joe is a good hitter, so good in fact that he sometimes pastes one over the fence and that is the time to save all of your best looks for the run Joe makes from third base to the home plate.

Joe packs just a little too much at the equator and that may account for his antics on the last stretch. He gets there o.k. but his knees go through some peculiar motions. Reinhart thinks that a bit of endurance work would help Joe out a bit, but Joe maintains that it is the modern day trend in automobiles to have knee-action wheels and he says that they are not going to have anything on him.

Word comes from Mr. Duke Wellington, who played center for the Oregon State babes basketball team, that he understands everyone who scores against the babes gets their numerals.

Duke very obligingly tossed the ball into the basket the rooks were defending, and of course the basket was registered as two points for the frosh. When the final gun closed the game, Oregon had won by the margin of two points.

If an award is made for scoring against the rooks, Duke is going to submit his claim to the A. S. U. O. executive council in an effort to get his numerals.

**Oregon Golf Team Serves Beating To Cliffdwellers**

**Captain Don Olsen, Jack Mulder Tour Country Club Course In Brilliant 67**

The Columbia university golf team went down swing before the wellnigh perfect golf of the Webfoot diggers, who triumphed 17 1-2 to 1-2 in the singles matches and 7 1-2 to 1 1-2 in the best ball competition, when the two teams met at the Eugene country club yesterday. The Cliffdwellers were completely outclassed and failed to win a single match.

In the first best ball match of the morning Captain Don Olsen and Jack Mulder of Oregon turned in the finest golf of the day when they toured the difficult country club layout in 67 strokes, to trim Pritchard and Peterson of the opposition 3 to 0. Every member of the Oregon team turned in a brand of golf that was a credit to their young coach, Tom Stoddard. Sawyer, Running, and Plats were the outstanding men for Columbia.

**One Way to Hunt Deer**

Next fall buck fever may be a thing of the past among Oroville, Cal., sportsmen after practicing all spring on these pasteboard bucks in the Feather River Rod and Gun club's running deer shoots. Club members are pictured above with two deer they "bagged" as the bucks sped down a hillside on a pulley and wire arrangement.

**SAE Team Is Defender Of Title**

**Nine Games Will Compose Match; First Tiffs To Close by May 2**

First round schedules of the all-campus Y.M.C.A. pingpong tournament was announced yesterday by Hank Roberts, chairman in charge of the competition.

Sigma Alpha Epsilon, present holder of the cup, will defend their title in the first round against Sigma hall. Little is known yet as to the strength of the defenders' team.

According to the rules announced by Roberts, each organization is to enter a three-man team—each man on the team to play every man on the opposing team, making a total of nine games to a match. The team winning a majority of the nine games wins the match and advances to the second round.

Roberts suggested that each house appoint a man to captain its team, arrange matches, and report results to the Y hut.

The schedule of first-round matches which must be played by May 2, follows:

The way tobacco is cut has a lot to do with the way Chesterfield burns and tastes

There are many different ways of cutting tobacco.

A long time ago, it used to be cut on what was known as a Pease Cutter, but this darkened the tobacco, and it was not uniform.

The cutters today are the most improved, modern, up-to-the-minute type. They cut uniformly, and cut in long shreds.

The tobacco in Chesterfield is cut right—you can judge for yourself how Chesterfields burn and how they taste.

Everything that science knows is used to make Chesterfield the cigarette that's milder... the cigarette that tastes better.
