Telegram: Medo-Land Creamery Company, Eugene, Oregon.

It is a malicious lie stop Of course Acme is made with hops we guarantee that no substitutes are used stop We are large users of hops probably the largest brewer used on the coast and due to fine flavor and aroma of Oregon hops we use a large percentage of them stop This year used more than seventy five thousand pounds Oregon hops for next year have contracted for fifty thousand pounds Oregon hops and will buy more.

Ripe home-grown tobaccos

We begin with the right kinds of mild ripe Domestic tobaccos. Then we age and mellow them like rare wines for flavor and taste.

Aromatic Turkish tobaccos

Next we add just the right kinds and the right amounts of Turkish tobaccos to give Chesterfield the "seasoning" that helps to make them taste better.

Blended and cross-blended

Finally we "weld" these tobaccos together the Chesterfield way—different from any other—to make Chesterfield a milder better-tasting cigarette.
