

Plan now if you expect to attend the St. Mary's-Oregon game in San Francisco on Thanksgiving Day. Low rates are offered.

The University players offer their first production of the year Friday and Saturday nights at the Guild theater.

Resume of Today's News

By Associated Press NOVEMBER 20

COMMITTEE PROBES RUMOR NEW YORK—(AP)—With Major General Smedley D. Butler as its chief witness, the house committee on un-American activities delved today into reports the retired ranking officer of the marine corps had been asked to lead a fascist movement in the United States, with a dictatorship as its aim.

REBELLION IN MEXICO? MEXICO, D. F.—(AP)—Reported rebel activity between Laredo and Monterrey this evening led the capital to recall recent reports that revolution would break out November 20, anniversary of the 1910 rebellion.

A recent proclamation circulated in northern Mexico over the purported signature of General Antonio Villarreal, twice-defeated candidate for the president, called for rebels to rise today to oust the present government and reestablish "true revolutionary principles."

NAVAL "LEAKS" DISCLOSED (Copyright, 1934, by the Associated Press).

WASHINGTON—(AP)—The United States, seeking a better bargaining position with foreign naval powers, was disclosed today to have clamped rigid secrecy restrictions on information concerning new naval developments.

The navy department's move was prompted by word that "leaks" had occurred. At least one world power was known to have refused to cooperate in an exchange of naval data, claiming that it could get all the necessary information through so-called unofficial channels.

FEDERAL SLEUTH ON TRAIL PHILADELPHIA—(AP)—Underworld haunts were watched today for a trace of William Weiss, night life character reported held for \$100,000 ransom.

At Washington the department of justice expressed the belief that his disappearance was an underworld's case. It was announced that J. Edgar Hoover, chief of the division of investigation, is taking personal charge of the hunt.

PANGBORN MAY FLY PACIFIC LOS ANGELES—(AP)—Clyde Pangborn, noted trans-Pacific flyer, may be the navigator on the proposed non-stop flight from Los Angeles to Tokyo, Monty Mason, Los Angeles aviator who will pilot the plane on that hazardous, 6400-mile journey, said today.

DISCUSSION CLASS TO MEET "Proselyting of College Athletics" will be discussed Thursday evening at the Phi Kappa Psi house by the class in the conduct of group discussion.

Earth, Sun Way Behind Rest Of Universe Say Scientists

By F. B. COLTON Associated Press Science Writer CLEVELAND, O., Nov. 20—(AP)—The earth, sun and Milky Way aren't keeping up with the rest of the universe. They are lagging behind in a stagnant "back-water" of space while the rest of the universe expands like a soap bubble at enormous speed.

This "local" section of the universe was thus pictured as a "stick-in-the-mud" last night before the national academy of sciences by Prof. Harlow Shapley, director of Harvard college observatory and world-famous astronomer.

At the same meeting the scientists saw amazing movies, the first ever taken, of a gigantic "solar bomb" or mass of hydrogen gas, thrown out from a sunspot. It was 40,000 miles long and half as wide, an area of 800 million square miles, and moved at a speed of 240 miles a second or 504,000 miles an hour.

While the universe as a whole is believed to be expanding at a speed of 24,000 miles a second, Dr. Shapley said, there are some local

N.Y. Students Burn College Head in Effigy

City College Is Scene of Demonstration

Fists Fly in Melee

Mob Protests Expulsion of 21 Students in October

NEW YORK, Nov. 20—(AP)—After engaging in fistcuffs with police, more than 500 striking City College students today burned the figure of President Frederick E. Robinson in effigy at the base of the campus flagpole.

The cardboard effigy represented Dr. Robinson, who is ill in Mount Sinai hospital, with a second head—that of Premier Mussolini.

The strike broke out after smoldering resentment among certain campus liberal and radical groups in connection with the expulsion a month ago of 21 undergraduates for staging an anti-fascist demonstration during a visit of Italian students.

Police Intervene Fists flew and several persons were knocked down when police attempted to break up the demonstration. It started when Charles Milgrim, an expelled student, began a speech calling for a general strike.

The arrival of Professor George M. Brett, who took Milgrim's place on the improvised rostrum and told the students they could use the stadium ended the fighting. The strikers marching toward the stadium, chanting "oust Robinson" and "reinstatement of the 21 students."

Shouts of "coops of the campus" suddenly broke from the group. Again they began exchanging punches with the officers. The college authorities, to avert a serious disorder, allowed the students to return to the flagpole.

Flag Hoisted The trouble started in the early morning when a black flag appeared atop the flagpole. It was removed by a steeplejack and replaced with the American flag. Finally, the demonstration quietly ended. Three students had been arrested in connection with hanging of the flag.

Dean Morton Gottschall said the police had been summoned by the college authorities who told them they appeared any demonstration except in the stadium. Asked what steps, if any, would be taken to prevent a repetition of the demonstration, the dean said: "Tomorrow is another day, there has been no perceptible effect on attendance at classes."

Senior Pepsters Continue Activity For Health Week

Menu Contest Ends; Cup To Be Presented at Friday Tea

The Senior Pep Patrol continued to invade women's living organizations yesterday as the menu contest sponsored by the W. A. A. for Health Week came to a close. Competition in the sports participation contest begins today when a varied program of activities is offered to campus coeds at Gerlinger hall.

All menus competing for the Alden cup, which is awarded annually to the house submitting the best menu for a week were turned into Gladys Battleson, yesterday noon. The Alden cup will be presented to the winning sorority house at the campus tea on Friday.

A "splash party", under the direction of Amphibian, women's swimming honorary, will be given to the senior Pep Patrol at 4 p. m. this afternoon. An all-campus swim will be held Thursday at 4:30.

A challenge ping pong tournament from 4 to 5:30 every evening will be held on the sun porch of Gerlinger hall. On Thursday an all campus swimming meet will begin at 4:30. Girls wishing to play are urged to sign up on the bulletin board. Of interest will be one challenge game between Dorothy Bergstrom, president of W. A. A. and Miss Florence Alden, professor of physical education.

Alpha Phi and Alpha Omicron Pi, Susan Campbell hall and Kappa Kappa Gamma will meet this afternoon in a volleyball tournament. Basketball will be played following the volleyball game for those wishing to participate.

Forum Group Will Discuss Current Public Questions

Debate Team Members to Broadcast Winter Term Series Over KOAC

William Hall, forensic oratory manager and member of the University debate squad, will open the series of a student forum to be broadcast over KOAC next term with a discussion of the "Uni-Cameral Legislative System." Under this system there is only one house in the state legislature rather than two. Nebraska has adopted the uni-cameral legislative system.

The speech division is sponsoring a series of forums which will be broadcast over KOAC during the winter term each Thursday night at 8:40. Many public questions of current interest will be dealt with during the course of the series. Included in them are old-age insurance, reorganization of county government, public regulation of moving pictures, and others.

Speakers from the University debating teams will present the problems of the various subjects. Participation is also open to other students. Those who are interested should call at the speech division offices, room 10, Friendly hall, to get details.

A manager of the forum will be appointed later. He will automatically become a member of the staff of forensic managers.

Hammond Offers Free Tap Dancing Lessons

Jack Hammond, professional dancer who has appeared in feature numbers at various campus functions during the past two years, is offering free tap dancing lessons this week. Classes will be conducted for both men and women, and any one interested is invited to attend the demonstrations.

Last night women were instructed for one hour free of charge, and next Friday evening from 7 to 8 p. m. men will be given instruction in the art of tap dancing. Hammond's studio is located at 850 E. 14th street.

MRS. PURDIN VISITS

Mrs. Elsie Wilson Purdin, who was employed in the infirmary in 1927 and now lives in Portland, has been visiting here since Friday, Nov. 16. Miss Collahan and Mrs. Purdin spent Tuesday at the latter's home on Fall Creek.

Large Crowd Hears Norris Laud 'Energy'

Talk to Be Given Again at 7:30 Tonight

Queer Devices Used

Sources of Power and Light Are Outlined in Talk

Speaking behind an experiment table loaded with everything from a toy railroad, which performed its tricks in perfect accord with an electric switch, to a ping pong ball bouncing above an air jet, Dr. Will V. Norris, associate professor of physics, told an illustrated story of energy—its source and natural manifestations—last night in Deady hall to a large gathering of students and townspeople.

Because there was not sufficient seating space the same lecture will be repeated tonight at 7:30 in Deady, room 103.

Sun Described Dr. Norris described the sun as the great source of energy to the earth. The electro-magnetic rays radiate from this terrifically hot body, estimated 10,000 degrees Fahrenheit, to the earth and make life possible by its energy-giving processes. The great celestial bodies such as the constellations, nebulae, and especially the moon, which exercises a great gravitational pull, effect us considerably.

Timber, one of our most important resources, is also a result of solar energy. Illustrations Used Like a magician, Dr. Norris manipulated the apparatus on the table to illustrate different theories of energy producing forces. He demonstrated the conversion of heat to electricity, to magnetism and showed how magnetic power derived from heat was capable of holding about ten kilograms of weight. Other experiments included the playing of light on photo-electric cells, and electric energy turned into heat. Radio-electricity, potential and kinetic energy, was also demonstrated. The transference of electrical energy through space was shown by means of a radio set.

Dr. Norris quoted Dr. Howard Clayton Urey of Columbia university who has recently received the Nobel prize in chemistry. "There is not enough energy (natural resources) in the country to keep us going another hundred years if we use it as fast as we did in the twenties. It might almost be better if we didn't get out of the depression."

Plows Work to Clear McKenzie Pass Road

Despite sixteen inches of snow at the summit, the McKenzie pass is open for traffic, say reports from the highway engineer's department. There is snow on the highway two miles above Lost Creek, and travelers are advised to use chains in crossing the pass.

Week-end storms blanketed the regions near the summit, and snow plows were kept busy all day Monday clearing the highway for traffic.

Phi Beta Kappa to Give Report on Senior Six

The Oregon chapter of Phi Beta Kappa, national scholastic honorary, will hold its regular fall business meeting in room 110 Johnson hall at 4:00 today. The membership committee will make its report on its findings for selection of the Senior Six, who are those six students who have received the highest scholastic rating for their three years work.

Campus Calendar

Sigma Delta Chi will have a business meeting in room 104 journalism building at 4 o'clock today.

Junior-Senior Dance directorate will meet today at 5 at the College Side. Important.

Senior Pep Patrol will have pictures taken at 11:50 at Friendly hall.

Freshman commission of the Y.M.C.A. will meet in the Y hut at 8 p. m. today.

Temenids will meet at noon today at College Side.

Military Group Pledges Twelve; Murphy Honored

Formal Initiation Will Be Held Next Term At Ball

Scabbard and Blade, national military honorary, yesterday announced the pledging of twelve cadet officers. Formal pledging was conducted two weeks ago at a banquet at the Sigma Nu house, but the names of the new pledges were not divulged by Burke Tongue, commanding officer of the organization, until yesterday.

The twelve, who will be initiated sometime next term, were Bill Berg, Howard Clark, Jack Granger, Boyce Stanard, Gilbert Wellington, Robert Biddle, Jerry Murphy, Howard Patterson, William Patrick, Stanford Smith, Robert Thomas, and Al Wall.

Col. E. V. D. Murphy, beginning his first year on the campus as commanding officer of the R. O. T. C., was made an honorary member.

Formal initiation will take place next term at the annual military ball.

Who's Who by Howe Names 6 From U. of C.

Six out of the 57 Oregon men named in the "America's Young Men," an official Who's Who among the young men of the nation compiled by Durward Howes, are from the Oregon campus.

C. D. Byrne, educator, O. J. Hollis, professor, W. J. Morse, dean, Arne G. Rae, journalism, R. H. Seashore, educator, and M. T. Stoddard, educator, are the six named in this book, the first authentic, up-to-date reference of its kind to be published. Paul W. Ager, '28, who now is a Tennessee Valley authority in the Muscle Shoals project is also mentioned. This book, to be published annually, is received through the cooperation of various national fraternities, alumnae secretaries, government officials, prominent citizens, and leaders in all walks of life.

Luncheon Groups Will Hold Joint Meet Today

Dill Pickles and Question-marks will wrap themselves around hot coffee and spanish rice this noon when the YMCA luncheon group will entertain the YWCA luncheon club at the Y-hut.

Those boys who eat their lunches regularly at the Y-hut have banded together this year into an official organization entitled the Question Mark club. A similar organization called the Dill Pickle club has existed for some time at the YWCA bungalow.

Plans for regular weekly exchange meals will be discussed. Fred Geiseke is in charge of arrangements.

Phi Delta Phi to Give Banquet at Anchorage

Phi Delta Phi, law honorary, is sponsoring its fall term law school banquet for all law students Thursday evening, December 6 at the Anchorage.

This affair is held once each term, with members of the Lane county bar association and faculty members of the law school as additional guests.

The principal speaker for the evening, announced Kenneth Linklater, chairman, will be James U. Campbell, associate justice of the supreme court of Oregon.

SIGNS POINT TO EXPANSION WASHINGTON—(AP)—Fresh from three directions came signs today of a new drive in congress for monetary expansion, despite still echoing administration assurances there would be "no orgy of inflation."

Back for another session, Senator Wheeler (D., Mont.), announced he would resume his fight for the free coinage of silver at a ratio of not more than 1 to 1 with gold.

Varied Roles Feature Guild Hall Attraction

Many Stars in 'Leave It To Psmith'

Play Is This Week

Peterson, Campbell, and Schloth Take Leads in Comedy

An opportunity to play roles of an unusual type has been offered several students who are cast in the production "Leave it to Psmith," which is to be presented by the dramatic department this Friday and Saturday evening in the Guild theater.

Althea Peterson, formerly the sweet, girlish heroine type, now depicts the shrewish, old spinster—Aunt Ethelberta—who puts up a good fight to get the family heirloom, a diamond necklace, and who takes her loss with no very good grace.

Lizzie Is Crook The part of Smooth Lizzie, the lady crook, who changes from a gutter snipe to a lovely and romantic pseudo poetess, is enacted by Helen Campbell. Heretofore she has played straight roles calling for dignity and depth.

Bill Schloth, who has always been cast before as the romantic lover, with or without lights as the case may be, has the role now of a sneaking crook—a regular tough, flashy Chicago variety.

Testy, blustering Lord Middlewick, gives Bill Dougherty an opportunity to display his talents in a different way than he did as the gentle student in "The Chief Thing" last year.

Reservations for seats are being turned in rapidly. The small admission price of 35 cents for students seems to appeal to a large number of people, according to the present results from the ticket sales.

Representatives Named

Reservation representatives appointed from each house are as follows: Alpha Chi Omega, Elizabeth Bendstrup; Alpha Delta Pi, Rosalind Grey; Alpha Gamma Delta, Lenore Wood; Alpha Omicron Pi, Helen Bartrum; Alpha Xi Delta, Theda Spicer; Beta Phi Alpha, Margaret Corum; Chi Omega, Josephine Waffle; Delta Delta Delta, Jean Stevenson; Delta Gamma, Wanda Russel; Delta Zeta, Lois Margaret Hunt; Gamma Phi Beta, Miriam Henderson; Kappa Alpha Theta, Alice Ann Thomas; Kappa Kappa Gamma, Dagmar Haugen; Phi Mu, Lucy Anne Wendell; Pi Beta Phi, Maryline New; Sigma Kappa, Roberta Pickard; Zeta Tau Alpha, Ethel James; women's dormitories, Valborg Anderson.

Reservations can be made through these representatives, who in turn, will phone them in to the box office.

Law Honorary to Give Banquet at Anchorage

Phi Delta Phi, law honorary, is sponsoring its fall term law school banquet for all law students Thursday evening, December 6 at the Anchorage.

This affair is held once each term, with members of the Lane county bar association and faculty members of the law school as additional guests.

The principal speaker for the evening, announced Kenneth Linklater, chairman, will be James U. Campbell, associate justice of the supreme court of Oregon.

SIGNS POINT TO EXPANSION WASHINGTON—(AP)—Fresh from three directions came signs today of a new drive in congress for monetary expansion, despite still echoing administration assurances there would be "no orgy of inflation."

Back for another session, Senator Wheeler (D., Mont.), announced he would resume his fight for the free coinage of silver at a ratio of not more than 1 to 1 with gold.

S. P. Offers Low Round Trip Fare To St. Mary's Tilt

Party of Fifteen or More May Secure Reduced Rates

Special round trip railroad fares will be available for all those wishing to make the trip to San Francisco for the St. Mary's game on Thanksgiving day. In event that a party of 15 or more can be organized, the Southern Pacific company quotes the following rates: Round trip, 13.75, sleep, \$5. If a hundred or more make the trip, the round trip ticket will cost \$12.50, while the berth will be \$4 additional.

In order to take advantage of these party fares it would be necessary for the required number to use the same train on the going trip, but could return on any train within seven days. The return trips could be made individually.

The "Klamath," leaving Eugene at 12:15 p. m., Wednesday, 24th, arrives in San Francisco at 10:12 a. m., Thanksgiving day, just before the game that afternoon. Return trains leave San Francisco at 6:20 p. m. any day, arriving in Eugene at 12:15 the next afternoon.

All those intending to go to the St. Mary's game by train should get in touch with Venita Brous at the Alpha Chi Omega house, or phone 1307. A party of at least fifteen persons must be made up in order to secure the reduced rates.

Labor, NRA Head, Bankers All Unite To Aid Recovery

Green Appeals to Working Men to Back Federal Housing Plan

WASHINGTON, Nov. 20—(AP)—To the growing cooperative drive for economic recovery tonight was added a group of conservative critical bankers, the leadership of NRA and—finally—labor.

William Green, president of the American Federation of Labor, appealed to working men everywhere to get behind the administration's housing plan, which had been enthusiastically endorsed by the business men leading the move for a harmonious working relationship with the administration.

Coincidentally, the federal advisory council—twelve bankers chosen to advise the federal reserve board but frequently at loggerheads with it—pledged their support to the board and its new governor, Marriner S. Eccles.

Phi Mu Alpha Extends Invitation to Musicians

All men on the campus interested in music are invited to attend an informal meeting at the music building auditorium Thursday evening at 7:30 under the sponsorship of Phi Mu Alpha, men's national music fraternity, according to John F. Gribble, president of the group.

Musical entertainment will feature numbers by members of the organization, and after the program refreshments will be served in the lounge. The purpose of the gathering is to "get acquainted," Gribble announced.

World Armaments Increase As Diplomats Study Problems

HOW best to curb man's power to deal out death preoccupied diplomats and disarmament experts of the world Tuesday. Simultaneously, there were moves to increase armaments.

Geneva—Hugh R. Wilson put President Roosevelt's plan to control arms by licenses and publicity before the disarmament conference's steering committee, as Austria asked arms equality denied her by peace treaties.

London—American, British and Japanese naval negotiators, seeking new ways to limit ships of war, were deadlocked over Japan's demand for naval equality. It was reported Britain, in negotiations on the side, asked Japan to guarantee

AWS Proposes 3 Amendments to Constitution

Student Body Cards to Be Required at Polls

Voting to Be Friday

Issues Are Elections' Date, Executive Council, Membership

Three amendments to the A. W. S. constitution dealing with time of elections, members of executive council and membership in A.W.S., have been proposed by the executive council of the associated women students, and will be voted on Friday, November 23, from 9 a. m. to 5 p. m. in front of the old library.

The executive council of A.W.S. consists of the following members: president, vice-president, secretary, treasurer, sergeant-at-arms, reporter, president of Y.W.C.A., president of W.A.A., president of Phi Theta Upsilon, president of heads of houses, chairmen of three standing committees, and the dean of women of the University of Oregon.

Proposals Listed The amendments to be voted upon are: Article IV, Section 3, Clause 3: present statement, time of elections: elections shall be held the week following the nominating assembly. Correction, time of elections: elections shall be held on the second day following the nominating assembly.

Article II, Section 2: present statement, members of the executive council: the chairman of the following three standing committees: Big Sister Foreign Scholar, and Peter's Lodge. Correction, members of the executive council: the chairman of the following standing committees: Activities, Big Sister, Peter's Lodge, Speakers, Kwama and Thespian, and Orientation Courses. Addition to Section 2: All students must have made a "C" average the term before entering associated women students' activities and maintain this average or resign.

Article II, Section 1: present statement, membership: the associated women students include all women students and the dean of women of the University of Oregon. Correction, membership: the associated women students shall include all women students holding student body membership cards, and the dean of women of the University.

Two-Thirds Vote Needed In order to vote, all women students will take their students body tickets with them to the polls. All women holding tickets are urged to cast their votes in order that every member's approval or disapproval can be heard.

Two-thirds of all votes cast must be affirmative in order that the proposed amendments will pass. Elaine Comish, sergeant-at-arms of A.W.S., is in charge of the voting.

China's integrity. Paris—Told Germany is arming to the teeth, France increased her war budget 800,000,000 francs (approximately \$53,000,000).

Yokohama, Japan—The new 8,500-ton cruiser Suzuya was launched as the keel of the first of two projected 10,000-ton aircraft carriers were laid at Kure.

La Paz, Bolivia—Bolivia, beaten in the Pilcomayo sector of the Chaco Boreal, claimed the capture of the Paraguayan fort Ft. Cuiba to the north as the two South American nations, heedless of efforts to end hostilities, continued their long bitter war.

ASUNCION—Paraguay flatly refused the League's proposal to halt the warfare.
