Frosh Ace Captures Show at Exhibition; Is Grayson Good? By Jack Gilligan

Credit goes where it is due, and for this reason we say that Dale Lasselle, Duckling backfield ace of last year's squad, completely stole yesterday's show at the practice field by his pretty show of brilliant running and passing, that left the spectators with mouths gaping wide in amazement.

Skirting the ends with an ease that brought back haunts of "The Flying Dutchman," the frosh ace shot around ends with the deception and speed of The Cascade going through Springfield. Carrying a pair of free-wheeling hips, Mister Lasselle shifted his field with the grandest of ease, and made some of the "Green" players look mighty bad.

The only thing that the freshman lacks right now is weight. He tried cracking the middle of the line several times, and even if he was good for several gains, he wasn't quite big enough to keep this up all afternoon. If Callison can put a hard-charging line in front of the yearling, it will be hard stopping him. Carrying along in addition to his hard running attack, Lasselle was heaving passes on the run, to the exact spot to the receiver. Enuf on him.

Portland's Bobby Grayson might have been elected to All-American heights but we doubt the honor done to him.

An average fullback should be provided with three weapons; he should be able to kick, pass the ball, and hit the line. Could Grayson do any of these? Going over the past season, he was provided with one of these, and then he wasn't the topnotcher in this phase of work. He could hit the line, but how hard? The only time that northern fans caught a glimpse of their seasonal idol was in the Oregon-Stanford tussle. Pulling into town with plenty of publicity, Grayson was temporarily on the shelf with an abscessed leg, an injury sustained in the Santa Clara game. It is true that Grayson wasn't at his best form in this contest, but nevertheless played rather well.

Coming back, we ask you the following questions and let you submit your own personal answers, as it Grayson that did the kicking for the Indians? No, it was Frank Alustiza. Was it Grayson who did all of the passing? No. The foremost reason for the success of the Stanford passing attack was due to the steady passing arm of "Bones" Hamilton. Hence, we arrive at the conclusion that Grayson was the

# Track Team Selected for Oregon State Relay Carnival

## Champions Outscore Bearcat Nine, 7 to 5 Tracksters Show Speed in Tryouts For Beaver Relays

### Diamonders Celebrate Day For Reinhart

### Koch's 10th Inning Hit Brings Victory to Champions

SALEM, Ore., April 20.—(AP)—Ray Koch's single in the tenth inning brought Clausen home for the winning run and Koch circled the bases on a comedy of errors, to give the University of Oregon baseball team a 7 to 5 victory over Willamette university here today. The victory made good "Bill" Reinhart's promise to take the Bearcats to the cleaners as a finishing touch to the ceremonies staged in his honor today, the last appearance of Reinhart with one of his teams in Salem, which was his boyhood home.

The Webfoots collected five hits and five runs in the first two innings and then were held to one hit for the next seven innings as Don Burch, Bearcat right hander, turned on the heat.

Willamette scored two runs in the third and two more in the fifth, then tied the score in the ninth when Al Heuman brought Oravec in with a single. L. H. Gregory, Oregonian sports editor, pitched to Rufus Holman, state treasurer, with Secretary of Mayor V. E. Kuhn umpiring, to open the game. Holman hit a foul ball down the third base line. The Bearcats and Webfoots will meet again tomorrow at Eugene.

R. H. E. Oregon ..... 7 8 4 Willamette ..... 5 8 5 McFadden and Vail; Burch and Mills. The University of Oregon baseball team, victorious in three of five starts this spring, will close its 1935 pre-conference playing synthetic idol of sport writers. (We expect to catch a lot of comment on this.) Here's wishing that the Duck ball team work their hardest and catch for Billy Reinhart another Northwest baseball championship, and send him out of here with a blaze of glory. Reinhart has taught his men all that he knows of the old and ancient game of "first up," and now it remains on the players themselves. To date, the horseholders haven't quite found themselves, by playing rather erratic ball in the past but expect that they will settle down before the conference opens next Friday against the Beavers.

### Feted

Coach Bill Reinhart, whose ball-hawks brought home a Bearcat scalp to celebrate Reinhart day as he made his final appearance with a Reinhart-coached team in his home town.

The Bearcats will come to Eugene with one of the finest nines ever turned out by Spec Keene. Their bid for infield fame consists of Manning at first base; Johnny Oravec, grid luminary, whose home is in New Jersey; Harriman, short; and Bear, third. Harriman, whose home is in New Jersey, is considered one of the prize collegiate prospects in Northwest diamond circles.

Herb Foulk, a sophomore transfer from Oregon Normal school, will face the Bearcats in the initial game. He is a right-hander. John Thomas, who played behind the bat on last year's frosh team, will draw the catching assignment to complete a sophomore battery.

Earl Bucknum, junior, will draw the job of stopping the Salemites in the nightcap, with Mickey Vail handling the backstopping duties. The Willamette battery has not been announced.

### 'Greens' Win 12-0 Contest From 'Blues'

### Back Stars in Football Spring Preview Contest

### Two Touchdowns Scored In Last Period

The "Blues" outplayed the "Greens" throughout exactly three and one-half quarters of yesterday's game, first in the weekly series of preview showings of the 1935 Webfoot grid team, but in the final five minutes of play the Greens nullified all earlier Blue excessive yardage by staging a last-period rally that netted them two touchdowns and a 12 to 0 victory over their "teammate" opponents.

A 50-yard trot by Walter Back was responsible for the first score, while a 30 yard run by Winfred Pepper after a pass interception paved the way for the second touchdown.

Although the Blues, using a varied assortment of plays which they executed in fine style, counted considerable yardage and outnumbered the Greenshirts in first downs and yard gained, the two fine plays by Back and Pepper were enough to overcome any margin established by the Blueners.

Back Stars Back's brilliant run came in the last quarter after half of the final ten-minute period had been completed. The Platinum-cropped former San Mateo jaysee youth, who was one of the individual stars of the contest, grabbed the ball on the fifty yard line, plunged through his own left tackle, and aided by some fine interference, dodged several opponents and trotted half the length of the field to the first score of the game that (Please turn to page four)

### Swim Stars, Reed and Hug, Hold Seaside Beach Mark

Jim Reed and Wally Hug, the two stalwart Webfoot lads who swim—and no one can deny their ability—received word from Seaside the other day that they will again be busy on the coast, guarding the lives of those who either can't swim or think they swim better than they do.

### Coach Says Performance Fair; Scharpf, Shoemake, McGaughy Steal Show

Burning up the track in mid-season form, Oregon track aspirants yesterday raced each other to see who would make the Duck team that meets Oregon State April 27 in the annual relay meet. Col. Bill Hayward, head man of the cinder-burners, expressed himself as fairly well satisfied with the showings made by his men yesterday.

Several exceptionally fast times were turned in during the tryouts. Bud Shoemake, George Scharpf, and Sam McGaughy were the individual stars of the intersquad encounter. Shoemake ran the 110 yard route in the fine time of .10.8 seconds; Scharpf negotiated the half-mile in 1:58.7; and McGaughy beat out Capt. Bob Wagner in the mile run to break the tape in 4 minutes, 30 seconds. These times are considered very good for this early in the season.

Team Is Picked The cinder squad that will go to Corvallis next Saturday in quest of the relay title will consist of the following men: 440 yard relay—Shoemake, Hopson, Miller, Patterson, with Parke as alternate; sprint medley—Shoemake, Hopson, Freeman, and Patterson; 4 mile relay—Wagner, McGaughy, Johnson, Bryan; 440 yard shuttle relay—Nowland, Lacey, Newlands, and Holloway, with Lindgren as alternate; mile relay—Patterson, Freeman, Schultz.

Gambee, and Gunderson as alternate; distance medley—Shoemake, Scharpf, Wagner or McGaughy, and one quarter-miler; half-mile relay—composed of 220 yard men yet to be named by Hayward; two mile relay—Scharpf, Sprague, Wentz, and one mile. In the first race of the afternoon Shoemake and Hopson fought it out most of the way, with Shoemake winning by two yards. In the frosh 110 yard event which followed, Reg Brady took the lead at the start and was never headed to own the event in :11.2. Forbes was second, and Clyde Walker, shot putter and discus star from Washington high, third.

McGaughy Wins The big surprise of the afternoon came in the mile run and saw Sam Gaughy take the lead from Bob Wagner, northwest two-mile champ, on the second lap and never give up his advantage, winning by about 10 yards. In the frosh mile, Hill romped away from the field to win in 4:47 flat. Hampered by the cross wind, Fred Nowland found some difficulty in negotiating the high barriers, and broke the tape in :15.4, followed closely by Milo Lacey, Bob Newlands and John Holloway finished in a tie for third.

The quarter mile saw Howie Patterson, "Short" Freeman, and Gib Schultz pitted against each other in the battle for first place. Freeman started fast but slowed perceptibly on the second curve. Patterson took the lead and held it all the way home, although he was hard pressed at one time by Schultz who also passed Freeman. Patterson's time in this event was :52.1.

Scharpf Takes Half The half mile test was a walk-away for machine-like George Scharpf who finished strongly without seeming even tired. He was followed by Sprague, Nelson, Granger, and Wentz. Nelson and Granger are both frosh. The time was 1:58.7.

No 220 yard test was run off, as Col Hayward decided to pick his furling gallopers from the sprint winners. The relays will be held in Corvallis next Saturday, and will consist of the eight events listed above. The 1934 meet ended in a tie, with both Oregon and Oregon State winning four events. The Beavers won the 1933 meet by a score of 5 to 3.

## PATRONAGE OUT OF POLITICS

WILLIAM SCHLOTH has a plan that is intended to remedy the extant evil that exists in the present policy of choosing student body officers—an evil which is embodied in the extensive patronage power now given the president of the Associated Students. In addition this plan will establish a broader and more equitable distribution of positions among students of the University of Oregon who want and should have a part in the activities and benefits accompanying a student government.

The plan briefly is this:

The power of appointment of all chairmen and members of committees, now appointed by the president of the Associated Students, will be placed in the hands of a committee of students to be appointed by the executive council. The committee shall be representative of the interests of the various groups of students on the University of Oregon campus.

The membership shall consist of:

- The president of the Associated Students, chairman.
- The vice-president of the Associated Students.
- The secretary of the Associated Students.
- A representative of the inter-fraternity council, to be appointed by the executive council of the Associated Students.
- A representative of the "heads of houses," similarly appointed.
- One representative of the unaffiliated men, to be appointed by the executive council.
- One representative of the unaffiliated women, similarly appointed.
- The Dean of Men.
- The Dean of Women.

The appointment of sub-committees will be left in the hands of this committee, which will have the power to adopt regulations as regards these committees as it sees fit.

Of even more far-reaching benefit, under this plan, is this provision: Any student desiring to participate in student activities may submit at the Associated Student offices an application signifying his intentions. Such applications will be considered by the committee in making its appointments. This plan will enable students in every corner of the campus to fulfill their desires for participation in student activities, and is motivated by a desire to place a CONSTRUCTIVE IDEA before the student body of the University of Oregon.
