Queen Mary to Lead Grand March, Rein Over Prom Tonight

Awarding of Prize Cups Features Juniors' Gay Affair

Dance Is Informal

Balcony Seats Reserved for Visiting Mothers

Tonight is the Junior Prom! All preparations for the dance by the royal party, grand march, and the awarding of the four most highly prized cups in the University have been completed, and McArthur court adorned with spring blossoms of all varieties provides a colorful background for Queen Mary's ascension to the throne.

The grand march headed by Queen Mary and the princesses will start at 10:30 after which the queen will be escorted to her throne by Edmond Labbe, junior class president. Following this ceremony the Gerlinger, Koyl, and two scholarship cups will be presented.

Dress to Be Informal

The traditional attire of tuxedos and formal has been changed this year, and the men can don light suits or tuxedos, and the women will have an opportunity to display their latest long spring informals.

"A large section in the balcony on the west side of McArthur court has been reserved for all visiting mothers who care to attend the dance," Cosgrove LaBarre, general chairman, said last night. Every coed will be certain of one more attractive program to hang at the top of the long string on her wall, Reva Hems, chairman stated. The Prom programs will have the "Melody in Spring" cut in black on a light-blue suede background.

Complimentary Tickets

A free ticket to the dance may be obtained by any student who sells 25, according to Tom Holman, chairman. Tickets, which are \$1, may be obtained from any of the representatives in the men's living organizations or from the Co-op.

Jim Emmett's "Ten Commandments" will furnish the music.

Senior Class Still Without President Pending Decision

Renner Declares Action Rests With Labbe

With Edmond Labbe, this year's junior class president, still absent from the campus yesterday on his jaunt to Seattle with the Webfoot golf team, questions as to who will head next year's senior class remained unanswered today.

Joseph Renner, student body president, said yesterday that action on the matter as to who will take the place of Tom McCall, top man in balloting who was ruled not elected by the judiciary committee this week because of his write-in election, will have to be taken by Labbe, who, as junior class president, was in charge of the election.

Eade Backers Protest

Campus political leaders were still of the opinion that Grant Eade, who lost to McCall in the election by some 20 votes, would automatically succeed to the office. Labbe is expected to refer the question to the judiciary committee for an official ruling. Should Eade not automatically succeed to the office a special election may be necessary.

Labbe was expected to return some time last night and may take action on the matter today.

Wesleyans Plan Mother's Day Tea

A tea in honor of Oregon mothers will be given by the Wesley club at the First Methodist church on Sunday afternoon from 5 to 6:30 p. m.

A special service and program has been arranged for the benefit of all visiting mothers. General chairman for the tea is Grace Martin. Others will be Aleta Kienzle, food; Mary Field, program; Beatrice Campbell, invitations; Margaret Spicer, decorations; Wilma Warner, serving; Theda Spicer, hostesses; and Mary Seely, cleanup.

In the receiving line will be Charles Paddock, president of the Wesley club, Dorothy Nyland, director of the Wesley Foundation, Mrs. C. G. Howard and Reverend and Mrs. Cecil Ristow of the First Methodist church.

Half of Signatures Secured in Drive

With the required number of names in sight the student relief committee met last night to plan the remaining campaign in Lane County. A second thousand names will be filed with County Clerk W. B. Dillard Saturday. The Portland committee has filed 2200 names and has 500 more on hand. These names will bring the total turning in, checked and verified to over 5000, approximately half of the required total. June 9 is the deadline for referendum signatures.

When President Renner turns the gavel over to Blais, his action will culminate an extremely active reign. Robert Cathey To Announce For Pageant

Smooth Voice Wins Post Behind Microphone For Junior Man

Robert Cathey, the junior man with the smooth, rich voice, that will blend in perfectly with the soft strains of the orchestra tonight as he tells the imaginative story embodied in the idea of each float, was chosen master of ceremonies at the tryouts last night.

Five men tried for the coveted place behind the microphone: Frank Levings, Earl Bucknum, William Marsh, Harlow Thompson, and Robert Cathey. Each aspirant was given several chances in order to give the judges a fair basis for their decision, but the superior quality of Cathey's tones and delivery won him the position.

Has Radio Experience

Cathey has had several years of experience in radio work and his voice has the dramatic quality that training in drama has given it. He is a transfer from Whitman college where he was prominent in school activities.

Richard Watkins is author of the continuity that will introduce each float and weave the fanciful tale that surrounds it.

University May Send 2 Delegates To Youth Meeting

Group to Confer in August In Philippines

The University has been invited to send two delegates to a Pacific area student conference given by the Pacific Area Council of the World Council of Youth. The conference will be held at Baguio, in the Philippine Islands, from July 30 to August 6. Students interested in such a trip should see either Dr. V. P. Morris, chairman of the International Relations committee or Karl W. Onthank, dean of personnel.

On the theory that the problems of the world are not solved by adults, the conference offers training for youth, who will have to solve world problems. Through seeing how people in other parts of the world live and think, there shall be opened up a new experimental attitude toward the relations between men.

Round tables will be held at the conference which will discuss problems of race, sociology and religion; of civic, political, and economic affairs, and problems of education and student exchange.
