## The Football Team That Wouldn't Ouit

Last Saturday afternoon in the Los Angeles Coliseum, 34,000 football fans watched the UCLA Bruins beat the Oregon Webfoots. But these fans were also spectators at a contest that presented a beaten but dogged, and courageous group of men that played sixty minutes of football as hard as they could.

Under a sun that coaxed the mercury up to the 90 mark, and under the stigma of injury, the University of Oregon chased an illusive all-American cinch, Charles Cheshire, who capered like a foxterrier in quest of beach birds. They didn't catch him.

But in the last quarter, three times the University of Oregon took Californians from their seats. Three times the Webfoots defied sun, fatigue, and the shadow of defeat and plowed their weary way toward the Bruin goal line. Once they scored.

This was a football team that wouldn't give up, that is ours and that we admire and will support.
