Oregon Law School Profs Are Honored

Morse, Hollis Win Bar Appointments; Dean's Report Asks Legal Education Reform

By SIGNE RASMUSSEN
Wayne L. Morse, dean of the law school, and Professor Orlando J. Hollis have just received notification of their appointment for the year 1935-36 on committees of the Oregon State Bar association. Dean Morse was appointed a member of the committee on legal education and admission to the bar; and Professor Hollis to membership on the public relations committee.

Dean Morse's appointment came following extensive consideration being given his views on legal education by the bar association. A report of his says that the law schools of the states should be responsible to the board of governors, and that the bar itself "should be the controlling factor in determining the law school policies in any state."

Dean Morse is quoted at length in the annual report of the committee on legal education and admission to the bar and states:

"I recognize that such a change cannot come over night, but I hope . . . in the course of a few years the board of governors of the Oregon state Bar association, with the board of bar examiners serving as a sub-committee will be responsible in the main for the standards and policies of legal education in the state . . . The American Medical association is a real force in determining the policies of medical schools, and until the legal profession does something similar, I am satisfied that little improvement can be expected from boards of higher education, trustees, and other governing bodies of institutions of higher learning in which law schools are located."

Permanent organization was moved to work with the ministerial association on future Armistice day programs.

Charles Paddock, S. Stephenson, Dean Eric W. Allen, Private William J. Stone, and Mrs. George P. Winchell were principal speakers. The united front of the pacifists represented the Student Christian council, the American League Against War and Fascism, the National Council for the Prevention of War, the Women's City club, the National Student League, and the Student League for Industrial Democracy.

Nash, Paulsen Are Junior Finance Office Nominees; New ASUO Council Post Possible

By LLOYD TUPLING
Following a busy homecoming weekend, interest in the election of junior finance officer and voting on the question of independent executive position has lain dormant. Political big guns are expected to lay a heavy barrage before the polls open Friday, November 15, in the "Y" hut.

Nash, Paulsen, nominees.

Frank Nash and Kermit Paulsen, nominated last Friday, are the only aspirants for the junior finance job. This office is the only two year position in the executive council; the junior finance officer being promoted to senior office at the end of the school year.

Interest toward the creation of an independent position on the executive council was started several years ago but not until last spring did it carry enough momentum to warrant organization. Early this fall a petition was released among independents and was soon signed by the quota of associated student members.

Amendment Called for

The petition calls for the amendment of two ASUO constitution sections; that Article 3 be amended as follows: "That an elective office known as the independent executive position shall be created. This officer shall be in attendance at least four terms in the University; he shall not be a member, pledge, or associate member of any living organization during his term of office. The first shall be appointed by the executive council and thereafter to be elected at the regular election."

Article 5 Included

And that Article 5 be amended as follows: "The Independent Executive officer shall be a member of the executive council, and will carry out duties delegated to him by that body."

Both these amendments and the nominees for junior finance officer will be on the ballot next Friday. An election board will be announced by James Blais, student body president, on Wednesday.

Snow May Close McKenzie Pass

While rain streamed from the skies on the campus snow was swiftly piling up on the McKenzie pass highway and last night indications pointed to the closing of the road soon if the present storm continues.

Several parties of students spent Armistice day in the summit area participating in the first of winter sports. Yesterday four cars were said to be stalled in the deep drifts and several inches of new snow had fallen.

Forest rangers asked last night that travelers would abandon the pass route to Eastern Oregon for the winter as a great risk is taken in crossing the pass.
