

Scene for Frosh Glee Unusual

McArthur Court Will Take On Oriental Appearance For Yearling Dance

Cherry blossoms — Fujiyama — Japanese pagodas — all these will transform McArthur court into an authentic scene of Japan in the spring for Frosh Glee, April 11, Felker Morris, decorations chairman, revealed yesterday.

Authenticity of the scenery is the claim of Jack Lochridge, assistant glee chairman. Dr. Jiro Harada, professor of Japanese art and culture, aided Miss Morris and Lochridge in planning the decorations.

Before he left for California, Dr. Harada loaned many Japanese prints, kimonos, and statues to the committee. These will be combined in a new type of decorating planned by Sam Fort, which will not necessitate the use of canopies in the Igloo.

The new idea in decorations has added to the amount of work required, because of the hundreds of small pieces that will be used. Due to this Fort has been busy for the past month constructing the decorations. Varied colored streamers, intermingled with Japanese lanterns, will be hung over the dance floor, and Japanese scenery will line the walls.

Light Opera Set For Auditorium

"Princess Ida," light opera by Gilbert and Sullivan, is to be presented by the University high school glee club in a premier performance April 20-21, in the University music school auditorium.

The production is under the direction of Anne Landsbury Beck and Kenneth Roduner. Reserved seat tickets may be obtained now by calling Mrs. Beck at the music school.

Hunter Attends Corvallis Banquet

Chancellor Frederick M. Hunter was in Corvallis last night attending a banquet sponsored by the chamber of commerce there.

The banquet, held at the Benton hotel at 6:30, was in honor of the state's Olympic-contender basketball team as well as for the Corvallis high school team, champions of the state, and Bellfountain high school's team, B league champion of the state.

Dr. Cressman Back From San Francisco

Dr. L. S. Cressman, anthropologist, returned Monday morning from San Francisco, where he attended the meetings of the Social Science Research Council of the Pacific Coast and of the Social Science conference.

Dr. Cressman gave a report in one of the opening sessions of the conference upon "Establishment of the National Origins Regulating Immigration and Quotas Made Under That System."

Dr. Dillehunt Heads Committee

Dr. Richard E. Dillehunt, dean of the University of Oregon medical school in Portland, was chosen to be chairman of a committee, appointed March 28 by Governor Martin to advise the next legislature in regard to improving the care of the insane and delinquent.

The medical school dean saw value in the establishment of a \$150,000 psychopathic teaching hospital in conjunction with the medical school. Governor Martin advised a plan for a \$12,000 appropriation to extend child guidance work over the state.

Dean James H. Gilbert of the University school of social science, in commenting upon the situation, said that Dillehunt was a "wise choice, for he is not only eminent as a doctor, but an able administrator as well.

"Under present state of public opinion," Dean Gilbert went on, "there's nothing to do except take care of the delinquent and feeble-minded even though it calls for sacrifices on our part."

M. H. Douglass in Portland for Libe

M. H. Douglass, librarian, was in Portland yesterday on business in connection with plans for the new library.

Mr. and Mrs. R. H. Lyman, who are traveling with the Pomona College Women's glee club, accompanied Mr. Douglass to Portland. Dr. Edward A. Steiner, speaker at the assembly this morning, will return with Mr. Douglass.

Dr. Hall's Article In National Journal

An article upon "Intercorrelation of Measures of Human Learning," by Dr. Calvin S. Hall of the psychology department was published in the March issue of The Psychological Review, monthly psychological journal.

In this study Dr. Hall points out the differences in measures of human learning due to previous experience, mood, ability, and several other factors. He shows how these must be correlated to obtain a uniform standard of measurement.

Caswell, Norris Attend State Meeting

A. E. Caswell and W. V. Norris, professors of physics, attended a meeting of the Oregon chapter of the "American Association of Physics Teachers" held at Linfield college Saturday.

The meeting, attended by professors from the colleges in Oregon, was devoted to discussions of the problems confronting physics teachers and dealt with the best solution of these problems.

Off-Postponed Dime Crawl April 1

Sororities Make Bids for Most Guests, Coins, in Evening's Dancing

The Dime Crawl, having been crossed off the social calendar last term with numerous other events due to the social ban, has revived itself this term and will be held Wednesday, April 1, from 6:30 to 8:00.

A meeting was held yesterday afternoon of the directorates, of which Toni Lucas is chairman, and campaigns are going into effect immediately.

All girls are after that coveted first place, but the only way they can gain it is by having the most guests during the short hour and a half allotted to the Dime Crawl. All "yesses" which are obtained will be taken quite seriously, April Fool's Day, or not, because some competitor is sure to be victorious.

Former Student Writes First Novel

A former Oregon student, Sophus Keith Winther, has just recently published his first novel, "Take All to Nebraska," a story of an immigrant family and their life in Nebraska in the early days.

Winther was brought up on a Nebraska farm and is said by reviewers to catch the "atmosphere of the wide open spaces." He took his undergraduate work at Oregon and then went to the University of Washington at Seattle to take his doctor's degree. He has been a professor of English there since 1927.

CCC Boys Compete For Scholarships

Members of the Medford CCC district have been given permission to compete with other students for 125 state scholarships at the University of Oregon, Oregon State, and the Oregon normal schools.

Although not all of the CCC boys taking educational work at the camps are eligible for college, those who are will be given full consideration in the awarding of the scholarships. Highest ratings in scholastic work and camp life will aid those competing.

Subscription rates \$2.50 a year.

War Lord Grim

Hard-bitten and austere, typifying the iron discipline of the Reich's armies, Gen. Werner von Blomberg, Germany's minister of war, is shown here as he took a holiday from his duties in Berlin to watch the Olympic games.

National Officer Honored by ADPIs

Alpha Delta Pi honored their national officer, Mrs. Joseph B. Hubbard, who arrived Monday, March 30, from Boston, with a faculty dinner held at the chapter house Monday evening. Mrs. Hubbard will leave for the chapters at Corvallis and Seattle Tuesday, March 31.

Guests present at the dinner were Mr. and Mrs. Orlando J. Hollis, Dean and Mrs. James Gilbert, Mrs. Alice B. Macduff, Mr. and Mrs. Earl Pallett, Dr. and Mrs. O. R. Guillon, Mr. and Mrs. Claude Potter and the housemother, Mrs. Lucy Perkins.

Education Profs To Go to Spokane

Three members of the school of education, instead of four, as planned, will go to Spokane to speak at the annual convention of the Inland Empire association, to be held March 8, 9, and 10. Dr. R. L. Stetson, Dean J. R. Jewell, and Dr. Nelson L. Bossing will go. Dr. R. W. Leighton, who was to deliver three speeches, will be unable to attend because of ill health.

Dr. Stetson, who is director of research for the Northwest association which meets in Spokane shortly before the Inland Empire convention, will leave Tuesday, March 31. He will address the science section on "Progress in Orienting Science at the Secondary Level."

Dean J. R. Jewell will give an address before a general assembly entitled "The Place of Adult Education in the General Education Program," advocating that it be made a part of the public school system rather than a separate function.

Students Lack

(Continued from page one) made conscious of the value of an early start in forming a library.

"The most logical place for students to start accumulating books is in school. But they excuse themselves with the reflexive promise that they will wait until they are making good money before starting," he stated.

Mr. Noble did not attribute Oregon students' neglect to purchase books to a certain cause.

"You're poor. Of course, you're poor. But so are students in other schools poor. That is no excuse to put off accumulating books. Why should Oregon be on the bottom?"

Calendar

(Continued from page one) Delta Phi Alpha, Germany honorary, will hold an important business meeting Tuesday at 3 in Dr. Williams' office.

All girls are invited to the YWCA installation banquet tonight at 6 o'clock at the YWCA. All those on the cabinet wear white if possible.

Fencers who turned out for the Fencing club are asked to meet tonight at 7 in Gerlinger hall for a short business meeting before dueling with Oregon State fencers.

PEO Sisterhood Will Give Tea

The three Eugene chapters of the PEO Sisterhood, originators of the student emergency revolving fund at the University of Oregon, will give a silver tea at the home of Mrs. George I. Hurley Wednesday afternoon, April 1, from 3 to 5 o'clock. The proceeds will go to the fund which is administered by Miss Janet Smith, University employment secretary.

The Mothers club of the University, which is also interested in the fund, gave a benefit tea and bridge party at Gerlinger hall earlier in the year.

The revolving loan fund was started by the PEO February, 1935, when they gave a Washington's Birthday party, from which they raised \$52. Any student may obtain a loan extending from a day to a whole term, according to Miss Smith. The loans bear no interest. During the afternoon Miss Smith will give a short talk on her work.

Professors Help Down Town YMCA

Many of the college professors are helping the downtown YMCA in its campaign for current funds.

Dean Wayne Morse is chairman of the workers but in his absence Rogers Kimberling is acting as chairman. Not only the University of Oregon group, which is captained by Howard Taylor, has campus workers but also the other groups.

Hugh Rossen is captain of the American Legion, and N. H. Comish is a member of the Lions club workers.

The membership drive on the campus is to culminate in a membership banquet in the YMCA hut April 9.

Master Degree Sought

Miss Thelma Lund, graduate student in education, will take her final examination for her master's degree Saturday, April 11.

Send the Emerald to your friends.

Kehrli Awarded Prize for Report

First prize of the 1936 governmental research association was awarded to Herman Kehrli, Oregon director of municipal research, for his report on Portland pensions.

Kehrli's report received the unanimous vote of the judges. The workable features of the plan presented, its adaptability to local conditions, and its value as a guide to other municipalities were considered in making the award, the judges announced.

Each puff less acid A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill, uniformity of product—all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke.

In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.
