DU, SPE, Phi Delt, And Sigma Hall Win Ball Games

DU, Fiji Play 11 Inning Thriller; Jones Hits Homer to Win Battle Of Donut Teams

Softball fans were treated to a series of fast exciting games this afternoon with DU, SPE, Phi Delt, and Sigma hall coming out on top. The DU-Fiji struggle was the most sensational of the day. The contest went eleven innings with Bill Jones, DU hurler, knocking a home run in the eleventh inning to win his own game 2-1. Jones' pitching was too much for the Fijis, who nevertheless put up a terrific struggle. Batteries were Jones and Silven, DU; Maeder and Plat, Fiji.

A Fiji rally in the tenth came near to turning the tide but a double play, Rice to Newlands, ended the drive. Olson of Fiji made several thrilling fielding catches for the Fiji nine.

SPE Trims Samnies
The SPE team beat the Samnies 5-4, spoiling the Sammie chances in their league. Berry, SPE, short had a fine day in the field and scored in the ninth on Long's single for the winning run.

Batteries were Rosenfield, Goldschmidt, and Shevac for the Samnies; Mitchell and Jackson, SPE. **Phi Delt Wins Beer**
The Phi Delt took the Phi Beer 7-5 in a contest for a keg of beer. In the fourth, Lawrence hit a homer for the Phi Delts, breaking up a 4-all tie. In the sixth Strohecker hit another homer for the Phi Delt.

Batteries were Benson and Lawrence, Phi Delt; Parks and Hackney, Phi Psi.
Gamma Forfeits Game
The Chi Psi and Sigma hallers played a close game until the last two innings when the hallers began to connect regularly, to win 14-7. Ramsey pitched for Chi Psi, and Miller pitched for Sigma.

In the other game scheduled, Gamma hall forfeited to the Spes.

Dean Earl Is Guest At Co-op Dinner

Formal dedication of the recently-organized Canard club, men's cooperative living organization at 907 Hilyard, was held recently at a dinner at which Mrs. Macduff, assistant dean of women, and Virgil D. Earl, dean of men, were guests. Characterizing as "splendid" the attitude of the members of the non-profit group, Mrs. Macduff prophesied success for the enterprise. Dean Earl, recalling his years of observation of Oregon students, declared that students who have intelligence and courage enough to put themselves through school generally are the most worthwhile.

Let It Snow! This Truck Can Ski

Just a big gadabout, which refuses to stop for any kind of weather, is this freakish truck which the Russians call the "go anywhere" NATI-3. It looks as if it would be a handy vehicle for some of the blizzard-beset communities in the United States, and it has proved its worth in Russia's heavy snows this winter, with its front wheels. The truck, as shown here, can take a grade up to 38 degrees on dry ground and up to 25 degrees on snow.

Lindgren, Webfoot Broadjumper

Arne Lindgren, king of the Duck broadjumpers, is pressed hard this year by Squeak Lloyd.

Partitioning Starts on Second Floor of New Libe

Partitioning work on the second floor of the infirmary was started yesterday. By the end of the week the second floor should be ready for the plasterers with all plumbing and lighting conduits installed. Light weight gypson or plaster stanzas and forced Bud Goodin and took over the slab in the final Johnny Lewis into hitting boundaries to Mullin in the seventh, however. Bill Sayles worked the first six cantos for the Ducklings and was credited for 11 hits by the varsity clubbers. Gale Putnam, a bespectacled lad from Newberg high, stanza and forced Bud Goodin and took over the slab in the final Johnny Lewis into hitting boundaries to Mullin in the seventh, however. Bill Sayles worked the first six cantos for the Ducklings and was credited for 11 hits by the varsity clubbers. Gale Putnam, a bespectacled lad from Newberg high, stanza and forced Bud Goodin and took over the slab in the final Johnny Lewis into hitting boundaries to Mullin in the seventh, however.

Plasterers are at work on the hallways and other places where the bare cement walls are being plastered. Most of the interior has to be covered with metal lath before plastering in order to secure an even surface over the reinforcements in the walls. Practically all sewer and water pipes have been installed. The cement block roof has been covered with a coat of tar paper, then a coat of tar and gravel to waterproof it. A venetian blind type of window has been installed in the window openings of the small cupolo on the top of the building.

University Summer Session Offers Many Courses

Courses of unusual interest to students, teachers, and adults who want more training in their professions or who wish to study cultural topics, and regular students who wish to speed their way through university or college will be found in great variety at the University of Oregon summer session, which opens June 22 for a six weeks term at Eugene, it was announced here today by Dr. Dan E. Clark, in charge of the work. The University will again offer the training course in normal art, for which the Carnegie corporation provides scholarship funds for 24 art teachers, and the clinic for children with learning difficulties, at which teachers may get valuable instruction in this work, which will be under the direction of Dr. B. W. DeBusk, professor of education, and Miss Lillian Raynor, of the Los Angeles public schools. The summer school of athletic coaching, which alternates between the University and State college, will be held at Eugene this year, with all three of Oregon's major sports coaches in charge. The course in library training, steadily gaining in enrollment, will again be featured. The school of law will also offer intensive courses, both in regular and post summer session. In addition to an outstanding group of regular faculty members selected offer courses, a number of leading educators have been ob-

Frosh Track Power Still Uncertain

Marty, Berry, Barker and J. Schriver Ace Outstanding Men

A few standout performers and a large number of freshmen of unknown quality are working out daily, under the direction of Fred Nowland, former Oregon hurdler.

Jim Schriver and Jack Berry, both of Portland; Ben Marty, of Fresno, California; Rod Hansen, Olympia, Washington; and Don Barker of LaGrande form the nucleus around which the team will be built.

Schriver Fast Quarter Miler
Jim Schriver, brilliant quarter miler, has outdistanced all other quarter milers, including the varsity men, this year. His best time so far this year in the 440 is :50.9. Schriver won first place in the state meet last year in this event in :51.2.

Jack Berry, the outstanding sprinter among the frosh, also has reached 5.9 in the high jump this year. Ben Marty has raised the bar in the high jump up to 6 feet, 3 inches in early season trials. Rod Hansen is the tops among the pole vaulters. His best mark so far this season is 11 feet, 6 inches.

Barker Good
Don Barker, of LaGrande, ran a fast mile last Saturday to take third in that event. He was headed only by Sam McCaughey and George Scharpf, varsity milers.

Competition for the Ducklings will be furnished by the annual relays and dual meet with the Rooks.

Members of the frosh squad are: Harry Adams, Ed Burkett, Roy Burnett, Jack Berry, Stanley Carlson, Hubard Kuokka, Wait Miller, Jim Schriver, Henry Spivak, and Ed Strohecker, all of Portland; Loyd Cody, Columbia City; R. W. Cole, Hollywood, California; Don Barker, and J. H. McClay of LaGrande, Oregon.

Rodney Hansen, Olympia, Washington; Doyle Mulligan, Oregon City; Douglas Ramsey, Milwaukee; Don Smith, Coquille; F. H. Seal, S. A. Warner, George Wiseman, Crawford, Lyle, and Bruce Currie, all of Eugene.

New Constitution

(Continued from page one)
1936-37 and would handle other duties assigned to them by the president.

The executive committee, which would replace the executive council, would have seven members.

Prexy Chairman
The president of the associated students would act as chairman. The dean of men or his personal representative would act as advisor and as an ex-officio member.

The other members would be first and second vice-presidents, the secretary-treasurer, the president of the associated women, and the editor of the Emerald.

The new executive committee would have the power to make by-laws and to make other legislative acts.

Approvals Given
The proposed constitution has been unofficially approved by President C. V. Boyer, Wayne L. Morse, dean of the school of law, and Virgil Earl, dean of men.

Bill Hall, Craig Finley, Bill Schloth, Robert Lucas, Jim Blais, Fred Hammond and other student leaders also contributed to the revised document. Both political parties have given the new set-up the stamp of their approval.

LaBarre declared that the next step in a program of reorganization would be to bring the by-laws up to date.

Tongue Is Elected Law Honorary Head

Phi Delta Psi, legal professional fraternity, elected officers for the coming year at a meeting Tuesday evening. Thomas H. Tongue will succeed Robert L. Marks as magistrate; Antone Yturri was elected exchequer; Willard MacInturff, clerk; and Orval Thompson, historian.

WANTED: 1935 Oregonas. Purchase price will be paid. Ralph Schomp, ASUO offices.

Duck Track Captain

George Scharpf, veteran half miler, is out for the mile this season.

SPE's, Yeomen Win Net Matches

Sigma Phi Epsilon downed Omega hall and the Yeomen defeated Theta Chi in the intramural tennis matches yesterday.

Sigma Phi Epsilon won by means of victories in the singles and first doubles. Bill Angell had little trouble beating John Meyer, 6-0, 6-1. Jean Hope and John Johnson, SPE's first doubles team, started slow against the hallmen, Arvid Robb and Bernard Kliks, losing the first set 1-6. Then they steadied their game, while the Omegas became wilder, and won the next two sets, 6-0, 6-2. Bob Kidder and Ken Dell, Omega, were leading in the second doubles against Bob Anderson and John McKean, 6-0, 6-3, when they stopped, as the result made no difference.

The Yeomen won the singles and second doubles, but lost the first doubles. Harrison Winston nosed out Herb Clark in three hard sets, 3-6, 6-4, 6-4. Ken Leatherman and George Telford won the second doubles 6-2, 6-2.

UO to Compete in Gymnastic Meet

The University of Oregon will be represented by three participants in the AAU gymnastics and tumbling meet at the Portland Social Turnverein, Portland, April 25 at 7 p. m.

William Kopezak, all-around gymnast, will represent the University in the apparatus and tumbling division, while Lenore Lavanture and Norris Porter will uphold the fencing honors of the school. Miss Lavanture is Northwest intercollegiate fencing champion.

E. R. Knollin, Russell Cutler, physical education professors, and John Warren, frosh football and baseball coach, will accompany the three representatives.

Petrified Forest Found Near City

Eugene has a petrified forest of its own! The remnants of this age-old forest cover nearly 60 acres of land about three miles south of Eugene near Spencer's butte.

The forest was discovered several years ago by geology students and it has yielded several excellent specimens. A large petrified stump found in the basement of Condon was the first piece ever to be removed from it.

Last Sunday special geology students and members of Condon club, geology honorary, made a trip to the forest and brought back many pieces of wood for microscopic study.

The forest is said to be of hardwood trees and may have provided the leaves discovered impressed in fossils at Goshen City, nearly five miles away.

SPORT CHAT

By DAN CLARK II

THE major leagues teed off Tuesday before about 205,000 fans, the largest aggregate turnout for one day the two top circuits have had in five years. New York turned out for the Giants-Brooklyn game 55,590 strong to mark up the largest single gate. It looks like the game is coming back. Baseball is a pretty good thermometer of the condition of business. If the customers keep clicking the turnstiles in the manner they voted Tuesday it will be a hearty vote of confidence for good times again. The colorful figures of Dizzy and Daffy, Schoolboy Rowe, Bill Terry, Mickey Cochran, and others all have something to do with it. The loss of Babe Ruth hasn't helped.

But, the pocketbook is what curbs or increases attendance, as well as the kind of team.

INTEREST in women's athletics on the campus has been increasing lately. The co-eds are following the progress of their teams more closely, and are more willing to participate. In past years the women's organizations would enter teams, but the most rest of the girls heard about it, or cared, was a report at more meetings in tournaments and meets, and the living organizations are turning out to cheer their entries in the contests.

THIS department has no wish to start a squabble with the Register-Guard sports staff, but we must fly to the defense of our own Anonymous field.

Doesn't France have its own unknown soldier? Doesn't America have a tomb for the unknown hero? Then why can't the University have its monument to the Anonymous athlete, that poor, unpraised, unnoticed man who struggles for his alma mammy, on the scrub team?

We might even start an eternal flame burning in the pitcher's box, something hot on the mound.

La Grande Houghton, '34, is now associated with the Standard Oil company, having formerly been in Portland.

WANTED: 1935 Oregonas. Purchase price will be paid. Ralph Schomp, ASUO offices.

SPECIALIZED Lubrication and Oil Change INCLUDES

1. Pressure lubrication of all moving Parts equipped with lubricating connections.
2. Filling all cups with proper grade of lubricants.
3. Oiling hood lacings, clamps and hinges.
4. Oiling fan, generator, distributor, and starter motor.
5. Lubricating door hinges, locks, wedges and clamps.
6. Oiling throttle and spark linkage.
7. Lubricating universal joints.
8. Oiling brake rods, clevises and starter pedal housing.
9. Oiling steering wheel bushings and gear shift lever socket.
10. Oiling accelerator.
11. Tightening wheel lug bolts.
12. Oiling body bolts and pads to eliminate squeaks.
13. Lubricating steering gear housing.
14. Lubricating wheels equipped with connections.
15. Spraying or painting spring assemblies with penetrating oil.
16. Cleaning all fittings after lubricating.
17. Add 5 qts. Pure Pennsylvania Motor Oil.

Car Wash Includes Steam Cleaning Chassis and Body Regularly \$3.50—NOW \$2.89
