So Far, So Good...

FABLE offers all sorts of warnings against immoderate expectations—counting chickens before they're hatched and the like—but, if fraternity rushing continues until Saturday noon as smoothly as it has gone throughout the early part of the week, we are prepared to throw caution to the winds and pronounce the new rules a success.

COMPLAINTS of "dirty-rushing" have so far been practically nil—no more than a few easily-quieted misunderstandings arising from the failure of unstrung frosh to show up at the right place at the right place at the right time. So far, there have been no charges of "hide-outs" or "hot-boxing," which in times past were the most flagrant abuses and which the interfraternity council last year set out particularly to prevent.

CREDIT for any success of the new regulations should be given not only to the sanity and comprehensiveness of the rules themselves, but to the spirit in which they are being enforced. Bitter interfraternity rivalries came to a head in last year's rushing "scandals" and the resultant purging seems to be showing its effect.

Register to Vote!

IF THERE is any one thing that threatens American democracy it is not the sinister and spectral "isms" with which super-patriots and demagogues have been haunting us—it is the failure of a great part of our citizenry to vote.

IT has been called to the attention of the Emerald, however, that students registered in the University have established their residence sufficiently to vote right here in Eugene, provided that they register as voters 30 days prior to the election. They must, of course, declare Eugene to be their home, which it is, at least for the four years of their schooling. Also they must be able to fulfill such other requirements as those of age, citizenship, residence in the state and ability to read and write. No matter what critics may say, the latter qualification will stump few collegians.

To facilitate the registration of student voters a registrar has been appointed on the campus with an office in the journalism building. Men have died for the right to vote. Will Oregon students walk a block or two for the same right?

The Innocent Bystander

By BARNEY CLARK
Hello, suckers!

Bargain week at the U. will soon be over and this year's crop of stooges can start looking at the pigs in pokes they've purchased. Remember, kiddies, you can't take THESE pretty pieces of brass down to the store and get your money back if you don't like the brand. You have bought yourselves something, and no mistake.

Word has reached us that the Phi Delt has been leading rushes to the window again this year, pointing to the pretty masonry of the new libe and making prideful remarks about "the new chapter house." This is in direct violation of Section 4, paragraph 2 of the new rushing rules, and Mr. Tongue's attention is respectfully drawn to this matter.

Incidentally, the Bystander himself was in on a little rushing party the other night that culminated in the Rainbow at 1 o'clock in the a.m. when two of the lads, apparently irked by the dearth of masculine facilities, boldly strode into the ladies' lounge. Just to prove that we are broadminded, we are announcing at this time that we are open for bids from either the parties concerned, OR Tiger Tongue and his gum-shoe gang. The highest bidder can purchase either silence or a flood of oratory.

Certain individuals who have our welfare at heart have come to the Bystander with the information that Bob "Heart's Delight" Prescott is "looking" for us. Bob, they whisper, was not pleased by the expose of his extremely complicated love-life in the last edition and would gladly produce a compact reproduction of the Spanish revolution in the Emerald office if the Bystander was available as subject.

We would remind this sanguinary-minded lad that all the people he sees sniffing in his vicinity don't have colds, and even his fraternity brothers gagged toward the end of the saga.

For this season only the Thetas have taken the production line out of their pink-plaster palace. They ran 'em in by the thousands last rush week, forcing the national to send out an S.O.S. to the effect that, since McArthur court was not available, would they please, please refrain from pledging more mortgage-fodder than there were beds! As a result, only 12 lucky girls will pass the portals for the coming year. Think of what you missed, pretties, by not getting here when the gates were open!

It is understood that the Chi Psis will follow the program laid down a year ago and stop directing their appeal to the carriage trade. Astute sales managers have convinced them that a much surer

market can be obtained by a product closer to the Beta type.

And now we repeat that sensation of former rush weeks—the Bystander Fraternity and Sorority Classified Advertising Section. BOYS! BOYS! BOYS! You, too, can become a successful campus politician! Pledge KAPPA SIGMA and you can enjoy, free, the exclusive training services of our own Mr. Thomas. Reasonable rates for room and board. Call 2820.

CPA Honor Given BA Girl Student

Ruth May Chilcote Is First Woman in State to Pass CPA Examinations

Ruth May Chilcote, one of the outstanding students of the University school of business administration, has won the honor of being the first woman to pass the examinations for certified public accounting in the state of Oregon. Examinations were conducted by the Oregon state board of accountancy under the direction of Mr. A. R. Sawtell, secretary. Results were not published until July. Other persons who passed the exams are Kenneth C. Smith, Elwood Harrigan, Harvey Hawley, and Ambrose Oderman, all of the University.

Record Good Here
Miss Chilcote has made an enviable record in her work at the University, winning the Beta Gamma Sigma award for her freshman year.

Beta Gamma Sigma, business honorary and awardees of the plaque, select for membership each year the highest two per cent of the junior class in business. Miss Chilcote, joining the honorary during her junior year, was elected secretary-treasurer, an office she has held for the past two years.

CAMPUS GOP MEETS

Young Republicans on the University of Oregon campus will meet to organize for the coming campaign at 4 o'clock Monday afternoon in the College Side. Don Thomas, Oregon student who has taken an active part in the organization of the campus GOP, has been instrumental in calling the meeting.

3. A resident of this state shall not use herein a motor vehicle licensed under the laws of another state.

4. Indicated speeds: passing school grounds, 15 miles; business district, 20; residence, 25; highway, 45. At no time shall any person drive at a speed greater than will permit the driver to exercise proper control of the vehicle at all times and under all conditions.

A special campus ruling which has been flagrantly violated by some students in the past requires, that "no student may drive a motor vehicle at any time or under any circumstances until he has first registered at the automobile office in Friendly hall."

Starting this Monday the office, which is in the rear of Friendly hall, will be open from 2 to 4 every day except Thursday.
