THE Firing Line

By PAT FRIZZELL

Dave Gammon and John Yerby are the men of the hour in Oregon football. The two sophomores have given to Webfoot followers color, something they've been demanding for a long time.

Gammon flung the leather apple last Saturday at Multnomah stadium, and Yerby caught it. They didn't go through the act so many times, but they did it often enough to write their names on the football map temporarily.

Loss of Bill Rach, right half, has weakened the squad, and now little Jay Graybeal is out of action. Paul Rowe is a questionable starter. For once, the genial Warren seems to have an injury list he doesn't have to pad.
