# THE Firing Line

By PAT FRIZZELL

On paper, it's Oregon State. On past history, it's Oregon.

That sums up the Big Game Many times in the long ago and in the not-so-long ago Oregon teams have beaten supposedly superior aggregations of Beavers. There's no law that says this year's Ducks can't do it.

Only three times in history has Oregon State tumbled the Webfoots in Corvallis. Time and again ing outside the dorms and houses, Oregon teams have jogged to the lead the intramural sports race metropolis of Benton county and with a total of 261 points. mussed up the Staters in their own

But you won't get it. There aren't any pre-game odds, there isn't any dope bucket to boot over. There never is in this ball game. If Oregon gets a jump, the Webfoots ought to win, bu it'll be all the more occasion for a Beaver Another tossup. Mississippi. rally. If Oregon State passes to a ouple of touchdowns right off the it. Anything goes and anything can happen.

Make it 13 to 7, take your choice.

It'll be the end of the collegiate trail today for Del Bjork. Del ought to be an all-American and he's already an all-coast. He's starred for three years in that left tackle spot.

For Bob Braddock it's twilight, too. Several little birds are whispering that Braddock will complete his Webfoot days at a new position. fullback. He's an all-coast candi-

That's all. The other Ducks will be back in 1937. So watch these five this afternoon, before their gridiron prowess is stored away in that thick and seldom studied volume called memory.

\_ Verbally your commentator snaps his fingers and utters exclamations. Today is prognostication day. Shucks. I forgot (on

Also it's another of those games in which dope doesn't exist. To pick a winner is to stick your neck way out and wait for the axe. So it's another 13 to 7, take your pick.

Oregon Must Crack Beavers' Aerial Attack to Win Today

By ORVAL HOPKINS

Last things I heard were the raucous voices of Mattingly, Frizzell, and Casciato raised in heated, if not enlightened, argument. They all made so much noise I couldn't get a word in edgewise yet, so I said OK for youse guys and stalked off in high dudgeon. I said I have got work to do and

cannot be standing around listening to any dolts argue, and besides nobody is paying even twenty-five cents worth of attention to me. Also I wish to state publicly that one who goes by the name of Bill Marsh will soon be deep in my debt to the amount of \$1.00 buck. . All of which is beside the point and not what I'm paid (delete the word paid) to do.
