

Stamp Collection Shown in Library

Part of Stanley Robe's extensive stamp collection is featured in the library display this week. Robe was graduated in '36 and is now doing graduate work in journalism here.

All of Robe's work is illustrated with pen sketches of country, men, or events, which are commemorated on the stamps. One frame contains a Philatelic map of Mexico which includes 43 cancelled stamps showing towns and scenes of interest. The other frame contains the set of stamps put out to commemorate the completion of the Mexico-Laredo international highway, July 1, 1936. They are placed on an illustrated map showing the route of the highway. These stamps range in price from 5c to 40c. There were 3,765,000 stamps in the complete issue.

The Sumas family stamps, Newfoundland Silver Jubilee stamp, Mexico Colonial Fountain, Emiliano Zapata and Francisco Madero stamps, and the stamps of the Centenary of Independence, 1810 to 1910, are among others featured. Robe while in school was cartoonist for the Emerald. He now conducts a column in the Morning News on stamps and is a member of the Eugene Stamp association. He works with Prof. Leavitt O. Wright making a specialty of Mexican, of South American and of Spanish stamps.

Since that time, the banquet has become one of the traditional dinners given by the club.

Firing Line

(Continued from page three) Captain Bjork is through at tackle, but Ken Skinner and Bill Foskett will return to carry on. Also big Cliff Morris.

Then there will be Ellroy Jensen and Russ Inskeep from the frosh. They're calling this boy Jensen a potential all-American, another Bjork. Clayton Pearson is another frosh possibility. Jo Smith, 210-pound frosh luminary of 1935, may return to school.

Guards will be thicker than ends. Five lettermen—Tony Amato, Joe Huston, Nello Giovannini, Chan Berry, and Bill Estes—will return. Also Merle Peters, Johnny Pastega, and Cece Walden, reserves. From yearling ranks will be George Jones, Lloyd Beggs, Bill Stein, Bob Laurensen, Gus Lauris, and Melvin Passolt. Remember that Husk can also play guard.

At center will be Vernon Moore, backed by Denny Braid. Three frosh products—Erling Jacobsen, George Schweiger, and Kenny Bowser—complete the roster at that spot.

Yes, indeed, Oregon football is headed for better days.

Del Bjork Gains

(Continued from page three) team all-American.

The Oregon Journal's all-coast team lists Bjork at left tackle on the first string. George Varnell, veteran Seattle sports writer and official, placed Bjork on his all-coast eleven.

Trojans Renew

(Continued from page three) competition has been so close that three of the games were decided by one point. The total scoring shows that Notre Dame has made 122 points in the series to 118 for Southern California.

Preparing for the eleventh meeting, the Notre Dame squad will arrive in Tucson Wednesday and will work out there through Friday, arriving here on the day of the game. The Trojans have resumed firing on the practice field, and although their record for the past season does not match that of the Irish, they are certain to come up with a battling squad Saturday capable of carrying on the thrill tradition of the series.

Casciato Wants Informal Snaps For Yearbook

All living organizations are urged by Oregana editor, Don Casciato, to get in touch with him today concerning the informal snapshots for their pages in the annual.

Four pictures will be taken informally at each house and it is necessary that their representatives notify Casciato what pictures they want and when they can be taken, as the schedule must be completed as soon as possible.

Sales for the 1937 Oregana will close this week, according to Howard Overback, business manager. The limit of 1,500 is expected to be reached when the remainder of the house agents report today. Over 1,400 yearbooks have been reserved already and 24 agents have not reported. All students who have not signed for an annual and desire to do so may reserve one at the Oregana office.

The offset printing method introduced to college annuals by the 1936 Oregana will be used again this year. Insert pages and probably one section will be printed in this manner, according to Casciato.

Christmas Revels Roll Around Again

It's Christmas revels time again. Yeomen and Orides put their heads together last night at a regular meeting to make this a big event.

The independent big wigs decided to announce all committee appointments at a special meeting being held in the Y hut Tuesday at 5 o'clock. In the meantime they are contacting the faculty and are combing student living groups for local talent for the program.

The revels is the only student-faculty affair with the exception of the law school's smoker, and was started by Prof. S. Stephenson Smith and Miss Janet Smith, employment secretary, several years ago. It was quickly made a campus tradition.

Professor Smith brought the idea from Oxford, which he attended on a Rhodes scholarship. It met with instant popularity because it breaks the monotony of the cram period and gives the students an opportunity to see their faculty at play.

Keyes Likes Southern Hospitality on Jaunt

"We encountered wonderful weather, no football games and extremely hospitable people," was the essence of John Keyes' impressions from his recent trip to Raleigh, North Carolina with Dale Hardisty to attend the Scabbard and Blade national convention November 19, 20, 21.

Keyes, president of the local military honorary, and Hardisty, who represented the university as delegate and alternate, returned yesterday morning after an absence of more than two weeks.

"There were 100 delegates coming from 45 states of the union present at the meet," informed Oregon's representatives. The entire group of travellers resided in a Raleigh hotel designated as convention headquarters.

The two, who drove East by the southern route through California, Arizona, Texas, Mississippi and Alabama, saw a multitude of college campuses. Duke university, a co-educational institution in Durham, North Carolina, was the most famous of the universities visited.

The Oregon men were sent to Raleigh, which is the U. S. Army station for G company, 3rd regiment, to attend lectures and committee meetings with a purpose of exchanging ideas on the military profession and reporting results to the local chapter.
