

Jay Allen Will Attend Campus Press Meeting

European Correspondent To Speak at Gathering Of Oregon Journalists January 21, 22, 23

Jay Allen, former war correspondent, European observer, and night police reporter on the Oregonian, will be on the campus for the Oregon press conference January 21, 22, 23. He will be one of the speakers of the conference and is expected to take an active part in the roundtable and open session discussions.

Mr. Allen recently returned from Spain, where he was active as a correspondent. He not only reported the Spanish war, but, according to the January issue of the Oregonian, he himself made news when for several days he was thought to be a war casualty.

Sees Abdication

Coming from Spain where he had been covering the war for the London News Chronicle and the Chicago Tribune, he found himself in London on the day King Edward VIII abdicated.

In a story in the Oregonian of December 25, Mr. Allen said: "I was in London the day the papers broke the news about the king and Mrs. Simpson. I never saw anything like it. The people were jittery. They went around with tears in their eyes. I think the people of England loved King Edward, and that they would have backed him up whatever he did."

"But the government thought he was too much inclined to take a hand in real affairs. His trip down into the depressed Welsh mining sections showed that he was really interested in the people."

Graduate of Oregon

This visit to the Oregon campus will not be the first one for Jay Allen. He was at one time a prize-winning student of the school of journalism, graduating in 1923. Allen was recently cited by the Nation for "courageous, informative, and unprejudiced reporting of the civil war in Spain." Paul C. Smith was another of the prominent western newspaper men cited in the Nation poll.

'It Can Happen Here,' Say Coeds in Campus Skit

"It Can Happen Here," say the Kappa Kappa Gamma and Chi Omega sororities in the title of their skit to be given at "Coed Capers" Wednesday evening in Gerlinger hall. Just what can happen when college femininity gathers is the question.

All women's houses are planning a costume jubilee dinner to precede the main carnival to be staged in Gerlinger hall for coeds only. There will be dancing from 7 to 7:30 for the price of 15 cents.

Houses have been paired this year for the first time to present vaudeville acts, skits, or stunts, instead of the four campus classes displaying their talents. In addition there will be a mystery presentation by faculty wives, and a pantomime by the Senior Cops.

Throughout the program coeds will munch on caramel apples and ice cream bars distributed by Kwamas.

A snow train will probably go to the summit the latter part of February if arrangements can be made to insure the safety of the passengers, J. B. Hewitt, of the Southern-Pacific railroad announced yesterday.

No Mill-Racing Of Sophs, Says Administration

Cooperation of Vigilante Committee Asked After Dunking of Kooley by Two Freshmen

The University administration put a ban on all mill-racing and asked the cooperation of the sophomore vigilante committee yesterday after two freshmen, Bob Burkholder and Philip Lowry, were dunked by the committee for shaving Homer Kooley, a sophomore.

Burkholder and Lowry forcibly shaved Kooley hoping that he would be cast upon the chilly waters. They, however, received the punishment from the vigilantes who had not been able to carry out their threat because the race was frozen.

The vigilantes will continue to keep the black list of the men who refuse to uphold the tradition of beard raising before the annual event of the Sophomore Whiskerino.

Weston Thanks Sophs

"I wish to commend and thank the sophomore men for their cooperation in letting their beards grow and for furthering the cause of the vigilantes," said Harry Weston, sophomore class president. It has been noted that more men are
