

# Allen Talk, Lunch Ends Conference

Sweeping through three days of meetings, speeches, roundtable discussions and luncheons, and the annual press banquet, the nineteenth Oregon press conference closed Saturday with lunch and a program in John Straub hall.

Jay Allen, former Oregon student and now foreign correspondent, who spoke at the luncheon, told in vivid detail the highlights of his experiences in Spain during the present civil war.

Attempting to explain conditions in Spain with as little bias towards either of the warring factions as possible, Allen discussed the aims of both Loyalist and Royalist factions.

### Voorhies Takes Gavel

Following the luncheon, a short business meeting saw Lars E. Bladine of the McMinnville Telephone Register and president of the nineteenth session turn the gavel over to A. E. Voorhies, Grants Pass Courier, unanimously chosen to succeed Mr. Bladine. Resolutions were read and passed by the conference.

Preceding the luncheon in John Straub hall and Mr. Allen's talk, conference delegates Saturday morning engaged in roundtable discussions and heard several speeches at the school of journalism.

H. R. Failing of the Oregon Journal outlined the points to be considered in attempting to sell advertising space in a newspaper as well as selling the paper itself. He illustrated his discussion with a series of fourteen cards, each of which bore points of interest and explanation for the benefit of the audience. Mr. Failing believed it would be easier to get his points across by employing cards to keep the matter before the eyes of his listeners while discussing, in turn, each phase of his subject.

### Felsheim Talks

Louis D. Felsheim, editor and publisher of the Bandon Western World, the "newspaper that lost its town" in the disaster which swept away in flame an entire town of some 1800 people, told his version of the fire.

In enumerating the losses of the town, Mr. Felsheim pointed out the fact that victims were in no way responsible for their losses. The fire swept in on a two-mile front, demolishing everything in its path. It had been raging for ten days previous to the burning of the town. Mr. Felsheim emphasized a request that government aid be given to those who, more than not having a town, are "in the red" for thousands of dollars

## Move to Protect Pending Experiment

The townsend spending spree started by C. C. Fleming, left, and Mrs. Fleming will be aided by an attempt of the Chelan, Wash., city council to curb hoarders and souvenir hunters of the earmarked dollars when the second experiment is started at the end of the month. Officials plan to issue checks to replace the cash, hoping to keep the money for relief work in spite of hoarders.

## Jewett Contest Set for March 5

### First Annual Radio Talks Limited to 15 Minutes; Anyone Can Enter

Students interested in radio work will have an opportunity to show their skill by taking part in the first annual Jewett radio program, which will be held March 5.

The contest will be divided into two sections—either dramatics or comments on current events. Entrants may have their choice of competing in either section. The programs are to be 15 minutes in length and two students must work together in writing and presenting the continuity for their program.

Prizes of \$15 and \$10 will be awarded in both sections and any University student may compete. All copies of continuity will be due at the speech department Friday, Feb. 26, at which time three or four of the best programs in each section will be selected for the final contest.

Complete information of the contest may be secured from D. E. Hargis, instructor in speech, who is in charge of the University radio work.

### in taxes and mortgages.

Following the Bandon editor's talk was an inspection tour of the new men's athletic plant, students as well as conference visitors making the tour. The tour was conducted by members of the physical education staff. The party later returned to the John Straub Memorial hall for luncheon.

### WOMEN'S DEAN SPEAKER

Dean Hazel P. Schwering left Eugene Monday for McMinnville, Oregon, where she will address the women students of Linfield college on her trip abroad last summer. She plans to return to her office this afternoon.

## Morris, Burrell Speak Over KOAC

Victor P. Morris, dean of the school of business administration, and O. K. Burrell, professor of business administration, spoke on the Business Hour program over radio station, KOAC, Monday night, January 25.

"The Prevention of Fraud in Business" was the subject of Mr. Burrell's talk, and Dean Morris discussed the "Shifting Balance of Power in the Pacific."

"Balance of power is partly a matter of politics, partly of population numbers, partly of economics, and partly of military and naval activities," Dean Morris stated in his talk. Those who are losing strength are usually worried and those who are gaining are not always aware of it.

"Japan's rapid surge forward is probably near an end so far as her encroachments on China territories is concerned," he stated. Factors seen now for several years to have been at work are tending to restore somewhat if not completely the balance of forces in the Pacific.

In his talk on "The Prevention of Fraud in Business," O. K. Burrell stated that "an ounce of prevention is worth a pound of fraud detection" as it is more satisfactory to establish a system of fraud prevention than to detect and punish after the fraud has been accomplished.

The methods and devices which are employed in business, to fix responsibility and fraud are known as "Internal check," Professor Burrell said.

## WAA Hoop Teams Change Schedule

Because of illness of members of the teams, the games scheduled for today in the WAA basketball tournament have been postponed, and other teams substituted to play in their place.

Alpha Omicron Pi will meet Hendricks hall at 5 o'clock this afternoon in the indoor gym in Geringer, and the Tri Deltas will play Chi Omega in the outdoor gym at the same hour.

The games originally scheduled for today were Kappa Kappa Gamma vs Kappa Alpha Theta, and Ordes II vs Alpha Phi.

## Pi Mu Epsilon Orders Books for New Library

Two books were ordered Monday by Pi Mu Epsilon, mathematics honorary, to add to the donation collection for the browsing room of the new library.

"Through Space and Time," by Jeans, is a popular treatment of astronomy. The other book is in the field of physics and is titled, "The Renaissance of Physics," by Darrow. The books were suggested by A. E. Caswell and W. V. Norris of the physics department.

The new volumes will be added to the four non-technical mathematics books which have already arrived, and one book not yet ordered dealing with some phase of chemistry.

## Humor Found in Osburn Press Banquet Sidelights

By DICK LITFIN

Many were the amusing incidents seen by sharp eyes at the annual banquet of the 19th Oregon Publisher's Press conference that convened here Thursday, Friday, and Saturday. Many of the 200 or more attending the affair were faculty members, Emerald workers, and journalism majors.

Bill Jones, ASUO ticket committee chairman, at a table seating five, was fairly bursting with geniality and worldly wisdom before four austere gentlemen of the press, two of whom were identified as A. E. Brown, advertising manager of the Salem Journal, and Paul West of the West-Holiday Publisher of California.

Myra Hulser, at the speakers' long table, was observed breaking into a little too spontaneous laughter at the jesting remarks of H. R. Failing, advertising manager of the Portland Journal, seated across from her. However, Myra did very well at the conference, as an Oregon publisher was overheard expressing his admiration of her.

Miss Lorene Smurthwaite, of the Baker Democrat Herald, was heard asking if Paul C. Smith, handsome young executive editor of the San Francisco Chronicle was married. A reply by a nearby publisher that he was not did so well with Miss Smurthwaite; however, when Mr. Smith announced he was a bachelor, she brightened up.

Stan Hobson, with a well-fed look, appeared deeply interested in Mr. Smith's talk, "Newspapering on the Fringes of Hell." Joe Brown, publisher of the Redmond Spokesman, was caught very soundly asleep when his name was called as publisher of the best weekly in Oregon, and winner of the Hal Hoss trophy.

## Lecture-Forum By Dr. Ballard To Be Postponed

The lecture-platform by Dr. J. Hudson Ballard of the First Presbyterian church of Portland on "The Psychological Phases of Love and Marriage" that was to have been given in Villard hall tonight has been postponed indefinitely, because of Dr. Ballard's illness.

The lecture by Drs. Jessie L. Brodie and Goodrich C. Schaeffer, who were to speak on the biological problems of marriage January 19, will be held Wednesday, February 3, according to word from Dean Onthank's office yesterday.

## Col. Leader to Speak At Men's Gymnasium

Colonel John Leader, retired British army officer who is now making his home in Eugene, will speak on "Comparison of English and American sports" at 7:30 Thursday at the men's gymnasium.

Colonel Leader, who formerly taught the ROTC class here, is now in charge of a squash class. An outstanding squash and tennis player, Colonel Leader has represented England several times on amateur teams.
