

# Hobby Groups Introduced at Ceods' Party

## Dean Schwering Talks On Philomelite and Its Aid; Girls Greeted By Martha Stewart

About one hundred girls were entertained by Philomelite, hobby group organization, at a party held in the AWS rooms in Gerlinger hall Sunday evening.

The rooms were decorated with balloons and colored streamers. Singing of Oregon songs, and a short program consisting of a skit by the charm group and short talks by hobby group leaders were presented and refreshments were served. Mrs. Hazel P. Schwering, dean of women, gave a brief resume of the founding of Philomelite, and its worth to girls interested in campus activities.

### Girls Given Welcome

Martha Stewart, president of Phi Theta Upsilon, junior women's service honorary, welcomed the girls, and told them how to get in touch with the particular group that interested them.

Elisabeth Stetson, chairman of the hobby groups, was in charge of the meeting and acted as master of ceremonies for the program. She was assisted by members of Phi Theta Upsilon. Hobby group leaders are Margaret Goldsmith, charm school; Frances Olsen, drama; Kay Staples, travel; Julianne Fortmiller, art and music; Ora May Holdman, prose and poetry; and Jane Weston, recreation.

All girls who are interested in these hobby groups are urged to get in touch with the leader of that group, or with Elisabeth Stetson.

## College Should Be

(Continued from page one)

cooperation in the joint processes of learning between faculty and students. There too often exists an attitude of conflict between the faculty and the students rather than that cooperative spirit which should prevail. Students are not here to justify faculty jobs, but both are here for the joint enterprise of learning.

Third, an effort should be made to treat students as adults, and, insofar as possible, responsible people. At the present time, in many of our institutions, one can not turn around without running into some sort of administrative regulation. The college or university becomes a substitute for parents and is expected to do what the parents have failed to do. Reasonable guidance is one thing, and useless codding is quite another and definitely detrimental. The institution tends to under-emphasize our students' maturity, while the students tend to over-emphasize their own sophistication. There is a wide field for the development of students' exercise of discipline which might be exploited.

### No Grades on Quizzes

Fourth, and this is the point upon which I should like to be most emphatic—a system of quizzes should be developed that would not be, either for the student or the faculty member, a device for assigning so many individuals grades. I should like to see quizzes given that would be corrected, but not graded. The questions would

## Heavy Fines Levied On All Overdue Fees; Thursday Deadline

All installments are due on fees, special fees, and out-of-state fees Thursday, February 25 by 3 o'clock in the registrar's office. Also, those buying student body cards on the installment plan are required to pay to this date.

If they are not in at this time a penalty of 25 cents a day will be assessed. After one week, a student will be suspended from school.

then be gone over, to indicate where the error lay and what the correct answer should have been. In that way the quiz is made a definite study help, rather than a combination device of a statistician, a devil, and a Torquemada.

There would be a complete change of emphasis with the change in function. Even if the business of the University is to educate, it is not necessarily compelled to classify its students with reference to one another, or on some hypothetical or relative scale of efficiency. At the present time, because most of our institutions endeavor to do this, the real teaching function of the quiz or examination is lost sight of and becomes simply a rather diabolical device which causes misery to students and instructors alike.

### Rating System False

It is obvious, of course, that some decision has to be made whether to advance students from a certain class or decide whether a student is fitted to enter some professional school. Such ends as these can be determined much better by comprehensive examinations at the end of sophomore and senior years, rather than by any of the devices we now use, and the false rating value now in use would be avoided. This function of the quiz as a study help, which it is supposed to be now, but isn't, would give rise, it seems to me, to an entirely different attitude on the part of students from that which now exists.

In the graduate school of Columbia university, when I was there, no grades were ever given. A student was either given a "passed" or "failed," and his right to receive the doctorate rested upon his oral and written examinations, which were comprehensive in nature, and the quality of his thesis.

I am convinced that to correct our present unsatisfactory situation efforts must be made along the lines of these suggestions, which could be greatly amplified. Their realization would restore the university to its original functions and dignity.

## Coburg Hoopers

(Continued from page three)

set-up but got the ball again as his teammates took it off the backboard and pushed home a one-handed pivot shot to make it 26 to 24 for Coburg. Then L. Fox of the Pansies knotted the score sheet again with a long howitzer from the left side line.

With ten seconds to play, Cooper was fouled and had two shots. He missed the first, the second rolled around the rim and dropped in, winning the game.

Both Coburg and Thurston will enter the district playoff for B teams at Albany March 4, 5, and 6, and if successful there one of them will enter the state tournament two weeks later.

Mohawk's lassies captured the girls' B league crown with a crushing 42-to-23 triumph over Oakridge, the defending champion. The boys' consolation title was won by Pleasant Hill, which edged out Oakridge, 23 to 21.

## Demand Investigation

Stating that he had 100 colonists' affidavits to back his charges of faulty management, Charles Ruddell, Matanuska, Alaska, colonist, is in Washington demanding government investigation of the project.

## Olympic Pictures To Be Presented

### ASUO Members Will See Official Games Movies March 2 in McArthur

Complete and official AAU pictures of the 1936 Olympic games will be presented free to ASUO members March 2 in McArthur court at 8 p.m., Ralph Schomp, university activities manager, said yesterday.

Negotiations between Avery Brundage, president of the Amateur Athletic union, and Schomp for a showing here of the only films allowed to be taken of the games were revealed after a letter from Brundage was received granting use of the films.

Highlights of the pictures include the American team going over on the boat, the opening ceremonies, the raising of the American flag, and Hitler in his box opening the games.

Closeups of the contests will show Jesse Owens, U. S. champion of the 100 and 200 meter sprints, and the broadjump; Jack Medica swimming; the gruelling race between Glen Cunningham of the U. S. and Jack Lovelock, of England in the 1500 meter run.

Total length of the films will be an hour and a half, Schomp said.

## Idaho Leads

(Continued from page three)

The first overtime was full of shots but all were missed and it saw no score. In the second overtime Mallett of Coburg gave his team a lead with a lay-in, only to see the count knotted as Huffman of Thurston dribbled half the length of the floor to score.

Cooper of the winners fooled a wary advantage. The count was still knotted with two and a half minutes remaining when big Ed Loverich applied the well known Husky heat by dropping two quick field goals and a gift toss.

The Huskies held to their slim lead to the end, stemming a furious but futile attack in the closing minute.

Loverich and Bob Egge led the Husky scores with 12 counters each. Don Johnson sparked the Vandal attack with nine.

The two teams meet again tonight in the final contest of their four game series.

Washington (36)	FG	FT	PF	TP
Loverich f	5	2	2	12
Gannon f	1	1	3	3
Voelker c	3	0	2	6
Wagner g	1	1	1	3

## OSC Game Tickets

(Continued from page one)

townspeople getting tickets. All revenue from general admission tickets purchased at the Igloo gate has to be split with Oregon State, whereas the tickets bought at the booth goes wholly into the ASUO coffers.

Students are urged by Cornell to obtain their tickets at the booths, as indications point for a sell-out crowd.

## Campus Calendar

Alyce Rogers, Bernard Klick, Lois Onthank, Dorothy Reburn, Betty Brady, Goe Goding, Barbara Espy, Ruth Stanley, Jeane Larsen, Joan Jacobson, Mrs. D. A. Collis, Betty Yocum, June Martin, Walter Vernstrom, David Cox, Ken Skinner, Vernon Johnson, William Dalton, Ted Thompson, and Irwin Elder are in the infirmary today.

WAA council meets tonight at 7:30 in Gerlinger hall.

Men who have seen Hal Young about joining the men's glee club will meet in the lobby of the school of music auditorium at 5 p. m. this afternoon.

Pot and Quill will meet with Mrs. John Anderson tonight. Members are to be in front of the Co-op at 7:30 to go with her to her home.

Mrs. Turnpseed's YWCA group will meet tonight at 9 o'clock in Friendly hall annex.

A Phi Beta meeting for actives and pledges will be held in Alumni hall Tuesday evening 7:15.

Alpha Delta Sigma active and associate members will meet Wednesday at 6 p. m. at Seymour's. Wear a coat and tie.

All Students planning to register in methods of study spring term will meet at 4 o'clock in Johnson hall.

## Violinist, Harpist

(Continued from page one)

Two modern French works, "Les Enfants a la Creche de Noel" by Tournier, and "Et Ron-ron-ron, Petit Tantalou" by Grandjany. Miss Johnson will then play "Sarabande" and "Giga" from Bach's fourth sonata in D minor for unaccompanied violin, and "Nigun" by Bloch. After a group of numbers played by Miss Young, including Hasselmann's "Valse" and works of Zabel and Tedeschi, Miss Johnson will conclude the program with Weniawski, "Concerto in D Minor."

Miss Johnson, a student of Rex Underwood, professor of music, is the concert mistress of the University symphony orchestra, and as such has charge of the rehearsals of the violin section, rehearsals of the entire orchestra in the absence of Mr. Underwood, the director, and plays solo in concerts. She is the holder of a scholarship offered by Phi Beta, national society for women in music and drama, and of a scholarship given annually by the symphony orchestra to one of its members.

Miss Young, a student of Mrs. Doris Helen Calkins, instructor in harp, has played in the University symphony orchestra for two years and has played solo obligato parts with the University band for three years. A local girl, she played solo numbers in the first concert of the Eugene junior symphony orchestra, and, as a senior in the University high school, she was chosen to play in a concert of the national high school orchestra in Seattle.

Miss Young is a member of Mu Phi Epsilon, national honorary society for women in music and of Kappa Alpha Theta sorority.

Both Miss Young and Miss Johnson are juniors in the University and honor roll students. They will play in the orchestra in the concert to be given over the radio next Saturday night.

## Survey Reveals

(Continued from page one)

ers; progressive disarmament jointly with other leading nations was preferred by 37 per cent; while the remaining 15 per cent voted either for powerful military and naval establishment, equal to any in the world, a powerful air force with other branches of service at a minimum, or complete disarmament.

127 In Defense Camp The survey also showed 127 University students belong to a national defense organization; 37 to a peace organization; 28 to a patriotic organization; 27 to an international relations group; 3 to a world court organization; 2 to a disarmament organization; and 1 to a league of nations organization. The questionnaire was submitted largely to students of social science, law, and business administration, and compilation was made by students in advanced business statistics under the direction of D. D. Gage, associate professor of business administration, and Raymond A. Platts, graduate student in business administration.

## No Earthquake—Just Car

It wasn't an earthquake which caused the damage above in Los Angeles, California, but just a car. The automobile got out of control, hurdled a curbstone, and crashed into and razed a large building. The ruins of the building completely buried the car but its occupants were not injured.

## Donut Wrestling

(Continued from page three)

Beta, won from Harry Milne, Phi Delt, by a fall, time 5:24. (second round.)

165-pound class: Dale Peterson, Yeomen, won from Bob Ollekson, Kappa Sigma, by a fall; time: 5:15. Gordon Mehl, Fiji, won from Phil Regan, Phi Delt, by a fall; time: 2:00. Tom Binford, Beta, won from Parr Aplin, Sigma Hall, by a fall; time: 0:45. Dick Russell, SPE, won from Charles Dudley, Fiji, by a fall; time: 5:10. Dale Peterson, Yeomen, won from Bob Marquis, Theta Chi, by a fall; time: 4:15. (second round.)

175-pound class: James Dimit, SPE, won from Bill Dunn, ATO, by a fall; time: 0:55. Bob Speer, Beta,

won from John Skirving, Chi Psi, by a fall; time: 3:05.

### 6 Minute Matches

Each match was scheduled for six minutes but exceptions were made when neither man had touched the mat by two minutes. In the latter case, the match was divided into two two-minute periods, the winner gaining the decision of the judges on time merit.

Officials for the day were Nephi Jorgenson and Earl Boushey.

## Drink Or Dance-- No Matter; It's Still A Squeeze

A new soda-fountain concoction, the pride and joy of every soda jerker, was originated by a campus barkeep in honor of the Lemon-Orange Squeeze to be held in Gerlinger hall Friday evening after the Oregon-Oregon State basketball game.

One of the soda-jerkers has concocted the following formula for the now popular drink: two squirts lemon extract, one squirt orange extract, both 99 44/100 per cent pure, stir well into ten ounces carbonated water, then iced.

Many of the rendezvous have installed this drink, the Lemon-Orange Squeeze.

# Gary Cooper says: "It's plain common sense for me to prefer this light smoke"

"A little over a year ago I changed to Luckies because I enjoy the flavor of their tobacco. Ever since, my throat has been in fine shape. As my voice and throat mean so much to me in my business, it's plain common sense for me to prefer this light smoke. So I'm strong for Luckies!"

Gary Cooper

IN PARAMOUNT'S "THE PLAINSMAN" DIRECTED BY CECIL B. DE MILLE

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Mr. Cooper verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.
