

European Diplomacy Quakes as Austrian Government Shaken

By GORDON RIDGEWAY

VIENNA, Feb. 15—As Chancellor Kurt Schuschnigg of Austria tonight revised his cabinet to introduce three ministers sympathetic toward Nazi Germany, further potential trouble was injected into Europe's bubbling brew.

The three appointees, all of whom enjoy the confidence of Adolf Hitler, were named to the positions of minister of interior, minister of justice, and minister without portfolio.

Cougars Win

(Continued from page one)

At the start of the second period, Friel's men broke into a sprint to hoist a barrage of field goals and in two and one-half minutes score 10 points.

They held a 35-to-23 advantage at the end of 10 minutes of play in the final chucker when little Wally Johansen, blond howitzer artist of the Ducks, put on a virtual "one-man" rally. He swished the net for seven points to boost the Ducks to within three points of the Staters with about two minutes left in the game.

Playing hard defensive ball, the Cougars checked little Wally with the count standing at 40 to 37 in favor of the Crimson and Gray clad boys. The Ducks failed to hit the bucket in the final two minutes, while the Cougars increased their lead another three points.

Al Hooper, speedy guard of the Cougars, paced the State attack with 12 points. He was matched exactly by Johansen of Oregon.

Laddie Gale, Oregon's northern division scoring record-holder, regained his shooting eye somewhat and pitched 9 points through the hoop.

already been tentatively completed, with minor parts not likely to be cast before the beginning of spring term, Robinson said. There are only two speaking parts of any length in the production, the greater being "Peer," which is the longest ever written. Several long soliloquies have been selected.

Now that most of the script is ready, designing of sets can proceed and some of the actual building begin, according to Robinson.

Records Ordered

The complete musical score in Victor records has been ordered for use in rehearsals. This will eliminate the necessity of having the University symphony at each rehearsal. The records will eventually be placed in the Carnegie room in the music building, Robinson said.

The show in its entirety runs nearly five and a half hours in the versions given in Oslo, Seattle, and other cities. This, Robinson stated, was being reduced to about half that length by elimination of some of the less significant parts.

Dance Groups Train

Dance casting will probably not begin until the first of spring term. The dance numbers will be done by members of Miss Paasikivi's advanced dancing groups, who are already trained to some extent, so that dancing numbers will not require as long preparation as the speaking parts. Learning of line for the difficult speaking parts must begin very soon, Robinson said, in order that they will be ready by April 26, the date set for presentation.

Not until the beginning of spring term will all departments of the production function together. From that time until the final showing of the super-spectacle the cast will work at top speed.

Upton Close was "on the spot" during the 1919 student revolution, the famine of 1920 and the great earthquake. At one time he was editor of the Peking daily, descendant of the world's oldest newspaper. His book about the earthquake, "Where the Mountains Walked," brought his election to the Explorer's club of New York. Student audiences will appreciate his background as an adequate one for a discussion of the topic of oriental relations during the present crisis.

Smokers Satisfied

shortly. They claim their intentions are strictly on the up and up, but we wonder how many smokes the boys will be able to get away with.

Although they stocked up on this particular brand of tobacco before the rush started, many eating house proprietors find it is hard to keep up with the demand. One of the boys who is on the payroll of the Siberian ice cream shop claims that he will be counting cigarettes in his sleep instead of the conventional sheep.

And to the reformers who are always harping about how the student's hard earned money goes up in smoke, we can now smile, tilt our noses heavenward and exclaim, "IT'S A GIFT."
