

143 Oregon 'Smarties' Make Winter Term Honor Roll

Grid Work Changes To Unfinished Area

New Candidates Out; Week Commences With Signal Drill

Coach Tex Oliver sent his football charges into the unfinished area of the men's gym Monday afternoon when showers made the practice field soggy.

"The boys have a lot to learn," Coach Oliver remarked as he followed some 60 steaming huskies into the Igloo basement.

Recent varsity candidates reporting for practice include Jim Cadenasso, transfer from St. Mary's, who will be eligible for competition next fall; Jim Eacutt, husky tackle prospect from Pasadena junior college, and Marvin Minick, another giant aspirant for the tackle position. Minick, hailing from Chadron, Nevada, has had no previous grid experience.

Monday's work centered largely on introducing a new signal system. Two large squads worked in the cramped arena learning the signals and individual assignments.

Bill Cole, new line coach, and former varsity star Del Bjork had one group, while Oliver and Mike Mikulak worked over another. Dummy work and light tackling were included in the afternoon's workout.

WALES GETS POSITION

Lawrence Wales, business administration senior, graduating this June, was hired by the Eastman Kodak company last Wednesday through an interview with a traveling representative.

Wales will go to Rochester, New York in July and enter a training school preparatory to joining the selling staff of the Kodak company.

Dahlberg Faith Receives Shock Student Profits

When a student in Mr. Dahlberg's class came to him to make a touch for the loan of the course textbook just before exams, Mr. Dahlberg felt generous and acquiesced.

Time passed!
And no book!

Mr. Dahlberg's home-work was suffering, and not being able to locate either book or student, he went down to the Co-op and bought another. A second-hand one!

It was when Mr. Dahlberg began leisurely to examine the bargain he had struck that his faith in human nature was dealt a severe jolt. On the front, inside, fly-leaf were written these words:
"Property of W. A. Dahlberg."

Little Art Gallery Has 38 Paintings Of Oregon Scenes

Andrew M. Vincent, head of the drawing and painting department, is the featured artist of the "little art gallery," in the first display of the term at the art school. The exhibit contains 38 paintings of Oregon scenes, particularly landscapes of Lane county and the coast.

"This is regarded as the first comprehensive exhibit of Mr. Vincent's work, and I think he's demonstrated a fine development from previous work, particularly in richness of color and tones," said Lance Hart, assistant professor of drawing and painting.

The "little art gallery" is open daily from 9 to 4:30 o'clock.
