

ROTC Prepares for Annual Inspection

ROTC officers, staff and students were busy yesterday preparing for the annual round of spring inspection tours by various army officials.

The first of these visits will be by Major General A. J. Bowley, commander of the 9th corps area. Major General Bowley will be on the campus on Monday for a brief inspection and a meeting with Dr. Donald M. Erb and Chancellor Frederick M. Hunter.

The annual inspection by Major W. C. Moore will be made on Monday, May 16. He will look over class rooms, building appearance and will also watch the classes drill. All students will wear uniforms to class for the inspection.

On Governor's day, May 25, Major Ralph Talbot Jr. will be present to inspect the drill teams.

Five men were pledged to fraternities during the past week, Virgil D. Earl, dean of men, announced yesterday. They are: Delmar Rice, Pi Kappa Alpha; Bob Wick, Alpha Tau Omega; Stanley L. Hanson, Theta Chi; Tom McKelvie, Sigma Chi; and Werner Asendorf, Beta Theta Pi.

Side Show

one cruiser, seven submarines, oil tankers, and aircraft carriers.

Also, large sums of money will go to the Spanish border, where France may have a new enemy on the other side if Franco's troops continue their sweep toward Italy's "mare nostrum."

In the Mail

first year the class had purchased the awards.

When the team was leaving for the coast conference basketball playoff we were again asked to build a flaming "O" on Skinner's butte. The "O" was there and it was a good job.

Then came our Frosh Glee and the editor admitted it was a "good jig." We tried to get a good band, charge a reasonable price and give the students a good time. We cleared expenses and succeeded in profiting close to \$100.

Out of the calm came the problem of the constitution. It was found, Williams was satisfied and extended an apology for his "beef." The points in question by Williams were satisfactorily cleared. He was satisfied, but not The Emerald. They had to kick whether or not they knew what they were kicking about.

Our class formed a coalition and put officers in by an almost unanimous vote. The class got together and cooperated to their satisfaction, but not The Emerald's. They had to kick!

The present administration has almost completed its term

and we have over \$400 in the class treasury. Class card sales will increase this amount next spring. Last year's class was without a balance (I am told). We have 250 class card holders which is a larger number than any other class.

The Emerald is a student publication and should be the voice of the students. The power of the press is OK but shouldn't this power be fair? I ask only for a square deal and an even break and neither of these were present in your editorial.

What are clean politics????

"Tiger" Payne,

Frosh class president.

(Editor's note: The Emerald doubted neither Tiger's business ability or the value of his service to the class. It merely expressed disappointment with President Payne's interpretation of representation and democracy.

The statement in the editorial, "Little constructive work was done by the class of 1941" was clumsy and not true. "In the extension of student democracy" should have been added to it.)

Musicians to Play At Mothers' Banquet

Miss Hixon, Phi Beta Trio, Delta Tau Four on Program

Lorraine Hixson, who took the part of Solveig in "Peer Gynt," the Phi Beta Trio, and the Delta Tau Delta quartet will furnish the musical background for the Mothers' banquet program to be held Saturday night in John Straub memorial hall. The banquet will start at 5:30, and the program at 6:30.

Miss Hixson will sing Grieg's "Morning Song" as her part of the program.

The Phi Beta trio, playing incidental music during the affair, consists of Charlotte Cherry, Audrey Aasen, and Dorothy Davis.

The Delta Tau Delta quartet will sing the Oregon pledge song at the opening of the program and "Mighty Oregon" at the close. Clyde Ingermann, Bert Chamberlain, Roy Vernstrom, and Walt Vernstrom make up the quartet.

Los Angeles Junior college has just completed arrangements for the shipment of 100 pounds of human organs for its life science museum.

Northwestern university sororities have at last given up hell week activities.

Editorial headline from a college paper: "Are We All Turtles?"
