

Mrs. Greenwood Ends Busy Year Leading Mothers

President Will Yield Gavel to Successor At Mass Meeting

The close of a successful year of leadership of the Oregon Mothers will come today when Mrs. A. C. Greenwood yields the gavel to the new president, who will be elected at the group's mass meeting in the music auditorium this morning at 10 o'clock.

Commenting yesterday on her term as president, Mrs. Greenwood said: "My year has been a happy and successful one, but this is due greatly to the fine cooperation from mothers all over the state. We are growing into a very strong organization."

Mrs. Greenwood was president of the Portland units before being elected state head.

Miller's Frosh

lay in the record time of 7 minutes and 53 seconds. It was the only smashing record run of the day. The old record held by the rooks was 7 minutes and 56 seconds.

The Duckling cinderman romped home in the 440 sprint relay, winning the 440 relay in the comparatively good time of 44.4 seconds, and the 880 relay in 1 minute and 35.1 seconds.

The rook's three-mile team of Russell Graff, Burt Emerson, Ken Thompson, and Don Vaillancourt beat a frosh team of Howard Hall, Eddie Adams, Earl Maynard, and Hugh Simpson by 100 yards in the time of 14:32. The record is 13:40 held by the frosh.

The rooks won the mile relay by in the week. Frank Emmons, Bill a scant 13 yards in 3:35.5. Bartos, Holcomb, Elgin, and Cooley ran

I'm Glad You Came Down

(Continued from page six)

stop for a long chat with you, wouldn't it? Naturally our descriptions of what we are doing, how we are doing, and what we hope and dream to do down here at college is of interest to you.

IF we spent more time telling you about our lives down here during the year we'd be better able to regulate our lives. Probably the collective grade standards of the collective group of students would come up if we listened to our collective mothers. There would be less flitting around from one activity to another trying to be "activity men," if we would talk more with you. Our social manners would more easily take on that "smoothness" we all acquire by the trial and error method.

So in between viewing the crowning of the queen, the Junior prom, the canoe fete and hearing the Helen Jepson concert, we'll probably have more to say to each other that will be interesting to both of us.

THERE'S one thing wrong with the whole weekend though, Mom, and I know you would like to have Dad down here these three days the same as we would.

On behalf of all the members of our gang here in Eugene, we're going to take this opportunity to extend a hearty and loving welcome to all of the Mothers. But you really know that this message of love is meant for you, Mrs. Pengra.

Don't wait as long to visit us again, Mother.

Trophies Awarded During Junior Prom

Zane Kemler was awarded the Koyl cup for outstanding junior man on the campus at the junior prom last night. Marionbeth Wolfenden won the Gerlinger cup, a similar trophy for junior women.

Canard club and the Women's Co-op won the campus scholastic cups awarded by Burt Brown Barker, vice-president of the University.

for the winners, with Morey, Griffith, Hanscom, and Wilson for the losers. The record is 3:27.5 held by the rooks.

The frosh came through to trounce the rooks in the 880-yard relay by about eight yards. Keen, Nott, Bond, and Diez ran for the frosh, while Selleck, King, Robinson, and Warner ran for the rooks.

Oliver to Show

(Continued from page five)

Rach, Gene Shultz, and Ron Husk are other gridgers who will not see action because of injuries. John Yerby, Jimmy Nicholson, Bob Smith, and Cece Walden, all out for baseball, will not play in the

game. There will be fewer reserves for the All-Stars. Ned Simpson is a reserve end, and Chuck Bracher can be shifted to a wing position if necessary. Jim Sickle, frosh prospect for next year, and Elmer Williams will be ready to fill tackle gaps. The aforementioned Hurney can play either at tackle or guard.

Chan Berry, all-around handy man, can fill in at any position on the line. Bob Davis and Steve Fowler, frosh fullbacks for next year,

will be sent in to relieve the backs. Jim Dimit, a frosh player of several years ago, has also been used in backfield practice drills.

Playing time for the game is still undecided. The first half will be run under regulation time rules, with fifteen minute quarters observed. The second half will probably be shorter—because of darkness and, as co-coach Tony Amato of the All-Stars remarked, "because we'll feel like quitting about then."

Origin of Weekend

University Day Sidewalk . . . one of the early traditions on campus before Junior weekend came into being consisted of laying such walks.

Deady's Walks Reveal Junior Weekend Origin

The inscription, "University Day," on several of the walks around Deady hall stands as evidence of the origin of Oregon's famous "Junior weekend."

The original University Day which became Junior weekend in 1908, was the day on which all men turned out to "beautify" the campus, planting trees and making other improvements.

President Prince L. Campbell was the founder of the day. He turned what had been Junior day, when the juniors tried to hoist their flag in the northeast tower of Villard, into a campus improvement day.

While the men worked on the improvements, the coeds prepared a campus dinner. This in later years became the present campus luncheon.

Following the dinner came the Junior Prom which at first was but a small dance with few guests. The Canoe Fete was added several years later.

A valuable reference for NOW and the future.
