Tea to Be Given For Benefit of Homer Collection

More than six hundred seniors at the University will receive degrees at commencement this year, according to James H. Gilbert, dean of the college of social science, and chairman of the commencement committee.

An old custom will be continued Friday afternoon from 3 to 5 when a benefit tea for the Pauline Potter Homer collection of books will be held in the browsing room of the new libe.

The tea is sponsored by the State Association of University Women, and by the library staff.

Founded in 1919

The Pauline Potter Homer collection was founded in 1919 when the library staff decided to establish a permanent display collection of choice and unusual books. Her father gave her books to the University library and established a \$2000 fund, the interest of which is used each year to increase the collection.

Frederick Woodward Skiff, collector of books and antiques, of Portland, will deliver an address on book collecting. The public is cordially invited to attend the tea.

A unique feature of the University lucheon to be held Saturday noon, May 28, is the class reunion of 1883, representing a class which graduated 55 years ago. This is believed to be the first time a class from that far back has held a reunion.

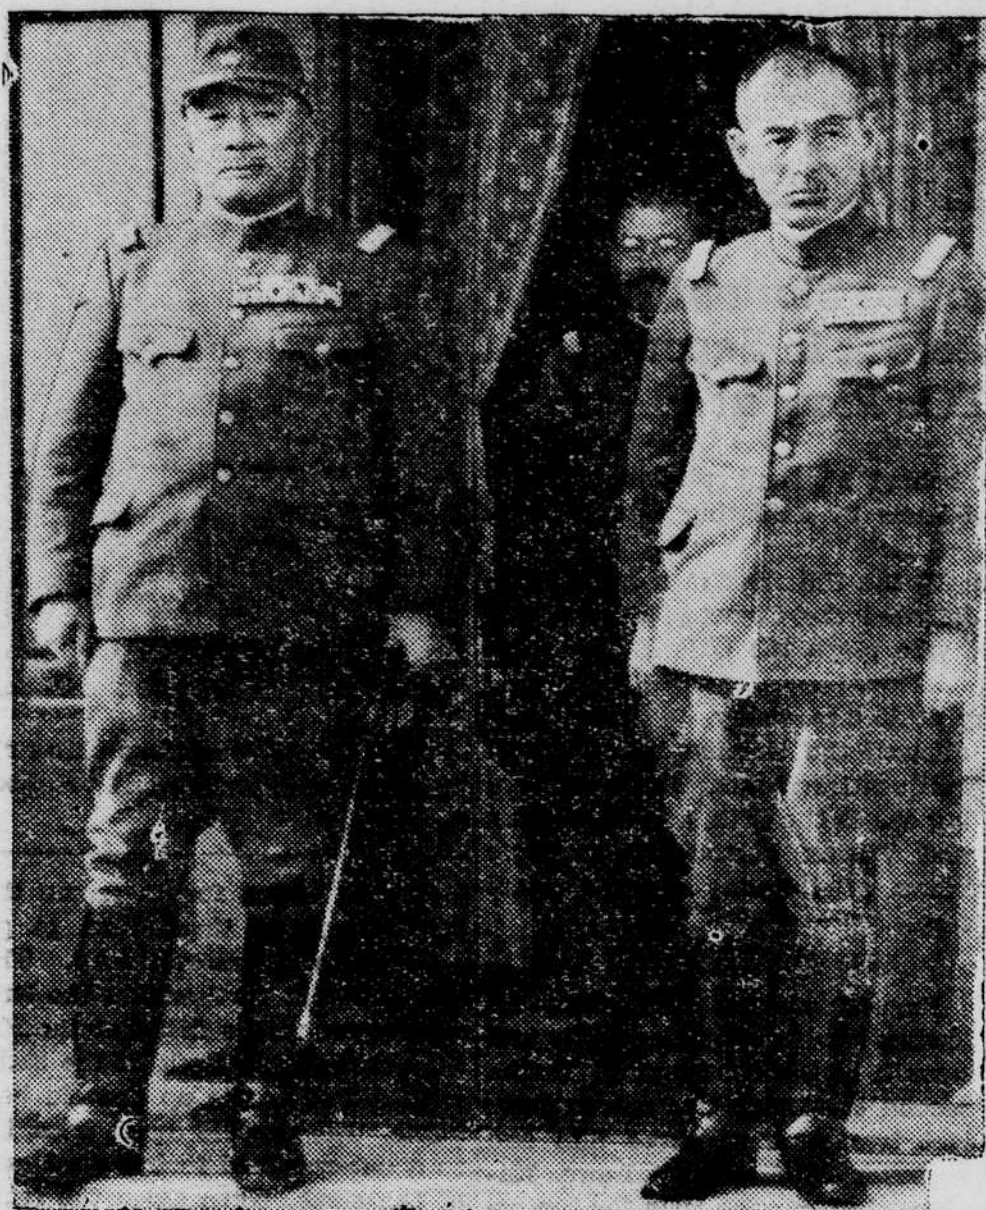

Music at the twilight concert, following the Flower and Fern procession, will be given by the University chorus, under the direction of Paul Petri, professor of music in alumni room in Gerlinger hall.
