About

Where's everybody been this summer? Not a few grads and undergrads have put in their time right here in Eugene, helping boost that summer school attendance, which, incidentally, broke all previous records.

AUSO Prexy Weston has been touring the state in the interests of good ole UO, accompanied part time by Ralph Walden. Gib Schultz, who led the student body two years ago, has been on the road for New York Life. Also in the insurance game were Ray Brogdon and believe it or not, Harry "Wild-Cat" McCall who is now handing out an insurance line for the Son company. Ever hear of it? McCall tried his hand at pro ball early this summer. Now he's in insurance. Nuff said. By the by, he and Dick Devers may form a law partnership one of these years, according to McCall.

Past AUSO President Gayle Buchannon, former Emerald columnist Clare Igoe, and Theta's Elizabeth DeBusk were among the many Eugene girls remaining in Eugene. Columnist Polleck of "Folly's fame" spent another quiet summer on the road gang . . . no stripes, however. Hopes for a newspaper job come fall . . . with pay.

moments.

Our man Volchok . . . Zollie to you . . . has been taking it easy this summer, that is, attending summer school classes when he's not been on the tennis courts. Understand Zollie put in two whole hours studying one afternoon. Nearly did him up, however. At any rate, must be some kind of a record for him. Dale Mallicoate will do publicity art work for ASUO again this fall. Passed through town with Bill Lauderback the other day.

Still that same old way are

Barbara Thompson and the Webfoots' high-stepping Steve Anderson. Also stringing along are Buzz Knowlton and Francis Dickenson, Pete Igoe and Ethel Rhonalt, Bob Winslow and Betty Thomas, and many others. Alpha Phi's "Emmy" Norvell kept books for the Electric Cleaners most of the summer. Saw Chi Psi's Tom Fuson before he left for Cleveland where he will attend med school this coming year and had one bang-up of a time. Rita Wright attended business college here in Eugene. One good reason why Phi Delt's Bill Cummings spent several days here. But what did Earl Fortmiller do while Bill was in town? What could he do.

Oregon Scholarships Various scholarships, many of which were also established by private donors, are awarded to outstanding students during the school year. The state of Oregon gives a limited number totaling \$21.50 a term or \$64.50 a year. Fifty per cent of these go to entering freshmen. In order to be eligible, an entering student must rank in the upper third of his high school graduating class. These scholar-

ships have already been awarded

for the coming year. A complete list of the organizations giving scholarships may be found in the University catalogue. Some of those given in particular fields are: \$100 by Alpha Delta Sigma to the outstanding junior man in advertising, \$250 annually from the American Bankers' association to a student of banking and business who is outstanding in scholarship and who is partly or wholly self-supporting; the Carnegie scholarships to art students; and Mu Phi Epsilon, Phi Beta, and University Orchestra scholarships to musicians. Nearly all of these scholarships are awarded on the basis of scholastic achievement and need.
