**Wesley Club To Fete  
On Silver Jubilee**

Celebrating the twenty-fifth anniversary of the founding of the first Wesley foundation at the University of Illinois, Wesley club members are giving a silver jubilee banquet at the Methodist church at 6 o'clock Friday evening.

Professor Charles G. Howard of the law school, chairman of the Wesley foundation commission, will be the speaker. Professor Howard has been active in the Wesley foundation work for a number of years. The local group was organized 17 years ago.

A film of Wesley foundation activities prepared at the University of Illinois will also be shown.

Professor Howard was at the University of Illinois in 1913 when the first foundation was organized by his brother-in-law, Bishop James C. Baker of California. Professor and Mrs. Howard were in charge of the graduate group at that time.

Similar anniversary celebrations will be held in all of the 70 foundations in state and independent colleges and universities throughout the country.

Harriett Robinson, chairman, is assisted by Dorothy Rowland, program; Anita Backburg, decorations; Charles Hurlocker, programs; Ruth Castanian, publicity; and Mrs. R. P. Sutton, head of the mothers' committee.

**MERMEN NOTICE!**

Varsity swimmers!! Fresh swimmers!! The time and place for the varsity meeting has been changed. Coach Ned Johns will meet the varsity at the men's pool, Tuesday, November 1, at 4 p.m. Those interested are asked to appear in street clothes.

At 5 o'clock—immediately after the varsity meeting—Mr. Johns will meet with all freshmen swimmers.

**Erb, Hunter to Attend  
USC Game Saturday**

Off to the grid wars go the higher-up on Saturday—as spectators. Both Dr. and Mrs. Erb and Dr. and Mrs. Hunter will attend the Oregon-USC game in Portland.

Dr. Hunter will have as guests in the chancellor's box Mayor and Mrs. Joseph K. Carson of Portland and Senator and Mrs. P. J. Stadelman of Pendleton.

Dr. Erb will return to Eugene from a speaking trip to Ashland before going to Portland.

**Fighting Webfoots**

(Continued from page one)  
big Jim Stuart, the carrot-topped tackle who opened against Fordham will do the pinch-hitting at right tackle.

The guard positions seem set with Cee Walden and Nelo Covanini holding forth, but center is an undecided spot. Jim Cadenasso may start, but so may Erling Johnson, the Webfoot whose name skyrocketed across the nation's sport pages because of his hard tackle of Len Eshmont of Fordham.

**Nilsen Ready**

Hank Nilsen is once again ready for quarterback duties, but the rest of the backfield jobs seem to be open. Big Marsh Stenstrom, because of his line-plunging in the Fordham game, may start at fullback. Ted Gebhardt will probably shift over from right to left halfback, where his triple-threat work will be more advantageous to the Ducks. The other backfield split is a question. Three Webfoots rate. Steve Anderson, Bob Smith, and Dave Gammon are all going great. Any one may start.

**25 Hopefuls  
Answer Duck  
Ski Turnout**

Prospects for a strong Oregon ski team are good this year, with two regulars and two alternates back from last year's squad. About twenty-five men turned out for the meeting Wednesday night.

About ten are signed up for the trip to the Northwest meet, at Sun Valley in December. Plans for the trip include a week of training and instruction at the resort before the contest.

Regulars returning from last year's team are Walt Wood and Pat Dolan. Alternates returning are Phil Gould and Tom Wiper. In Neil Farnum, a Reed transfer, and Ed Wallis, from Sacramento JC, Coach Lafferty has two good slat-riders.

**Russian Art Display  
Museum Feature;  
Books Also Listed**

Masterpieces of Russian art are being displayed at the art museum in the small exhibition room on the first floor.

Eight of the Russian icons or religious paintings are done in oil and one in enamel set with gold. Several books and articles may be

had from the museum reference library explaining the exact nature and history of the icons.

As a help to students who have many themes or term papers to write, Marjorie Reynolds, museum

librarian, stated that the museum library offers much information on such theme possibilities as the study of jewelry, oriental literature, or how the present war in China affects Chinese conditions.
