Cast in Smooth Form at Footlights As Opening Date Draws Near

By ELIZABETH A. JONES When a college musical comedy cast hands out a large slice of satire in the middle of a rib-tickling, high-gear extravaganza - and makes it stick, you've got something.

And when the whole thing is presented "With Fear and Thembling," by Horace Robinson and Wilfred Roadman, featuring the Mary Staton-Lester Ready-Lorraine Hixon singing and acting combination, spiced with the irresistible comedy relief of Patsy Taylor and Jens Hansen-then you've got something else again! Act Two Clicks

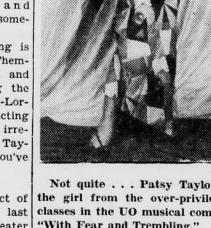

Rehearsal of the second act of "With Fear and Trembling" last night in the University theater showed up previously unrealized depths of humor . . . and revealed a satire on the war and peace angle that will really wow University audiences next week . . beautifully timed with the "peace strike" coming up next week. Music . . . real music, created

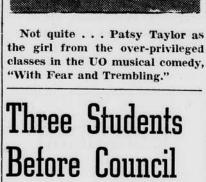

and sung by Roadman and the stu-dent cast, gives the comedy every For Suspension touch of swing, sweet and hot, torchy rhythm, rousing chorus volume, and excitement that a dancing and singing cast of 40 can put over in one small theater.
