Officially the conference will open Saturday afternoon at a 4 o'clock singing led by Bill Wood. ## Five Events Listed; Staters Won in 1938

By KEN CHRISTIANSON

By relying on his turnout of last year's former high school luminaries, George Stovel, freshman cinder coach, hopes to post an Oregon win in at least three events this afternoon on Hayward field in the relay meet between the Oregon State and Oregon freshman trackmen. Last year Oregon State won by a three to two count. Oregon State took the mile, three-mile, and the medley relay to clinch a victory. Oregon won the 440 and the 880-yard relay events.

Only one meet record was posted in 1938. Oregon State's medley relay team shattered its old mark of 7:56 with a sparkling 7:53.

### Ducks Strong

Oregon is conceded a very good chance to win by track prognosticators. Stovel has one of the best teams in years.

Wes Steele, Jefferson high's ex-quarter, will be the work-horse of the day. He is to be entered in the 440, 880, and the mile relay events.

Steele has turned in a time of :51 in the 440-yard sprint. Steele will run anchor man in the mile relay.

Dutch Schultz, Forest Grove's contribution to the Webfoot team, will run in the anchor position in both the 440 and the 880 relays. Schultz was high-point man in last year's state meet. He has beaten the best of Bill Hayward's sprinters in the recent 110 and 220 time trials.

### Kleinfield Okay

Ray Dickson, Bend all-around track man, will run in both the 440 and the 880-yard events. Carlo Apa, speedy sprinter from Portland, will probably be out of the lineup due to a pulled muscle.

Ray Kleinfield, dominating miler in the last three state meets, has pulled a muscle but will probably be ready to fill the anchor man position in the three-mile relay. Ed Storli, Benson high's brother of Oregon's famed Kerman Storli, has chosen the 880 as his specialty and will run in the three-mile relay.

Boyd Lee, second in the 440 in last year's state meet, is expected to provide a good time in the mile relay. Al Toole and Bob Olsen with Steele will run in this event.

Dave Scroggin, stocky speedball from Seaside, will fill in the other position on the 440 and the 880 relays.

### Five Ready

Either hard-running Bill Ross, Sam Cox, or Ed Reiner will run in the other two positions in the three-mile relay.

Stovel has five to choose from in the medley relay—Oregon's biggest weak spot last year. Bob Olsen,

## Yerby Signs Grid Contract

John Yerby, regular Oregon end for the past three seasons, this week joined the pro grid ranks, mailing his signed contract to the Cleveland Rams.

One of the Pacific slopes "select" who were picked up by professional clubs last fall, Yerby was drafted by the Green Bay Packers. The Packers, in need of a tackle, traded him to Cleveland for Nick Zoll, regular right tackle of the Rams for the past two seasons.

The training season for the football "big leagues" begins August 14, at which time Yerby will report.

Yerby came to Oregon from Grant high at Portland, where he was a star football and baseball player. At Oregon he played frosh ball, and then moved into the varsity ranks. He played his first two years of Pacific coast conference ball for Coach Prink Callison, and finished his varsity competition under Headman G. A. (Tex) Oliver.

The easy going Yerby also made his letter in baseball at Oregon, but this spring has substituted golf as a conditioner.

The Baker Record-Courier suggested editorially that one of the chief mechanical defects contributing to automobile accidents is that the nut at the wheel gets too tight.
