Oregonizing Should Need No Urging

ONCE again the ASUO is in its most trying period, a drive to sign up members, by the term or by the year. Every fall, winter, and spring it's the same old story. At the start of the term a complicated machinery must be set up and put in motion to do intensive missionary work necessary in order to convert the potential student body into membership. And conversion it is, for even though they intend to buy anyway they love to be convinced.

This fall the campaign is no different. Glenn Eaton, one of the best men who could be found anywhere for such a job, heads the ASUO missionaries. Each day his boys and girls go out and bring a few more "Oregonizers" into the fold by selling them student body tickets. Last night's figures showed almost a ten per cent jump over those of the day before, due no doubt to the proximity of the Stanford football game, prime utilitarian consideration never to be overlooked by canny late-buyers of ASUO membership.

EACH time all this drive machinery is set up, Carlyle-ist tendencies crop up in some of the more flexible minds here and there. Hold the thing off at arm's length and it is not exactly soundly explainable. Consider that on the ASUO card, in addition to football, which should be enough by itself, there is as strong a cultural program as could be assembled for three times the money. Consider that the educational activities board did a good job, using methods tried and proven over a number of years, in lining up the best program a student body membership of this size could afford.

Consider also that this year 20 cents out of every ASUO dollar goes into a building fund, which will in the near future add a student union to the campus physical plant. It is evident, then, that there can be no large margin of profit in a program which sells at \$15 a year. The board specializes in educational activities, and all these things are educational.

College happens but once in a lifetime, for most of us. It is the only time these things will appear in the same light. All these things being admitted, why then is it necessary that conversion must be accomplished each term? The article for sale can stand on its own legs as to value and depth, and most students would rather be inside looking out than vice versa. It must be that the student, like the rest of the American public, wants to be coaxed into something he wants to do

Dorothy Hix Attention! . . . For those erstwhile piggers who would work all the angles to impress the lady love, may we offer a few suggestions for musical angles. Dedicating a significant recording to her on the KORE allrequest program serves to constantly remind her of you. If the band was playing a certain tune the night you planted your pin, wheel her around the dance floor. style shows this fall stressed that It's a lot easier than trying to hair should be up off the collar think up something intelligent to line, but Oregon coeds for the most say. And if anyone should achieve part still favor the long fluffy bob

that Glen Miller's waxing of "Blue Moonlight" is the number most Shirt Me Mother Made for Me" was the most popular request. Up and Coming! . . .

Bing Croby's version of "What's New" is a good example of what an entertainer like Crosby can do for a tune. About a year ago, "I'm Free" was written by Bobby Hackett for Bob Crosby's orchestra. Somehow, the number didn't quite click. So recently, they wrote new words for the "I'm Free" melody and titled it "What's New." Now that Bing has recorded the number it looks like a definite bid for the Hit Parade

Taking advantage of interest in the current European war, MGM rushed production on "Thunder Afloat," a world war melodrama set back in 1918 when sub chasers were raiding German U-boats off the Atlantic coast.

Wallace Beery as the lead, turns in an excellent performance as a other ways to keep dry than by rough, gruff captain of a tugboat. The tugboat incidentally is the same boat used in "Tugboat Annie" co-starring Wally Beery and the late Marie Dressler, some years back. Virginia Grey, as Berry's daughter, and Chester Morris, as a rival tugboat captain, provide the love interest.

with MAJEANE GLOVER

Don't let the dismal rain scare you this fall. Back from our summer vacations and anxious to see how the shops looked again, we soon found that no matter how dreary it is outside, inside the stores are shining with brilliant new fall

Speaking of rain there are wearing the good old standbys reversibles and reefers. At the Broadway Inc. we found waterproof raincoats of rubberized picque, piped in blue. The coat is \$4.75 and a white hood to match is 79c.

Outstanding in bright colors are the little eye-catching twopiece dresses at Gordon's of soft, wide wale corduroy. Some are two-tone and some in plain colors. One two-tone dress has a brilliant red jacket with a dark blue skirt. The jacket has, conveniently, four pockets and a double row of shining brass buttons. Price, \$14.95.

Keep warm this winter with the new Jacoat now being featured at Kaufman's. These lined jackets are shown in several bright plaids. Wear them with any skirt or a skirt made to match. The suits are \$7.95 and \$10.95.

We can't be biased in praising the new styles in women's fashion's because at DeNeffe's we found sweaters and jackets that are just "tops." The "Vagabond," a LaSalle sport packet, comes in colors of green and nude, is partially lined, and is made of rayon which looks like brushed wool. Complete with two pockets and leather buttons. Price, \$2.95. Even the girls will be interested in the smallest size of this sweater.

At Hadley's we found something we know you'll appreciate on these cool evenings when you have to stay up to study. Chenille robes "soft as a kitten's ear" in white, pink, heaven blue, royal blue, wine red, and melon Either wrap around or zipper style with satin trim. Price,

Girls on the campus have found that nothing proves more practical in footwear than saddles. Burch's are reducing their regular \$4.95 saddles to \$3.95 and are purchasing a new group of saddles which will be \$4.95. For general all-around campus wear this shoe just can't be out-
