

Youth Hostel Enthusiasts Will Meet at 7:45 in Alumni Hall

Local Branch Plans Meet Tonight

Onthank, Councilor May Appear; Circle Members Vary

Plans for the activities of the Eugene branch of American Youth Hostels which have lain dormant through the summer will be brought to life tonight when the "cycle circle" meets in Gerlinger's Alumni hall at 7:45 o'clock.

Beverly Steel, student chairman, has extended an invitation to all who are interested to attend the conclave and become acquainted with last year's members and familiarize themselves with the club's activity program. According to Karl W. Onthank, executive councilor for the group, there is a possibility that Margaret Dunham, regional representative of the association may be able to attend the meeting.

Youth Hosteling first made its

appearance on the Oregon campus last spring when Nancy Reasoner, Northwest regional secretary and organizer for this district visited Eugene and formulated plans which led to the founding of the local club. Following usual procedure, the club which is not confined to students but includes many townspeople and faculty members, secured a group of Eugene business men to act as sponsors. Working with a similar body of sponsors in Portland, they made arrangements for a number of hostels which were located on a route laid out from Portland to Eugene.

First trip on the activity schedule of the club was a short "warm-up" trip last May with the hostellers cycling out for a picnic. The route which was laid out for late spring and summer travel included stops at Corvallis, McMinnville and Salem for those making the trip to the Rose city.

Slogan Given
Although the American Youth Hostel association is patterned after those originally formed in European countries, the slogan of American hostellers this year will undoubtedly be "See America First—and Soon." One of the great benefits obtained from the hostel activity in Europe was the friendship it created among the youth of the nations. The present war will end nearly all hostel activity in central Europe.

Last year Mr. Harlow Hudson, architecture department instructor, and Mrs. Hudson made a bicycle trip through several European countries traveling the hostel routes. Upon their return they told of many pleasant experiences and incidents which included exchanging languages, native dishes and clothing of national interests with acquaintances made at hostels. Mrs. Hudson described hosteling as "going third class but having a first class time."

Ad Honorary Lauds Alumnus

A dinner honoring Carl F. Thunemann was held by the W. F. G. Thacher chapter of Alpha Delta Sigma, national men's advertising honorary, Tuesday evening.

The down-town alumni association pointed the active members in wishing Mr. Thunemann "bon voyage." He left this morning to take over a new position in Aberdeen, Washington.

Mr. Thunemann, formerly advertising manager and sales manager of Washburne's store up to the time of its close, was known and affectionately regarded by University of Oregon students interested in advertising and merchandising, many of whom he has addressed. He is an associate member of the chapter which was named for Mr. Thacher, professor of English and advertising at the University of Oregon.

Balloting to Decide

(Continued from page one) getting their parade going at 6:30 in the evening. Expected participants lingered too long over their dinner and were consequently late for the start of the party. The party was to be illuminated by torches, and thereby came more trouble. Said torches all but refused to be lit and the oil dripped all over the sidewalk. There was some question as to whether the carefully painted "vote-for-so-and-so" signs could be seen in the dark or not. It was explained that the signs expressed fine sentiment and therefore were allowed to be heard fluttering in the breeze, even if not to be seen.

(Continued from page two) post. Regner played heads up ball at left end, as did Jim Harris at the other end.

Bernie McCudden came in at quarter for a time, showing a lot of drive. Anderson got off some good gains with his cutting back into the line of reverses. The center of the frosh line was the hardest to go through.

Mike Mikulak had charge of the first men, which included the heaviest team that Oregon has lined up to date. The backfield of Denny Donovan, Johnny Berry, Bob Smith, and Marshall Stenstrom average a shade under 196 pounds per man. Dick Horne was in there again at the left end position.

Ray Segale, the promising guard who has been wearing a cast on his knee lately, was performing in the scrimmage in great style yesterday. Apparently his stiff knee is a thing of the past.

Coach Oliver spent a lot of time showing the boys what they did wrong in the way of cut backs and reverses.

Today another hard scrimmage is in the schedule.

Ford Speaks

(Continued from page one) which the news is sent out, once it is gathered, the press association worker's job would get very humdrum and uninteresting, if it were not for the fact that they are dealing daily with human lives and emotions.

Hobson Drills

The Man About Town

By FRED O. MAY

The Man About Town this week was quite impressed with the stylish fashions being shown by the stores of Eugene. Wouldn't you like to go around town and look at them, too? Here we go—

Looking in the Buster Brown Shoe Store we see Roblee shoes for men.

The Smart Scotch grain brogues in black and brown are quite popular and stylish this fall. Price \$4.00.

Friday, the "Don Richards" signature on a garment is accepted by young men as a mark of fashion authority for clothes that are as correct as they are clever. If you want to give your wardrobe a lift out of languor... smart it up... give it new life and color... we

prescribe the invigorating style of a "Don Richards" suit featured at Hart Larsen's.

Just the thing for the game Saturday is the new SNUGGIE being featured by Bryrom & Kneeland at their Man's Shop. The SNUGGIE includes a pillow and rainproof blanket all in one with a zipper from the feet up to keep you dry and warm. The Man's Shop is also featuring the popular Crew Hats.

Being shown at DeNeffe's were Camel-hair top-coats. This is a shower-proofed coat of full length with regular raglan sleeves. The coat is beltless, with a full sweep and comes in a tan camel hair color. Price \$25.00, and the 100% Camel-hair, \$35.00.

Look for it at DeNeffe's down town campus shop.

Powell and Edbloom is featuring several styles in the popular anti-dust men's shoes. Just the shoe for campus wear and practical in rainy weather. From \$5.00 to \$7.50.
