

'Smarty Party' Honors Coeds

Mrs. Eric W. Allen Addresses Mortar Board Members

Mortar Board's annual "Smarty Party" reached a new high in attendance when 247 University of Oregon coeds, whose grades reached three point or over, received invitations to the celebration given in their honor by the senior women's honorary, in Alumni hall, Gerlinger, last night.

Mrs. Eric W. Allen informally addressed the "Smarties" remarking, "If you run up against something you don't like, and you can change it, change it; but if you can't change it, accept it graciously."

The ability to accept inevitables gracefully, Mrs. Allen maintained to be of paramount importance.

"Happiness," she pointed out, "can be acquired, can be learned, and afterwards, can become a habit—and a habit which should be developed as early in life as possible."

Jean Burt, Kwama, sang "Homing" by Teresa Del Riego, accompanied by Elizabeth Steed, also a Kwama.

Refreshments, consisting of ice cream, cake, and coffee, were served by members of Kwama.

News Women Wax Female Sports Staff

By NANCY LEWIS

Down, down, down went the reputation of the feminine sports staff yesterday afternoon when the members of the news staff trounced the challengers, 15 to 3 in a very rough but lopsided basketball game on the Gerlinger floor.

Without even one "ringer" the news staff marched onto the floor expecting to take a terrific waxing, instead they tipped the favorites 15 to 3. Connie Averill, captain, with the help of Helen Moor and Ruth Hartley scored easily over the opponents. Corrine Wigness, Corine Lamon, and Florence Anderson checked the sports staff forwards, Margaret Young, Kathleen Brady, and Nancy Lewis, to a measly three points. Mary Belcher, Marge Dibble, and Virginia Bubb attempted to guard the elusive news staff forwards but, as the score showed, failed miserably.

Indian Book in Libe

The book, "First Penthouse Dwellers of America," by Ruth M. Underhill, which is an illustrated work on the Pueblo Indians of the Southwest, is now available at the University library.

IRC Conference Program

FRIDAY, FEBRUARY 23, 1940

9:00 to 10:00 a.m. Registration, Faculty room, Friendly Hall
10:00 to 10:30 a.m. Opening meeting: Greetings by Dr. Donald W. Erb, President, University of Oregon
Greetings by Wilbur Grant, host club president
Response by Ed Prentiss, vice-president, International Relations Clubs, Reed College

Dale Courtney, Western Washington College of Education

3:00 p.m. Meeting for discussion of Club work and problems, Miss Jones presiding, Faculty room, Friendly Hall
4:15 p.m. Informal Tea, Alumni Hall, Gerlinger Building
Professor André Philip, University of Lyons, France, speaker
6:30 p.m.—Dinner, St. Mary's Episcopal Thirteenth Street Church, 166 E.

Phi Psis, Pi Kaps, Sigma Nus Take 3

Three new men pledged Oregon fraternities during the past week to raise the term total to 29, the dean of men's office announced yesterday.

The new members are D. Bob Hill, Mill City, Phi Kappa Psi; Charles F. Mallory, San Jose, California, Sigma Nu; and Thomas Robbin, Pittsburg, California, Pi Kappa Alpha.

Paul Robeson

(Continued from page one)
program, ranging all the way from Jack Benny's Kenny Baker to Sergei Rachmaninoff, from Gladys Swarthout and Alec Templeton to Albert Spalding and the Don Cossacks. Long-time board members reported the list the best and longest ever to be available for selection. There was no word at all from speakers, such as Woolcott, Benchley, et al, who are in the midst of their present season, George Root, educational activities manager, reported.

Announcement of the complete list will probably be made at the next meeting of the board.

Request Turned Down
Originally intended to be the subject of a special meeting but moved up in order that the Junior Weekend budget could be made up was an interfraternity request for an adjustment on canoe fete expenses whereby Junior Weekend would pay the cost of material for canoe fete floats.

The board denied the request upon a motion by ASUO Prexy John Dick, seconded by Verdi Sederstrom, ASUO first vice-president. As a counter proposal the board moved to authorize the activities manager to do the material buying in bulk for participating organizations, providing they so requested. This was the final business of the meeting.

Four student members were present: Dick, Sederstrom, Vernstrom, and Jermain. In the absence of J. O. Lindstrom, University business manager and board secretary, a stenographer was on hand to record the meeting.

The Crystal says...

that you'll have a grand time at the Senior Ball or that important house dance if your clothes are fresh from the Eugene Cleaners!

ADS Dance Set For March 29

Advertisers Name 'Musical Kollege' As Theme for Hop

"Musical Kollege," in the manner of Kay Kyser, will be the theme of Alpha Delta Sigma's annual "Krazy Kopy Krawl" to be held in McArthur court March 29.

A contest on questions of a musical nature will be one of the features of the evening.

Dancers may submit questions and those selected will be put to the contestants. If the contestant answers the question he will receive a prize, but if he fails to give the correct answer the person submitting the question will be given the money.

Ad Man Promoted

Lynn Johnson has been promoted to the position of merchandising manager of the Emerald in place of Ray Cook, former manager.

ADPi Victors

(Continued from page three)
stealing and feeding the ball well for ADPi. The last half of this contest became a fast-breaking and close guarding game with both teams only doubling their half-time scores.

Lineups:
ADPi, 12
McCarthy, F..... 8, Kappa
Wadsworth, F..... 6, Thompson
Shoemaker, F..... 2, Roberts
Workman, G..... 2, Morfitt
Smith, G..... Plankinton
Van Dellen, G..... Woodruff
Officials: Miss Eastburn, Hazel Oldfield, Anna Banick, and Helen Semler.

HERE'S ROY CONACHER (No. 9), HIGH-SCORING FORWARD OF THE BOSTON BRUINS, WORLD CHAMPIONS of '39...

IN THIS ACTION SHOT he's come in like a bullet from an express rifle... he takes a pass. But the opposition's defense stops him—this time.

AGAIN a furious flash of speed... a split-second of stick magic... and the puck shoots home for the goal that wins the match.

His hockey's fast and hot!

BUT HE SMOKES A SLOW-BURNING CIGARETTE FOR MORE MILDNESS, COOLNESS, AND FLAVOR

"SPEED'S fine in hockey but not in cigarettes"—Roy, how right you are!

Research men may use fancier language—but they say exactly the same thing about cigarettes.

Scientists know that nothing destroys a cigarette's delicate elements of fragrance and flavor so mercilessly as—*excess heat*. And cigarettes that burn fast also burn hot. Your own taste tells you that.

Slow-burning cigarettes don't burn away these precious natural elements of flavor and fragrance. They're milder, mellower, and—naturally—cooler!

And the slowest-burning cigarette of the 16 largest-selling brands tested was Camel! They burned 25% slower than the average of the 15 other of the largest-selling brands tested. (See panel below, right.)

So... why not enjoy Camel's extra mildness, coolness, fragrance, and flavor? ... And extra smoking equal to 5 extra smokes per pack.

SPEED'S FINE IN HOCKEY BUT NOT IN CIGARETTES. I LIKE SLOW-BURNING CAMELS... THEY'RE Milder AND COOLER

When it's easy-chair time after that rough-and-tumble mêlée known as a hockey match, you'll find Roy Conacher of the Bruins enjoying a milder, cooler, more fragrant, and flavorful cigarette... Camels, of course.

FOR MILDNESS, COOLNESS, AND FLAVOR—

CAMELS SLOW-BURNING COSTLIER TOBACCOS

In recent laboratory tests, CAMELS burned 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them. That means, on the average, a smoking plus equal to

5 EXTRA SMOKES PER PACK!

Dr. Staples Talks On Quicksilver

Dr. L. W. Staples, geology instructor, spoke before Sigma Xi, science honorary, on "Quicksilver—occurrence, metallurgy and economics" at their last meeting held in 101 Condon Tuesday evening.

Dr. Staples gave a brief description of the methods of finding cinnabar, the mineral from which quicksilver is usually obtained, and told about several uses of the product.

After showing lantern slides illustrating various factors in the metallurgy.

They're New... and they look it.
