

# Fraternity Houses Will Get Repaint, Repairs as Spring Bestirs House Managers

Spring does not suggest fun and frivolity for the forgotten soul—the fraternity house manager. While the rest of the house wanders merrily along the mill race, he, poor soul, must take inventory, and, as he sadly inspects each shattered window and ripped rug, surely he utters a soft and soothing phrase aimed at the souls of fraternity men.

This spring term and summer, as with past spring terms, will see a boom in building activity and decorating, as campus living organizations redecorate and renovate.

Here's what the men are planning for their houses—

**The Deltas** are rebuilding their sun porch, repainting the basement.

**ATOs** are remodeling and repainting their "tub."

**Betas**—are tentatively planning to remodel their entire structure this summer, with nothing definite planned.

**Kappa Sigs**—are planning new lawn furniture, and are thinking about new furnishings for the downstairs.

**Phi Deltas**—are continuing work on their den. This summer the house is to be completely remodeled.

**SAEs**—will remodel the upstairs and downstairs furniture. Also work will be done on the tennis court and lawn.

**Sammies**—are getting new furniture for the coming term.

**Sigma Nus**—have tentative plans for a new driveway, and a sawdust burner, as well as a dining-room table.

**Theta Chis**—are planning new hallway rugs and will have the davenport set recovered.

**Sigma Chis**—will refurnish all the downstairs floors and will put in new carpets on the stairways and downstairs. In the summer plans are being made for a new sidewalk around the house, and a red brick wall and perhaps, parking space on the back property. Plans for a new game room in the basement are also part of the schedule.

**Sig Eps**—have their program definite, but have not released it as yet.

**Pi Kaps**—have plans to extend the rear of the house and the sleeping porch.

**Phi Sigs**—will have new furniture, a new paint job, new rugs, and wall paper.

As for the sororities:

**Alpha Chis**—are to remodel their entire house this summer, and have tentative plans for new studio couches in every room.

**Alpha Gams**—plan to redecorate their game room in the basement and paint the walls white, trimmed in Chinese red enamel.

**Alpha Phis**—are considering installing new dressers in all the rooms.

**Alpha Xi Deltas**—will completely remodel the third floor.

**DGs**—are getting their smoking room redecorated by their Mothers' club.

**Chi Omegas**—are going to fix the sidewalks in front of their house.

**Thetas**—will work on their recreation room.

**Kappas**—plan some new study tables.

**Gamma Phis**—plan a new roof, new carpets in the hall, and to renovate the dining room.

**Tri Deltas**—are building a new house on the mill race across from the Beta house.

## Art Teachers Hold First Faculty Exhibit

Faculty members of the art school will display their own artistic efforts at an exhibit starting today in the little gallery of the school.

This will be the first faculty exhibit held in several years.

On exhibition will be representative work from each of the staff members of the art school, including painting, sculpture, etching, and other mediums.

## Freshmen to Meet At Westminster

A strictly freshman meeting will be held this afternoon at Westminster house. In the form of a social get-acquainted hour, the group will gather at 4 o'clock, according to Mrs. Bryant, hostess.

Games for group enjoyment and refreshments are the main program plans. The possibility of a regular freshman group for next term will be discussed and plans formulated if such are desirable.
