

Friday Tea To Honor Mothers

Members of the YWCA, AWS, and Eugene Mothers club will entertain all mothers on the campus Friday afternoon in the newly-redecorated sunroom of Gerlinger hall. Barbara Fulton is student chairman working with Mrs. Howard Taylor, chairman from the mothers organization.

Eastern birch furniture, chosen by Dean Earl and committee, replaces the wicker chairs used in Gerlinger for 20 years. Sixteen tables, 20 love seats and 20 chairs make the sunroom an attractive place for teas and a smoking room for dances and college suppers. The chairs and tables are built in six designs with waterproof finish. Variation and color is given the room by upholstery of striped, flowered, and tweed designs.

Committees for Tea

The committees for the events are headed by Phyllis Sander, food; Eleanor Nelson, decorations; Patricia Vandenynde, program; and Kathrine Brady, clean-up. House mothers have been asked to pour and Phi Theta Upsilon pledges will serve.

The Delta Tau Delta trio composed of Cy Nims, Paul Ekelman, and George Drach will appear on the program.

Musicians Have Three Programs During Week

National music week is being celebrated on the campus with three major programs. Monday evening students and townspeople heard the Women's Choral group in their annual concert at the music auditorium.

Tuesday evening members and alumni of Phi Beta, music honorary, held a dinner in Gerlinger.

Tonight Mu Phi Epsilon, music honorary will sponsor its spring concert.

TICK TOCK

(March of Time)
My Dear Miss 1899,

Just a line to let you know I am giving you the well-known "kiss-off." Spring has sprung and ye old mill race is calling me. But if you think for one minute that I would step my big toe in a canoe dressed as you see fit, you are a wee bit cra-a-azy. Imagine trying to balance a hot house of wild flowers and butterflies on my head and paddle a canoe at the same time! That veil you wear reminds me of a canary cake; I would just as soon let my hair down and see where I was going than to have those black spots playing hopscotch before my eyes. Gee, don't you almost choke with that veil twisted under your chin as tight as possible and tucked into that formidably high collar, rising in peaks on the side clear up to your mastoid bone?

Why all the distortion? You might just as well enter the torture chamber as advocate that "kangaroo bend." Go ahead and have your fun and see if I care; this is life, this is America, this is Oregon, this is Eugene; Freedom is here today, so take it while you may.

If I fall in now it won't make a difference because to me canoeing calls for sunshine and a bathing suit . . . and I do mean a 1940 model.

Wondering if I'll ever see you again.

MISS 1940.

Play Clothes Spring Out For Fun

By DORIS MURPHY

Summer play clothes are gay, cool, and demure . . . and are so provocative that you're teased into buying them just to refresh your soul—and your wardrobe.

Square décolletage and straps wide enough to stay put make a sun dress of dark blue linen one with possibilities . . . imagine its charm against a bright glaring background! Highlighted is a
