

Student Union Plans Discussed

Sophomores Add Frosh Committee To Speed Building

Plans to form a freshman committee to work for the student union building were discussed at a meeting of the sophomore committee Wednesday. Sophomore Chairman Glenn Williams announced. A committee of freshmen will be formed each year in order to perpetuate promotion of plans for the structure.

Discussion centered on reports that part of the building fees paid by each registered student may be available for the building; it was suggested that these fees, together with a possible WPA appropriation, might enable construction to start by 1943.

Individual members will make suggestions for plans for the building at a following meeting, after which suggestions from non-members will be received, Williams announced.

Helen Moore is arranging an exhibit for the library, including pictures, blueprints, and material from other campuses which have Unions.

Besides Williams and Miss Moore, the committee includes Bud Vandevande, Doug Fabian, Al Silvernail, Warren Treese, Spencer Weills, Ty Hutchens, Mary Earl, Billie Wade, Elaine Lee, Ruth Hartley, Ruth Graham, Florence Cooley, and Jean Wilcox.

Campus Calendar

Sigma Xi will hold its regular meeting at 8 p.m. on Tuesday, January 21 in room 207 of Chapman hall. Professor Homer Earnett will speak on the subject: "Primitive Messiahs." The meeting is open to the public.

The campus civilian pilot training office wishes to contact Don Frazier, Carl Griffith, and Edward Boydell immediately.

Alpha Delta Sigma will meet at the College Side this noon for a luncheon in commemoration of the birthday of Benjamin Franklin. Downtown alums and campus students are invited to attend.

Social night tonight at Gerlinger, and every Friday night on which there is no basketball game. Social dancing, ping pong and badminton are offered.

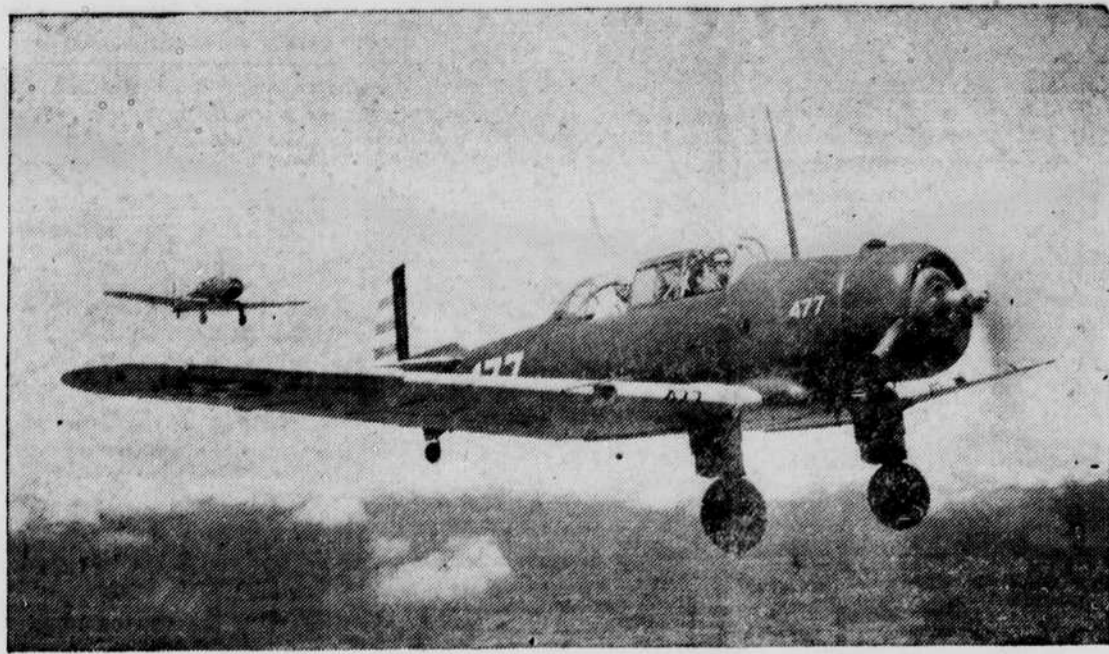

The University Christian union will hold its monthly fellowship meeting Friday evening at 8 p.m. in the Bungalow on Kincaid street. It will take the form of a "backward" party. All are welcome.

Emerald Adds

(Continued from page three) and taken to the cleaners. You'll have to take the whipping like... well, like Beaver scribes."

Quite a task. The Webfoot contingent, numbering 16 players, a manager, and 12 trainers will arrive Friday afternoon at 2:30 p. m. on a special chartered Vanilla Clipper or Strawberry Roan.

GOING SOUTH

Army air corps planes pictured above take out on a trial spin from the training grounds at Randolph field, Texas. Many Oregon students will have the opportunity to receive this instruction next spring.

Beaux Arts Ball Date Set by Arts League

The Beaux Arts ball has been definitely scheduled for Saturday evening, February 15, at the Anchorage, Jess Shinn, president of the allied art league announced. No definite plans regarding the theme, music, or cost of admission have been made yet.

This costume dance, sponsored by the allied art league, has become an annual event of the winter term at the University.

The theme usually relates to some phase of art. Last year the theme was "a night in Louvre."

U. S. Women Flyers Train for Defense

Women Flyers of America, incorporated, is inaugurating a preparedness program aimed at support of the national defense campaign through the training of women.

Included in the organization's program will be the training of

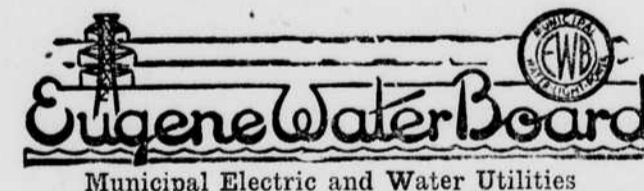

women pilots, parachute riggers, and ambulance drivers, instruction in first aid and hospital work, and a ground school course.

Arrangements are being completed between the Women Flyers of America and airports throughout the country for instruction of its members at reduced rates. Applications may be obtained in the Emerald news office.

POWER THROUGH LIGHT!

Don't forget to use the proper lighting for your studies this term. Certified I. E. S. (Illuminating Engineering Society) Lamps, designed especially for sight saving, offer eye protection, beauty, and high value combined. See them today at local dealers.

DATED ...

Love, Marriage Talks Scheduled

Faculty Members, Outsiders to Speak During Discussions

Definite dates have been set for the "love and marriage" series of lectures to be given this term. Billie Christensen, student chairman, announced today.

February 6, there will be a general assembly; February 12, there will be an assembly in the afternoon for girls and in the evening for boys; and February 18, discussion groups will be held at the living organizations in the evening.

Speaker for the lectures will be announced later, said Miss Christensen.

A similar series of lectures was given last year. Among the speakers were members of the faculty and prominent people outside the University.

"I think that more students will be contacted for this year's series than before," Miss Christensen remarked, "because discussion

Jewish Question

(Continued from page one) forced to think of history," said Mullenberg.

Speaking with fervor and directness, he advised those interested to look at the Bible, at the struggle between Saul and David for "the most honest story we have in antiquity."

"I'm willing to compare it to any work of English literature," he declared, smiling at English Professor Ernst.

Pop:—Cum on Down

(Continued from page one) me sometime next month or so. Your loving son,
Rufe.

P.S. There's some noise floating around about having some kind of a deal for dads down here February 7, 8, and 9. All the kids are inviting their pops, so you might as well come too.

P.P.S. I made a .996 gpa last term, but can easily raise it to a 1-point this term with 12 hours of camp cookery, oral poetry, choral lit, health ed, elements of badminton, use of the library, and introduction to typing.

Love, Rufe.

IN A CIGARETTE

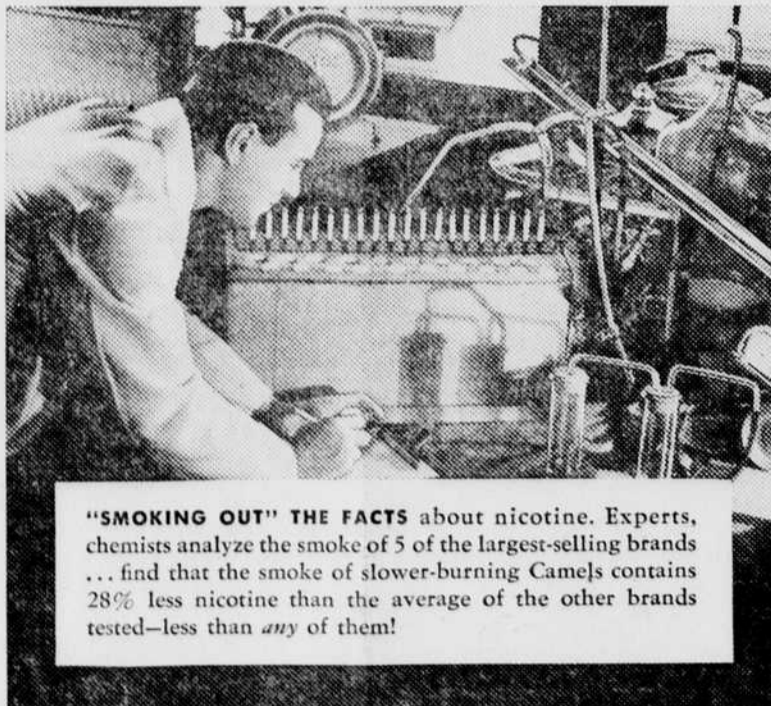

THE SMOKE'S THE THING!

THE SMOKE OF SLOWER-BURNING CAMELS GIVES YOU
EXTRA MILDNESS, EXTRA COOLNESS, EXTRA FLAVOR

AND—

28% LESS NICOTINE

than the average of the 4 other largest-selling brands tested—less than any of them—according to independent laboratory tests of the smoke itself

"SMOKING OUT" THE FACTS about nicotine. Experts, chemists analyze the smoke of 5 of the largest-selling brands... find that the smoke of slower-burning Camels contains 28% less nicotine than the average of the other brands tested—less than any of them!

By burning 25% slower

than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to

5 EXTRA SMOKES PER PACK!

YES, the smoke's the thing! After all, you don't get anything from a cigarette until you've lighted it... until it's burning. And there is the secret of an advantage Camel smokers have enjoyed for years. For Camel's costlier tobaccos are slower-burning. Slower-burning for more coolness and mildness—for Camels are free from the excess heat and irritating qualities of too-fast burning. Slower-burning for more flavor because slow burning preserves tobacco flavor and fragrance. Now Science confirms still another advantage—less nicotine in the smoke—less than any of the four other largest-selling brands tested... 28% less than the average! Make Camels your steady smoke and enjoy all the advantages that only Camel's slower burning... costlier tobaccos can give—even economy (see left).
