An analysis of the individual scoring records reveals something, however. There are five members of the Webfoot squad who have scored more than 10 points in the seven games played to date, but of the next six members of Oregon's best, only 31 points are scattered among them.

This very surely casts an unfavorable light on Hobson's reserves. Washington State, which has played the same number of games as the Ducks, has eight players with total points to their credit reading above the ten-tally line. Oregon State hase seven men above that mark in only five games. Idaho having played in but five games, is the only conference team which shows weaker reserve strength than the "tall firs."

#### No Reserve Power

Back to Oregon's original five, they can probably outscore any other five-man team in the Division, but one or two are injured, or a fast pace calls for a rest period on the bench, and Oregon's scoring power is greatly reduced. The reserves just injection of Duck dope. do not seem to have a semblance of a scoring punch.

## Baseball—Signs of Spring

Sun and the first signs of spring weather have brought a few baseballers out for light workouts. Billy Calvert, who at this time seems to be the best bet as catcher for the Ducks this year,, has been working out with Nick Begleries.

Nick, last year's frosh standby, is coming along very well already, says Calvert and may be Hobson's top pitcher. "He has really been pouring them in," said Calvert and a badly swollen palm on his catching hand proved he wasn't kidding. With an abundance of material for the other positions, if Hobson can find a pair of capable pitchers,

All the basemen and fielders have been approached by professional offers, which in college ball means a lot. With such semi-pro players as Bill Calvert, Chuck Clifford, Arba Ager, Bill Hamel, John Bubalo, and Bill Carney on the roster the junior this year, Lindh pulled up team just can't be bad.

## **Mort Myers May** See Action; Staters Are Favored to Win

With a long string of previous defeats staring them in the face, and a pocketful of determination, the Oregon wrestling squad will depart for Corvallis Saturday to take on the Oregon State Beavers.

This Saturday meeting with the Beavers will mark the debut of the Webfoot wrestling squad, and though the odds are top-heavy in favor of the Staters the determination of the Oregon team members is something that can't be entirely overlooked.

The Ducks have been slaving daily for this season and despite the gloom voiced by the coaches, some little ray of sunshine beams through it all when the Oregon noses are counted. When such men as Mort Myers, Ray Foster, Hal Kaschko and Co, don Oregon togs, things can't be entirely gray.

Myers is not yet out of the woods in connection with his eligibility but Coach Lloyd Koehler announced that he can switch men and fill in the gap-if Myers is found to be ineligible.

An eight-man team will make the trip to Corvallis and they will be picked by the coaches probably sometime Thursday. The matches are to be run off Saturday after-
