

Twenty-Nine Gain Ribbon Of Phi Theta

Junior Honorary Gives Honorable Mention to Three

Twenty-nine outstanding sophomore women marched to the stage yesterday morning at the ASUO assembly to receive the pledge ribbon of Phi Theta Upsilon, junior women service honorary.

President Elizabeth Steed gave a brief introductory speech explaining that Phi Thetas were chosen for their "leadership, scholarship, and interest in the ideals of the organization."

Four Goals

During the year, the junior women worked toward four goals, Miss Steed said. They are: facilitate acquaintanceship of non-organized women; aid in maintaining tradition of the University, uphold the ideals of scholarship; and direct freshman orientation."

Women to wear the black and white emblems next year are: Mary Anderson, Connie Averril, Betty Jane Biggs, Virginia Bubb, Adele Canada, Nelda Christensen, Florence Cooley, Frances Cox, Marge Dibble, Ellie Engdahl, Janet Farnham, and Marylee Fry.

More Names

Milodene Goss, Ruth Graham, Barbara Hampson, Carolyn Holmes, Marilyn Marshall, Mary McAdams, Helen Moore, Gertrude Puziss, Donna Ray, Nancy Riesch, Anita Simons, Mary Ellen Smith, Mary Louise Vincent, Abbie Jane White, Corrine Wignes, Grace Williams, and Genevieve Working.

Honorable mention was given to three girls who have taken an active interest in campus affairs but who will not be in school next year. They are Ruth Hartley, Janet Rieg, and Mary Word.

Helen Angell and Eleanor Sederstrom assisted Miss Steed in presentation of the pledge badges and carnations.

Collegiate Bards To Enter Rimes In National Contest

The National Poetry center of New York city announces a nationwide College Poetry contest for undergraduate students of various universities. A similar contest was sponsored last year in connection with National Poetry week.

Awards for the present year will be announced on national Authors' day, November 1. Campus entries should be mailed to Alice Henson Ernst, associate professor of English not later than May 28. Further details on rules and prizes may be found on the bulletin board of Villard hall.

'Y' to Begin Plans For Refugee Relief

Advisers and presidents of the campus YMCA and YWCA meet at 5 o'clock today to discuss plans for a complete effort to obtain clothing for war refugees.

The meeting and project came about as a result of the recent campus visit of Emmett W. Guley, president-elect of Pacific college, who has done refugee work abroad.

Those making plans this afternoon are Lois Nordling and Mrs. E. E. DeCou, YW president and adviser, and Dan Bacot and Paul Sutley, president and executive secretary of the YM.

Military Students To Enter Contest For Marksmanship

First year advanced military students will have a chance to prove their marksmanship Friday and Saturday when they will fire in competition with their fathers or mothers.

As part of the Junior Weekend program, parents and alums will be entertained by the students. Captain Harvey Blythe of the military department will supervise a match between the juniors and their parents.

Equipment will be furnished by the military department and firing will be in the rifle range on the second floor of the ROTC building. Scores will be computed according to regulation rules and the winners will be announced Saturday afternoon, Captain Blythe said.

Juniors Stumped By Class Standing

"Who is a sophomore and who is a junior?"

This question will confront members of the Class of '42 Thursday when they go to polls to vote for senior class officers.

The present constitution provides that classmen must be holders of junior certificates. This plan is unsatisfactory in that "so darn few third-year men have them," according to Lou Torgeson, class president.

An attempt will be made to make six terms of college work requisite for junior class membership in place of the junior certificate ruling.

Juniors will also vote on the "ten-cent class card," which was adopted by members of the class of '43 Friday.
