Colonel Lyon To Announce ROTC Choices

'Big 50' Will Sign Contracts Before Coming Vacations

Fifty sophomores who will take the advanced military course next fall will be announced after the final drill May 29, according to Col. Robert M. Lyon of the military department. Twenty alternates will also be announced.

The "big 50" will sign contracts before leaving for summer vacations in conformance with a requirement from the selective service, which will defer advanced ROTC students since they may serve as officers upon graduation. Alternates will receive letters to their selective service boards requesting them to grant temporary deferments until their status is determined next fall.

Principals and alternates must meet in Room 1 of ROTC headquarters at 3:15 p.m. May 29 for final instructions. They will be given their physical examinations prior to the opening of the University next fall.

The advanced course in military requires five hours a week and is a three-credit course. Completion of the course plus a six-weeks' summer camp between the junior and senior years qualifies the student for appointment as second lieutenant in the infantry reserve.

Qualifications met by the successful candidates include: a GPA of 2-point or better, superior military grades, the filing of an application describing the candidate's activities and interests,

New Address Asked On Last NYA Checks

NYA checks for May 16 to June 7 period will not be issued until after the close of school, so it is especially important that each NYA worker put the address to which he wants his check sent on his last time card.

Work must be completed on or before Saturday, June 7, and time cards must be signed by student and supervisor and turned in at the payroll office by 5 p.m. Monday, June 9.

To avoid delayed payment, students are urged to do this before they leave the campus. Time cards not signed will not be honored. They should be turned in at the payroll office, not at the NYA office.

Students interested in applying for NYA work next fall should leave their name and address with the NYA secretary, 112 Johnson, so that blanks may be mailed to them during the summer.

Famous Musician To Lecture Here

Two lectures, one on the classical theme and the other on symbolist and impressionist arts, will be given by Dr. Arnold Elston, musician, Wednesday at 3 in the music school and at 7:30 Thursday in Friendly.

Dr. Elston, who has attended many American schools of music as well as several universities in Europe, says he considers the classical theme, his topic of Wednesday afternoon, the type of theme characteristic of Beethoven. It is called classical because those who followed Beethoven used this musical structure.

In Thursday's lecture the specific arts to be discussed are impressionist painting, symbolist poetry, and impressionist music covering roughly the period from 1870 to 1900.
