Swan Song

Finals are a funny time
When against the nature of the
clime

People rouse from out their slumbers,

And study in enormous numbers,
And thwarted Tennyson's like

A'quit a'writing poetry.

Year's Student Union Activities Reviewed

By HERB PENNY

"Student Union Nears" read the headlines of the Emerald of February 15, but since that time students have been wondering just how near it has become. Is it near at all?

Prior to the February 15 announcement from the capital events had been shaping up here on the campus. A frosh committee of 17 was formed to arouse

student interest, which added to the already existent varsity and sophomore committees. Oglesby Young was named head of the group.

The real barrage came February 15 when a state legislative committee okayed a bill to permit \$250,000 to be borrowed to finance the project. Important fact of this bill was that it was not a grant but merely gave permission to borrow the money.

The bill went to the senate.

February 22 the senate passed the bill. While it was before the legislature, the sophomore committee decided to publish a weekly paper, "Union Now."

During spring vacation the bill passed the legislature, was signed, and became law. Also during the vacation a fact-finding student-faculty committee was appointed by President Donald M. Erb.

May 7 the student-faculty

committee gave its decision on the site question: first, Dedy; second, Sheldon, and third, mill-race. At the same time the committee made plans for the contents of the union.

On the financial side, as of July 1, 1940, the fund stood at approximately \$40,000. Of this amount \$12,000 was in cash, \$15,000 was loaned to the ASUO, and approximately \$13,000 invested in real estate.

Contributed to the fund this year is \$468.10 from the senior class, \$799.29 from Sigma Delta Chi from the proceeds of the Kay Kyser dance, \$53.64 from Co-op receipts of 1939-40, and \$10 from the Oregon Mothers club of Roseburg.

The preliminary steps have been made and in the future lies only actual plans for financing and construction.
