

Five Persons Enter Petitions For Rally Posts

Five persons had entered petitions, asking for a position on the rally committee, Lou Torgeson, ASUO president, reported last night at 5 p.m.

Petitioners are:

George Arbuckle, Gene Speer, Dave Jahn, Pete Lamb, and James Durkheimer.

The vacancy was created when Ray Dickson did not return to school. Dickson is now in the U. S. navy.

Only senior men were eligible to apply for the position, in accordance with the revised rally committee set-up which limits the number of men or women in each class who are allowed on the committee.

The ASUO executive committee will interview the candidates next week before revealing a choice. It is necessary, however, for the committee to interview two candidates for Homecoming chairman, and eight for the executive committee positions, therefore a decision may not be reached until the later part of the week.

Other warnings include:

"Don't be possessive. It is the easiest way to lose a good date."

Dr. Leighton Outlines PE Field Opportunities

The several fields open to physical education graduates and the possibilities of positions after the national emergency terminates were outlined by Dr. Ralph Waldo Leighton, dean of the physical education department, at the first meeting of the women's physical education club Friday afternoon.

Dr. Leighton pointed out that there are more openings than the department can fill in the fields of group educational work, physiotherapy, teaching and coaching, and recreational work. He further observed that it was his belief that there would be relatively more opportunities in physical education work than in other fields of work after the present emergency is over.

Officers of the physical education club and the department's staff were introduced to the freshmen and new members and the several activities that the club takes part in were explained.

The women's club is made up of all physical education majors and minors.

Papers will be graded on clear and vivid writing, originality of ideas, fashion knowledge derived from a study of Vogue, and general information.

Queen of Queens Sought By Perfectionist SDX Men

By BERNIE ENGEL

Studying, as any boy will tell you, does queer things to blondes, brunettes, and redheads. We wouldn't say that they began to fade after a term or two in college, but that start-of-the-year glint, well; it just doesn't keep.

Desiring to pluck their roses before the bloom has vanished, Sigma Delta Chi members are inviting all bona fide queens—cherry blossom, strawberry fete or what have you—to contact SDX president, Buck Buchwach, or Managing Editor Ray Schrick of the Emerald at once. The contest closes October 9.

From there on SDX, national men's professional journalistic fraternity, will publicize the candidate, send her through the usual schedule of picture taking, give her a cup and star her at a banquet, and submit her pictures to their national convention this winter to open competition in a national contest of SDX chapters to find "The Perfect Type."

Oregon's campus is rich with queens. Just ask anyone who hasn't been to that dessert with the girls next door: you know them, those things that ask, "What's YOUR GPA?"

Known to SDX big-wigs are a Rose Festival queen, Sun Valley rodeo ruler, and several others. But Oregon and 47 other states plus some territories have a fete

This Jewel Is Not For Sale!

Good name in man or woman, Mr. Shakespeare's Iago said, is the immediate jewel of their souls.

Back of every business success, back of the smallest product that contributes to success, is an enduring good name. This is a jewel that is never for sale.

Advertising cannot make a bad name good. Nor should it try! But advertising can carry a good name to a rich and just reward. In fact, advertising is the voice of the good name. Through advertising, the good name is able to make the promises that men live by.

This newspaper is proud of the good names in its advertising columns. You will find nothing but good names here.
