

Man of the Month Lou Torgeson Prefers Plain Food and Swing

By JANET WAGSTAFF

Man of the Month No. 1 didn't think he had much to say that would be of interest on the women's page, but if Louis S. Torgeson, M. M., is any criterion from which to judge other males, coeds won't go astray in future life if they remember the old saying, "Feed the brute," and another "let simplicity be the rule."

"I like good plain food," Lou said, and added, "I don't care for vegetables; I eat a lot, but don't really like them."

Likes Casual Clothes

Wearing cords, a white shirt, and a herring-bone tweed jacket in brown tones, ASUO President Torgeson expressed partiality for casual clothes. Blue and brown are his favorite colors, but he "swings out" in choosing ties and socks for bright contrasts. He prefers stripes and plaids in poplin and woolen for cravats. Although he said he likes to see a good new style come in, he doesn't care for flashy, faddy apparel.

Lou claims to be a swing-man as to music tastes, but not of the boogie woogie school. "And symphony," he added, "I've never heard any piece as beautiful as Tchaikowsky's Concerto in B

activities he couldn't spend the necessary time in the law school. He will graduate in business administration.

"I'll be commissioned in the army in September, through ROTC," he explained. "After that I would like to come back and finish in law with no extras to claim my time."

A resume of school activities is necessary for a full appreciation of this student leader and his 3.14 GPA. Freshman political activities started Lou's list of contacts. He served on the 1939 Homecoming committee, and the 1940 class card committee, and president of the junior class; he is a member of Scabbard and Blade, military honorary; Friars, senior men's honorary, and the Oregon Federation. Besides presiding over the student body he is now house manager of Beta Theta Pi, his fraternity.
