

# Erb Receives Congratulatory Messages from Scientists

Following close on the heels of the recently announced return of major work in science to the University, President Donald M. Erb received several congratulatory messages from scientists all over the nation. Three telegrams follow:

South Paris, Maine  
October 29, 1941

President Donald M. Erb, University of Oregon

Sigma Xi, national honor society for promoting scientific research, sends congratulations on action State Board Higher Education restoring major science work to University. University's past proud record and brilliant accomplishments in science richly deserve this act. Admirers of University and friends of science hope restoration begins immediately.

(Signed) Edward Ellery, President  
Sigma Xi

Washington, D. C.  
October 29, 1941

President Erb, University of Oregon

Heartly congratulations on restoration full science state curriculum at Eugene. This action will again place the State University of Oregon as regards opportunities in science on a parity with other like institutions, a condition in which she has been in recent years at a serious disadvantage. All good wishes.

(Signed) W. F. Durand

Berkeley, Calif.  
October 30, 1941

President Donald M. Erb, University of Oregon

As a former member of the executive committee of the Sigma Xi scientific honor society and friend of the University of Oregon I extend my congratulations on the restoration of advanced science. This action of the State Board will greatly enhance the prestige of the University and will not only give competent students the opportunity for advanced study and research so much needed in the present emergency, but will also stimulate the scientific faculty to its best efforts in the advancement of science by research so essential to a university.

(Signed) A. O. Leuschner, Professor of Astronomy and Director of the Students' Observatory Emeritus, and former Dean of the Graduate School, University of California

## Moscow Asks Oregon About Mail Courses

"The interest I take in the development of correspondence teaching makes me desirous of acquainting myself with the organization of your correspondence courses," wrote A. Zdorov, Moscow, Russia, to the general extension division.

Mr. Zdorov, who signed himself as the assistant director of education and scientific work of the correspondence institute, asked for information on engineering and related sciences. He expressed particular interest in

learning about the enrollment, the courses, the texts, and instructions used in correspondence work by the University.

The letter took almost two months to reach Eugene.

## Football Squad Select Hostess

Six finalists for Homecoming hostess will be selected today when the Homecoming hospitality committee meets at 4 p.m. at the College Side, Janet Farnham, committee chairman announced Thursday. From the finalists the Oregon football squad will select the hostess for the 1942 alumni fete.

The hostess will be in charge of greeting visiting alumni during the weekend of the annual celebration. Cups will be given to the men's and women's houses which register the highest number of alums.

The hospitality committee is now considering plans to have cars greet alumni at the railroad station.

## Old Oregon Uses Duo-Color Scheme

For the first time in over a year the cover of an issue of the alumni magazine, Old Oregon, will be in two colors, black and emerald green.

On the cover of this November issue will be a picture of Deady hall as this year celebrates the sixty fifth anniversary of the founding of the University. Deady was the original building on the campus and will be the most familiar landmark to the returning grads.

## Condon Club Selects Six New Associates

Six new associate members of Condon club, geology honorary, have been selected, it was announced last week by Ben Wohler, president.

Introduction of new associates was made last Thursday evening during the first social meeting of Condon club at the home of Warden D. Smith, head of the geology and geography departments.

Recently selected associates are: Audrey Lynds, Jean Hayes, Bill Johns, Merritt Wanty, Ron Alpaugh, and Herb Vent.

## Former Columbia Prof Speaks Here On Tour

Addressing members of the faculty and student body, Dr. L. E. Bowman, former teacher at Columbia university, who makes speaking tours for the League of Industrial Democracy, spoke on technique in discussion at the Westminster house Wednesday night.

Thursday morning he addressed the religious leaders' fellowship.
