

## READY FOR ACTION TODAY

Elliott Wilson (above), Billy Sewell and Felix Fletcher (right), who are slated for plenty of action in today's fray. Wilson, line barker par excellence, will probably see plenty of Mr. Sewell's passes in the tilt. Fletcher will start at the right half spot.

# Ducklings Battle 'Yardbirds' Under Lights Tonight in Astoria

## Webfoot Hoopmen Rush Through Scrimmage Drill

Rehash of fundamentals was the bill of fare on the menu for Hobby Hobson's basketball hoopmen the past week. The veteran Duck mentor is a firm advocate of the belief that rudiments are of major importance. Hence, the continued work on the main ingredients of the game.

As the team begins to assume some shape, Hobson has been putting his Galloping Ducks through mild intrasquad scrimmages. An average of about three or four are being conducted a week.

Much too early in the season to have any insight into the component parts of his 1941-42 casaba edition, Hobby confines his opinion to a simple statement, that they look "fair."

Differing combinations have been experimented with by the Duck boss. The ones which Hobson used last night, though not in the least indicative because of the earliness of the season,

matched up three sophomores and two juniors against two sophomores, two juniors, and two seniors.

### Temporary Squads

One group was composed of Rodger Dick and Warren Christiansen at forwards, Warren Taylor at center, and Bob Newland and Cliff Anet at guards. The other outfit saw Rolph Fuhrman and Bob Wren holding down forward posts, Lloyd Jackson at center, and Don Kirsch and Paul Jackson at guards.

Lettermen Archie Marshik and Porky Andrews were both missing from workouts Friday. Marshik, frosh football trainer, accompanied the Oregon yearlings to Astoria for their game Saturday. Andrews went south to an interfraternity meeting at San Francisco.

Three sophomores were standouts in the workouts and for newcomers to varsity category were all the more brilliant. Lloyd Jackson, no relation to Jackson teammate Paul Jackson as a matter of heights will reveal, the former stretching 6 feet 7 inches upward while Little Paul is almost a foot shorter, looks like he might fit into Hobby's plans for tall men. Bob Wren, a rugged forward from Portland, has also shown plenty in workouts, being of the Bill Borchert type on the backboard.

Third of this group of youngsters claiming his share of the spotlight is Bob Newland, wiry guard from Medford. Newland was top frosh scorer last season and possesses the quickness and aggressiveness that the Oregon backcourt positions demand.

### Ad Staff to Meet

There will be a meeting of the Emerald advertising staff Tuesday at 7:15 p.m. in the business office, Helen Flynn, office manager, announced Friday. Fred May, business manager, will speak.

# Frosh Clash Against Army Boys Tonight

By AL GOULD

Oregon's undefeated Ducklings, 35 strong, left yesterday noon for Astoria where they will battle the soldiers from Fort Stevens tonight.

The title was just added to the Frosh schedule this week, and the yearlings are determined to keep their record intact.

The yearlings will take the field with their big forward wall weakened by the loss of Marty Feldman, huge 220-pound right guard. They will have to become accustomed to his absence, however, as Feldman sustained a broken leg in the Washington game and will be on the sidelines for the remainder of the season.

Meanwhile, Bill Davis, another casualty, is expected to see some action against the army boys tonight. Davis participated in a light workout Thursday, and his infected foot has improved considerably. Stan Boyd and Lyman Glasgow, both of whom missed several workouts this week, because of injured knees, have also recovered sufficiently to make the trip and will undoubtedly play a lot of ball tonight.

Offensive tactics have occupied much of the yearlings' time this week, and they will probably show even more improvement in this phase.

No information is available on the Fort Stevens outfit so the Ducklings will be up against an unknown quality. However, in the military department's ever advancing athletic program, they spare no expense in giving the service men every chance to play ball. In addition, the army encampments are jammed with ex-collegiate and high school ball players. Therefore, it is certain that the frosh won't be playing any amateur football players in their fracas tonight.

The frosh will stay at the Fort Stevens barracks while on the coast and return to Eugene Sunday morning.

# Sigma Nus Dominate All-Stars

## Champs Place Two; Redfield Top Rating Back

By ART LITCHMAN

Again this year the Emerald goes out on the proverbial limb by attempting to determine the top football players in the intramural league.

After watching the slam-bang battle between the teams with four men each on the 24-man squad. The champion SAE team landed only two men on the team, much to our surprise.

Runner-up Sigma Nu and the quarter-finalist Phi Delt squad led the teams with four men each on the 24-man squad. The champion SAE team landed only two men on the team, much to our surprise.

The champions were a smooth working unit without any standout stars, except their great fullback, Ozzie Redfield.

ATO, semi-finalist in the tournament, landed three men on the squad. Zeta hall, Kappa Sigs, and Theta Chi were next with two men each. The remainder of the honors were divided among five teams.

### Galbreath Outstanding

Bill Carney, Sigma Nu, repeated his performance of last year and becomes a two-year man at left end. At the other flank a newcomer flashes on the scene. Gabby Galbreath, Phi Delt, played sensational ball all year and wins our nomination for the outstanding lineman of the season.

At center, Bill Fugit, ATO, moved up to edge out last year's starter, Pete Riley. His rugged play in the middle of the line was a big factor in the ATO victories.

The dream backfield is packed with speedy running and passing backs. This year we have reserved a spot for the unsung man of the team, the blocker.

Leading the array of talent is Duane "Ozzie" Redfield, SAE's brilliant triple-threat spark plug. His passing and running were the backbone of

the winning drive to the title. He is our nomination for the back of the year.

Running right on Redfield's heels was Dick Whitman, Sigma Nu's one-man gang. He sparked the Sigma Nus in all of their runaway wins during the season. The injury to his knee in the ATO game was a crippling blow to the Sigma Nu cause.

### Blocking Back

Whitman's running mate, Johnny Bubalo gets the call at one of the halfback spots. His effective blocking and outstanding defensive work aided the Sigma Nu cause in every game.

In the other halfback position Hank Burns, Phi Delt ace, returns for his second year on the dream team. His passing and

running led the Phi Delt attack in every game.

At the new blocking post the third Sigma Nu back, big Ed Nuly, gets the nod. His blocking was one of the fundamental reasons for the success of the Sigma Nu offense. His defensive work smothered every drive into his territory.

Just in case you don't agree with these choices come around and we will conduct a seminar on the problem.

## Art Plates Shown

Greek, Egyptian, and Assyrian plates borrowed from the University school of architecture and allied arts form an attractive display at the circulation department of the University library.

These plates are on display especially for the benefit of Prof. H. D. Sheldon's world history class, as the objects trace the progress in the finer arts of these ancient peoples.
