Largest Homecoming Draws 6000 Visitors

Six thousand homecomers celebrated last weekend what Elmer Fansett, alumni secretary, called the most successful Homecoming since he has been on the campus. Fansett declared that this was largely due to the fine work done by the Homecoming committee in making preparations under the leadership of Russ Hudson, chairman.

Game High Spot

High spot of the weekend was the 45th annual football game between Oregon and Oregon State, which was attended by 20,500 at 2 p.m. Saturday at Hayward field. An estimated 900 couples at the dance in McArthur court Saturday witnessed the presentations of cups to contest winners. Two new engraved cups were given to Kappa Alpha Theta and Sigma Chi, winners of the sign contest. Alpha Tau Omega and Chi Omega, men's and women's living organizations registering the largest percentage of alumni in relation to the number of members in the house received cups which may be kept for one year.

New Officers

Nominations were made for new officers at the semiannual meeting of the alumni association in Johnson hall Saturday morning. Those chosen to run for president were Harris Ellsworth of Roseburg and Ernest Haycox of Portland. Nominations for vice-president were Donald McCormick of Portland and Roy N. Vernstrom, sergeant in the U. S. marine corps.

Mr. Ellsworth is editor and publisher of the Roseburg News Review and also operates radio station KRNR. Mr. Haycox is a writer of national fame.

Ballots will be sent to paid up members of the alumni association.

Movers Must Tell Secretary

Students planning to change their Eugene address for the winter term and those who are not returning to school in January, are asked by Mrs. Evangeline Morris, housing secretary, to come to her office as soon as possible to make the necessary housing changes.

Mrs. Morris' office is the first office to the left in the first floor lobby of Johnson hall.

She explained that this arrangement would make it much easier for the individual student at registration time, avoiding much of the red tape usually encountered when changing houses.

Two Students At Kelly Field

Among the 1972 cadets inducted last month at Aircrew, Kelly field, Texas, were two former University students, Tom Barrett and Manning Moore.

Barrett left school in September, 1940 to join the army after studying prelaw at the University for two years. At Fort Lewis he was platoon sergeant in Company C, 162nd infantry. Barrett is from Unpqua, Oregon.

Moore was graduated from Oregon with a bachelor of science degree in 1939. His home is in Long Beach, California.

After five weeks of training at the new replacement center, these cadets will begin their flight training prior to the thirty weeks advanced flying course at one of the army flying schools.

Jam for Breakfast

(Continued from page two) Bartok, Joseph Szigetzi, and Benny Badman made a fine record. Bartok tinkled, Joe scraped and the king blew. The opus which resulted was a truly lovely interpretation of a Mozart thing for strings and woodwinds, Benny being the woodwind. So now Bartok is coming to lecture on folk music. He is slated for Wednesday eve at the music school at 8 and it's free so true music love has got no comeback and cats should go just to see what that classical kick really sounds like. Do you good.

I was glad to hear that everyone was surprised at Woody Hite Saturday night, including Russ Hudson and Marv Gorrie. Nuff said.

Coming band for my scratch is Sonny Dunham. Nothing but kicks forever forthcoming. His Bluebirds are resembling hotcakes of late, with emphasis on "Nothin'" and "Easy Street." Lots of stuff there if you dig it. Teagarden's Decca band is producing more consistent jazz these difficult days than any other combo large or larger.

Ralph P. Huestis, Eugene, was pledged by Chi Psi Monday, according to the dean of men's office.
