Visiting Architects Hold **AAA Student Discussions**

Three architects from Portland, Glenn Stanton, George Wardner, and C. H. Wicks. visited the architectural school yesterday to talk with students and discuss problems of interest to architects.

Mr. Stanton, chairman of the educational activities committee of the Portland chapter of the American Institute of Architecture for the last ten years, is a frequent visitor in the

Phi Beta Kappa Initiation Held

Six outstanding senior men and women were given the right to wear the coveted gold key of Phi Beta Kappa Wednesday, when inition into the scholastic honorary was held in the Osburn hotel.

The senior six are Avis Klemme, Walter Krause, Robert S. Lovell, Alice Luvaas, Milton M. Small, and Nicholas V. Riasanovsky. Miss Julia Burgess, retired professor of English, was made an honorary member of the society.

President Welcomes

Dr. A. R. Moore, president of the Oregon Alpha chapter welcomed the initiates into the chapter, and Nicholas Riasanovsky gave the response.

More seniors will be pledged to Phi Beta Kappa during spring term of 1942.

After the initiation and dinner. the group attended the address of Dr. Bela Bartok, Hungarian pianist-composer-lecturer, who spoke on "Some Problems of Eastern Folk Music" in the music auditorium.

South American's Talk

(Continued from page two) is sure South Americans as a whole want none of Hitler and will fight if he reaches for them. It also wants to be sure they are able to fight, and fight with a will. We don't know how many Nazis there are in Latin America. But we assume that if Hitler has a grain of sense there are thousands of Nazis doing all they can to paralyze resistance and spread disunity in the Western Hemisphere. Dussaq was, of course, right when he said the South American and the North American were poles apart. His assertion that one is theoretical and the other practical is probably close to the truth. We can sympathize with the perennial Latin-American complaint that Hollywood doesn't do right by them. But under the watchful eye of Nelson Rockefeller and Sumner Welles, official America is leaning over backwards, treading on tiptoe. and holding its breath now for fear of offending our brothers south of the border. That is as it should be. In the past we have exploited them, financed the men who shot them in their revolutions, landed the marines on top of them, made fun of them, and ignored them. It is our turn to learn to respect the Latin American and to understand how he thinks and acts. It is the United States' business to lead off in this business of establishing a "common faith and trust," as Dussaq said, with its southern neighbors.

drafting room. He said it is becoming a tradition for him and several other architects to visit here soon after Thanksgiving every year.

Early Grad

Mr. Stanton graduated with the first class to finish the five-year course presented by the architecture school. He commented that the school has grown considerable in the years since then, as when he finished there were only 20 students in the class. He later studied at Boston Tech and in Europe.

Mr. Warner and Mr. Wicks are also graduates of U. of O., finishing in '29 and '31 respectively.

Mr. Stanton says the school has changed in many ways since he was a student here. He remembered times when he and his classmates would study in the drafting room all night.

At 6:30 about 35 members of the faculty and students went to the Anchorage where a banquet was held to honor the Portland visitors.

Following the banquet the group went to the Little Art gallery for informal discussion.

Means to Talk **On Malayans**

Ten years spent in the Dutch East Indies and jungles of Malaya form the background for the lecture which Dr. Paul B. Means, head of the religion department, will give to members of Condon club Thursday night. Scheduled for 8 p.m. in the men's lounge of Gerlinger hall, the lecture is open to anyone interested.

Dr. Means will discuss people of the Indies and Malaya, and their habits and customs. He spent the ten years until May, 1939, as an educational missionary there, and during that time made frequent trips into the Malay jungle. He often spent a week or ten days at a time in the jungle living with natives in their own homes.

Timid Natives

Dr. Means reports that he found most of the jungle natives timid and afraid of strangers rather than hostile. For this reason, it is extremely difficult to get good pictures of their life. Pictures which Dr. Means will show with his lecture will depict native life and problems of food supply, disease, and contact with outside civilizations. During his lecture, Dr. Means will discuss the problem of adapting the primitive cultures of jungle tribes so that they may be able to survive and resist these outside civilizations.

Political Cat Talks Tonight

Tonight the University of Oregon radio workshop is presenting "The Pussy Cat and the Expert Plumber Who Was a Man," a phantasy by Arthur Miller about a cat with political ambitions which learns to speak English. The workshop presentation will be from 7:30 to 8:30 over KOAC from the University extension studios.

An informal quiz, being undertaken for the first time, will also be a feature of the program, announced Marvin Krenk, director of the production.

Cast Named

In the cast are Bill Wood, Pat Stanard, Norma Baker, Jack Brown, Ted Harmon, Owen Gottschald, Frank Watkins, Katherine Hardenbrook, Margery Hoffman, Harold Morgan, and Bob Mundt, with Elaine Voss and Juliet Glasby taking charge of musical transitions, and Bill Bishop and Bob Bryant the sound crew.

The program offers many unusual sound problems to be solved, said Mr. Krenk.

The program has been planned so that coeds may come and go any time from 4 to 5, Miss Pearson declared.

Moving Petitions Due From Dorm Students

Students who wish to move from the dorms next term to other residences must obtain petitions from Mrs. Genevieve Turnipseed, director of dormitories, and file them in her office by Friday, December 5.

Petitions are available at Mrs. Turnipseed's office in John Straub Memorial hall, and must be filed there when filled out. The housing committee will pass on each petition, and notify the student by mail of its acceptance.

Mrs. Turnipseed has warned that students who file no petition will not be allowed to move from the dorm.

Trade Last

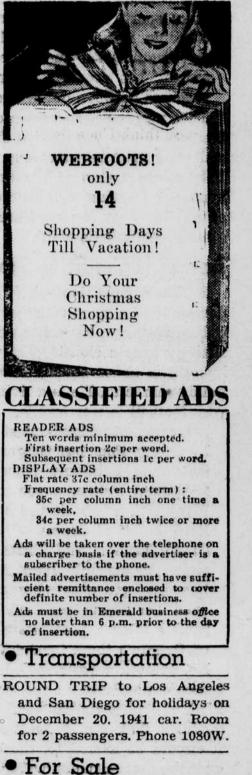

(Continued from page two) recreation and health. "College authorities have been concerned," a statement said, "with the disrupting effects of the world situation, not only on enrollments but also on the morale of the students pursuing their normal courses. "The signs of restlessness and uncertainty, as well as the loss of interest of some students in maintaining high academic performance, made their appearance last year." A counselor of men has been appointed to direct a clearing house of their problems. He is expected to give advice on financial aid, personal and vocational problems, social adjustment, and student employment.
