Writin' Women . . .

Seven New Members Picked by Pot and Quill

Seven girls will know for the first time, as they read this story, that they have been elected to membership in Pot and Quill, creative writing honorary. Elections were made as a result of the recent membership contest sponsored by the group.

New members are: Jane Gray Ward, Muriel Stevens, Audrey Lynds, Emily Tyree, Mary Louise Vincent, Mary Lois Dana, and Norma Trevorrow.

Winner of the \$5 prize, offered in the contest, will be announced at the initiation meeting to be held January 6. Mrs. Eric W. Allen will be hostess to the group.

All students who submitted manuscripts to Pot and Quill during the contest, may secure their entries from Aileen Guy, secretary of the journalism school, any time after next Monday. Manuscripts should be asked for by title. Contributions of those accepted for membership will be returned at the first meeting.

Although the formal contest is now closed, all women students

interested in writing of a creative type, may submit entries any time during the year and be considered for membership.

'Quiet Please' Sign Hung For Weekend

By LOIS HULSER

Betty Coed and Joe College who attended twenty house dances two weeks ago, all Homecoming activities last weekend, not to mention a hundred and one other things this term, are going to find it quiet and peaceful this closed weekend and the rest of the term. The freshmen can't believe it, the sophomores dread it, the juniors are used to it and those trying to graduate this year can't get along without it.

Everyone had dessert at home this week and all entertaining is crossed off the calendar in all living organizations. Ten-thirty permission for women Friday night climaxes the first closed weekend. Shows, bridge, skating and such just about sum up the date bait for the weekend.

Centre college, Danville, Ky., is opening a \$250,000 endowment campaign.

Coed Capers

By BARBARA LAMB

It's a women's world . . . and they all were at the AWS auction sale of lost and found goods last Thursday.

The hardest article to sell was a book on the development of the speech of a young child . . . it was finally "given away" for one cent . . . to some fellow.

Books Sold

Easiest to sell were the accumulation of 41 test books and notebooks . . . Beverly Padgham came away with books for all of her subjects next term . . . And Marge Dibble perched up front and encouraged the bidding of people around her.

The auctioneers did a glorious job . . . thanks to both . . . in fact, they were so enthusiastic that they found themselves bidding for articles . . . and the receipts were so high that several scholarships will be given away to deserving students over the holidays . . . tuition will be sent special delivery . . . arriving on Christmas morn.

Nickel Hop

Elizabeth "Steedie" Steed has announced that work will begin on the annual AWS sponsored Nickel Hop . . . to be held the first of next term . . . names of the freshman and sophomore girls chosen to be co-chairmen will be announced within the next few days.

Marge Curtis complains that she just got her shoes in shape from the Bunion Derby . . . Billie Christensen suggests no shoes.

Congrats to Wini Green 'cause her Hendricks hall won the intramural volleyball championship. . . Nancy Riesch whose Phi Thetas gave out with a party honoring town girls to get them better acquainted . . . Rohda Harkson for arranging for the Kwamas to meet the alums at the train depot and help direct them to cars during Homecoming . . . Betty Morfitt for helping the Order of the O with table decorations for their traditional banquet.

Oh yes, it's a women's world.

Dr. B. O. Williams, new head of the department of sociology at the University of Georgia, has a collection of 60-odd pipes.
