In the sophomore class President Barry Campbell appointed Dot Routh secretary when Pat Sutton did not return to school winter term.

When they set back all the clocks,
And dispensed with moonlight walks,
Along with the other time-saving distractions,
I guess that someone must

All of my preconditioned reactions.

Army Lauds Air Post Men

Appreciation for the service being given by the six fraternities manning the air observation post on the library was expressed by President Donald M. Erb in letters written to those organizations last week.

The fraternities, Kappa Sigma, Sigma Nu, Sigma Alpha Epsilon, Alpha Tau Omega, Sigma Chi, and Phi Delta Theta work under direction of Dr. L. S. Cressman.

"The value of the work that you men have performed was particularly called to my attention the other day when I discussed the operation of the post with the army officers in charge of the Eugene Filter Center," Dr. Erb said. Living Costs Broken Down By Lindstrom

By EDITH NEWTON

To make a study of the finances of their living organizations, the dormitory financial committee, a subcommittee of the dormitory food investigation group, met yesterday with Orville Lindstrom, University business manager, and were given answers to many questions dorm members have submitted.

The study revealed that students are paying approximately 77 cents a day for meals, and that the average meal cost is 25.3 cents. Of this amount, 6.5 cents is paid to cooks and waiters, 15.3 cents for food, 2.7 cents for laundry and such expenses, and .4 cent for administrative costs. The profit on each individual meal is approximately .4 cent.

Last year dorm residents paid \$25,762.44 toward the retirement of the bonds that were floated at the time the dorms were built to raise money for the project. \$2,660.06 was allotted by the board of higher education to be applied on bond retirement also. Of the amount paid last year, \$6,422.50 was used as interest payment. All bonds are in the hands of the public.

Cost \$344,000

The original cost of the building was \$344,135.81. At present \$189,000 is outstanding in bonds which will be completely retired in eight years at the present rate.

A total of \$10,750 was paid by dormitory residents for room and board during the month of November, the period studied by the committee.

The department of justice designated the campus-famed "pigging" spot as an "alien prohibited zone" because of the municipal water reservoir on the summit.
