

Defense Work to Move

Steve Worth Plans War Assembly

By MARGIE ROBINSON

The wheels of student defense machinery will be thrown into gear under the direction of Steve Worth, head of the personnel and organization division of the student defense committee, Wednesday at 1 p.m. at an assembly in Johnson hall's little theater. The object of the meeting, Worth announced, is to coordinate all student defense committees, to outline their purposes, to supply them with needed information and material, and to plan work in conjunction with the faculty organization.

Campus Program

Four explicit purposes of the assembly, intended primarily for persons who have been assigned jobs relating to the campus defense program, were outlined by Worth as follows: (1) To acquaint every person present with his duties under the defense set-

up; (2) To distribute blank slips on which estimates are to be made for necessary requisitions; (3) To distribute printed air raid instructions to the student wardens, these instructions to be handed out to each person on the campus; (4) To give out blanks on which each person is to write personal data—his time schedule, name, phone number, etc.—for records in the future.

Committees and their representatives which are requested to attend the meeting are: main defense committee, Ann Reynolds, Marge Dibble, Pat Cloud, and Clarence Horten; Yeomen, transportation, Dave Knox, Warren Phillips; ISA and IFC—coordination of fire wardens, Tom Pickett, Robert Jones; Alpha Delta Sigma—posters, Jim Frost; Kwama—knitting for the Red Cross, Rhoda Harkson; Phi Theta Upsilon—sewing, emergency clothing, Corrine Nelson; Druids—files and schedules, Ray Packouz; heads of houses—emergency food service, Eleanor Engdahl; Sigma Delta, Psi—rescue squad, Ray Dickson; Scabbard and Blade—first aid material, Morrie Stein; Red Cross filter and supply center, Carolyn Holmes.

Air raid wardens from each living organization are also to be present. These are: Alpha Chi Omega, Caroline Holmes; Alpha Delta Pi, Kathleen Brady; Alpha Gamma Delta, Elsie Brownell; Alpha Omicron Pi, Betty Jane Biggs; Alpha Phi, Janet Welch; Alpha Xi Delta, Florence Cooley; Chi Omega, Nancy Lewis; Delta Delta Delta, Eleanor Beck; Delta Gamma, Pat Holder; Emerald house, Dot Stoltz.

Gamma Phi Beta, Eleanor Engdahl; Hendricks hall, Margie Robinson; Pi Beta Phi, Hope Hughes; Sigma Kappa, Gloria West; Susan Campbell hall, Helen Mae Hatcher; University house, Marian Gehring; Zeta Tau Alpha, Evelyn Raymond; Alpha hall, Roy Hensley; Alpha Tau Omega, Russ Hudson; Beta Theta Pi, Bob McKinney; Campbell club, Milton Small; Chi Psi, John Busterud; Delta Tau Delta, Jim Banks; Delta Upsilon, Les Anderson; Gamma hall, Tom Brownhill; Kappa Sigma, Tom Corbett; Canard club, Eugene Newbrey; Kirkwood co-op, Leonard Farr; Omega hall, Jerry Winkler.

Phi Delta Theta, Don Kirsch; Phi Gamma Delta, Dick Larkin; Phi Kappa Psi, Henry Camp; Phi Sigma Kappa, Francis Tuckwiler; Pi Kappa Alpha, Bob Cherney; Sherry Ross, Roy Scrogins; Sigma Alpha Epsilon, Dave Taggins; Sigma Phi Epsilon, Morry Salomon; Sigma Alpha Mu, Ray Packouz; Sigma Chi, Jim Shephard; Sigma hall, Jim Browne; Theta Chi, Jim Frost.

SERGEANT VERNSTROM . . .
... of the U. S. Marines, '41, travels to Klamath Falls Friday and Saturday for a Marine celebration.

Col. Sampson

(Continued from page one)

will leave for actual flight training at a place out of the combat area, around the first of May.

Spring term secondary students are: Verne Adams, Paul Blais, Edward Boydell, John Cordell, George Evans, John Gertson, Walter Girdlestone, Ehrman Giustina, Marvin Gorrie, Arthur Haunifin, Harold Hartzell, John Loback, Hall Simons, Abram Smith, Earl Snyder, Samuel Thompson, Richard Vannice, John Walsh, Franklin Westfall, and Stephen Worth.

Lithographs Shown

Lithographs by Russell Limbach, a contemporary American artist, are being shown in the lithograph room of the architecture building this week.

Mr. Limbach has used his skill as a cartoonist in making these prints which are of a variety of subjects. Colors have been used in many of the prints instead of the usual black and white.

The display will close tomorrow.

WAA Asked to Sign

All members of the University's women's athletic association who are planning to attend the annual All-College Sports Day to be held on the Oregon State college campus April 25 are asked to sign the list on the Gerlinger hall bulletin board before 5 p.m. Wednesday.

The Intercollegiate Peace Association was organized at Earlham College in 1906.

Westminster house council meeting will be held at 4 today.

West Virginia University professors have developed a new spray that will make apples red.

The College of the City of New York has the largest ROTC voluntary unit in the nation.

Campus Calendar

Sigma Delta Chi pledges meet at the Oregana office this afternoon at 3 o'clock.

An Episcopal communion service and breakfast will be held in the men's lounge, Gerlinger hall, Wednesday morning, between the hours of 7 and 8.

Old and newly-elected cabinets of Wesley foundation will meet at 6 o'clock this evening for a business session and chili supper at Wesley house. Appointments to the new cabinet will be made.

Camp counselor candidates will be interviewed in the men's lounge in Gerlinger Thursday afternoon. All women interested may try out.

Phi Theta meeting will take place at 9:30 tomorrow night at the Side.

MR. & MRS. NEWT

SIDE PATTERN

Pat Taylor

Well and well, here, and no less than speedy, either, is spring toim . . . Spring has sprong, and everyone has springy colds but no spring . . . A'most as speedy as the arrival of spring was the marriage of Jerry Tripp, Gamma Phi alum . . . Her lieutenant arrived late Friday night; they talked things over and were married at 10:00 a.m. Sat. morn.; left for Oklahoma at 12:00 noon . . . Swish—just like that . . . 'Tis said the noted "Doc" Hayes has a new job—with the army . . . Saw Bill Loud wandering around in his saddles—back for spring term, naturally . . . Ditto for "Spider" Dixon and "Hank" Burns—Then there were the Li'l Thetas and Gamma Phis who rode 27—count 'em—miles, on bicycles, up the McKenzie—They were so tired that they had to hitchhike home—while the gallant SAE's and Theta Chi's brought home the bicycles—The age of chivalry is not dead, but the age of Chevrolet (and most cars) is almost . . . Saw Loraine Sampson and Caroline Gordon suffering from the skids in skiing . . . Nice vacation had by those at Timberline ? ?

Well, beebies, we want to see you all stationed at your li'l listening posts at the College Side, where we will see you on the late shift.

For years, telephone cable has been hung by stiff wire rings from its supporting strand. But repeated expansion and contraction caused by temperature changes sometimes proved too much for even the best cable sheath. Fatigue cracks developed near the poles—this meant leaks—possible service interruptions—expensive repairs.

Recently, men of the Bell System developed a machine that lashes the cable and strand together in such a way that the concentration of strains near the poles is minimized. The Cable Lasher has also proved a great aid in the speedy installation of some of the new cables needed for airfields, camps, bases and war factories.

There are many opportunities in the Bell System for men with the urge—and the ability—to do a job better than it has ever been done before.
