

Ready for action . . .

Wardens Given Raid Directions

Definite instructions for each air raid warden on the campus have now been distributed as a result of Wednesday afternoon's defense meeting for student committees and wardens. Each list is designed to provide efficient organization of personnel in every living organization in case of emergency. Wardens in all houses will designate capable individuals to work under them in carrying out their duties.

Student air raid wardens are also to provide equipment through special committees which will supply needed materials, to instruct their houses adequately and to maintain a list of addresses and phone numbers of all agencies directly concerned with air raid precautions. The printed instructions will be prominently posted in each living organization.

Karl W. Onthank, dean of personnel administration, emphasizing the worth of the student-faculty defense set-up, urged students to throw themselves into genuine activity to help the defense cause. He said that the greatest danger to be encountered is idleness.

"We must get organized for eventualities that are now only remote possibilities," he stated, commending student leadership and expressing confidence in the present defense program. He also remarked that any belief to the effect that the university might "close up" was "an absurdity and outlined the important role that women will play in the emergency."

Student Body President Lou Torgeson, opening the meeting, stressed that the student defense organization must function smoothly and be well informed at all times although, he said, the University is not in a vital center as a war objective. He explained the purpose and work of both faculty and student defense councils and said that many possibilities for students to aid the program are still left.

"It is essential that for our own protection and on the basis of common sense we take precautionary measures," Torgeson stated.

Steve Worth, chairman of the assembly, enumerated the work of each of the student defense groups, whose representatives were to be present at the meeting. Early in the meeting he called roll, and an unfortunate number of wardens were not present. However, all persons there received the personnel sheets and were informed that they would be notified of further developments. Nancy Riesch, junior in business administration, has been appointed secretary of the student defense organization. Worth announced Wednesday.

Telephone technicians report Brown University has the best college communications system in the country.

Leatherneck

(Continued from page one)
training in monthly increments of approximately 225, beginning in May.

In case of an extreme emergency students may be called to active duty before graduation. In that event at least six months notice will be given.

Lieut Kelly, junior in physical education at the University last year, will also give final physical checks while he is here to students who have enlisted in the Marines but have not yet been inducted.

To qualify for deferment from active service until graduation students must meet several qualifications.

Qualifications

They must be single; belong to no other military organization, including the ROTC, and must be pursuing a course of study leading to a BA or BS or engineering degree. Medical, dental, and theological students are ineligible.

The regular Marine Corps physical examination must be passed, and applicants should be at least 66 inches high and not over 76 inches in height.

Recommendations as to character and qualifications by the president or dean of the school, one member of the faculty and at least three citizens of good standing in the applicants home community are necessary. Minors must have written consent of their parents or guardian before they can enlist.

Enlisting seniors must be over 20 but not over 24 years and 6 months old when they enlist.

Artist Series

(Continued from page one)
This year he completes his sixth year with the Metropolitan Opera company. His concert here will be the fourth of the Greater Artist series. The date of his appearance was moved up one day to accommodate his scheduled appearance in Spokane. Season tickets are good despite the changed date.

ISA Elections

Any independent student wishing to run for office in the approaching student body election should submit his name to Milton Small, president of the ISA senate by noon Friday.

Students living in organized groups may submit their names through their representative to the senate.

'Dust Legend' On Air Tonight

The radio workshop will present its first program of spring term over KOAC tonight from 7:30 to 8:30, Marvin A. Krenk, instructor in speech, announced today. Two plays will be presented.

The first, "Legend of Dust," by Dwight Strickland, is a verse play with an all-women cast. It concerns the dust bowl, and has Norma Baker, Muriel Meier, and Katherine Hardenbrook in the principal roles.

The second play, "In Answer to Your Question," was written by Mr. Krenk. "It is to show just what a good American should say during these times," said Mr. Krenk. Ted Hallock is the narrator and Frank Watkins, Pat Stannard, Don Merrill, and Larry Celsie have the leading

Air Raid Instructions

- a—Open all doors (they become stuck during a raid and provide a fire hazard).
- b—After the house is blacked out either (1) break all windows or (2) criss-cross windows with friction tape—prevent flying glass.
- c—Put dry sand, not water, on incendiary bomb. Water spreads the flame.
- d—Don't phone. The lines should be kept open for emergencies.
- e—Shut off all gas and oil valves.
- f—If caught on a sleeping porch lie UNDER the bed. Protection against everything but heavy bomb fragments.
- g—Outline edges of cellar stars with white paint—also any switches you might need to use.
- h—Put any furnace or stove fires out.
- i—If no first aid is known follow these directions:
 - 1—don't move the person until the injury is known.
 - 2—if bleeding is bad apply tourniquet (not longer than 12 minutes at a time).
 - 3—call a physician or if injury is known provide transportation to hospital.
 - 4—keep crowds away.
 - 5—never give an injured person liquor.
 - 6—keep the victim warm.
 - 7—get name and address and fill out identification slip.

roles.

Bob Gillson is the announcer of the program, and the sound crew is composed of Ted Hallock, Don Merrill, and Jean Stickland. The music crew is made up of Jean Taylor, Jean Horton, and Bob Mundt.

An added feature of this week's

program will be a "Musical Quiz" by Ted Harmon, Larry Celsie, and Ted Hallock. Harmon takes care of the classical music, Hallock (of "Jam for Breakfast" notoriety) copes with the jazz element, and Celsie, in the words of Mr. Krenk, "just plays the piano."
