

## Artist Depicts Philosophers

A mural 10½ feet square is now being made by E. R. Scott, graduate assistant in drawing and painting, who is doing the work as a thesis for his master's degree. The finished painting will be placed on the south wall of the Chapman hall office of H. G. Townsend, head of the philosophy department.

At present Mr. Scott is waiting for the canvas to arrive so he can start work on the actual painting. He has already done an oil painting of the mural in one-fourth of the actual size planned for the wall decoration.

### American Tradition

The American tradition in philosophy is the subject of the mural. Some of the figures in the picture represent important American philosophers.

Mr. Scott intends to complete his picture by the end of this term. He originally made plans and started work on the painting in the school year 1940-41 but was out of school for one year while in the army. He was graduated from the University in 1939.

While the graduate assistant was here in 1939, he did a fresco on the wall on the north side of the art school patio. The fresco depicts the art of fresco.

## Two No-Hit

(Continued from page five)

Phi plays Gamma at 4 and in the twilight battle Sherry Ross tangles with the up-and-coming Sigmas.

Olts struck out 15 of the 21 Alphans that faced him and was never in trouble. George Holloman, other Alpha chucker, gave up only five hits, but Omega bunched them to bat across the runs. Roper's single brought Billy Krause home in the third, and in the fifth Bill Pillsbury doubled to drive across Campbell and Krause. Roper then got his second blow, a double, to score "Honest Bill."

Alpha literally lost their 'pants' in the final inning. Holloman beat over to pick up a grounder and when he came up with the ball he had no seat to his pants, Red drawers, too.

Gamma's Coe Roberts turned from a hero into a 'bum.' He hit a homer in the second off "Lippy" Lipke to tie the game up. In the eighth he dropped a fly after a long run to permit Ty Hutchinson to go into the plate with the winning run.

"Hard Luck" Art Davis pitched beautiful ball on the hill for Gamma, but a combination of Sigma opportunism and Lipke beat him. Fielding by both teams was exceptionally good with four double plays sparking the play.

## Physics Meet Draws Three UO Professors--

Dr. A. E. Caswell, Dr. E. H. Collins, and Dr. W. V. Norris will attend the meeting of the Oregon section of the American association of physics teachers at Corvallis, April 25.

Discussion of new methods of teaching, and research are to be discussed at the convention. The majority of Oregon colleges will be represented.

## Canterbury Club

Members of the Episcopal Canterbury club will stage a get-together for members and friends Sunday night at 6:30 on the third floor of Gerlinger hall. Maureen Conklin is general chairman of the affair.

Committee members are Bob Mundt, Keith Hoppes, and James Snall, program; Shirley Walker and Willis Johnson, invitations; Huntington Young, Barbara Crisp, Mayo Goffard, and Janet Silvertooth, refreshments.

## Webfoot Diamond Crew

(Continued from page four) to 8, a week ago, and have already chalked up one victory over Oregon State this year.

Bob Rieder was announced late yesterday by Hobby as his nominee for the opening elbowing assignment. The remainder of the starting lineup will probably be the same, with perhaps one or two changes, Hobson intimated. Neither Rightfielder Hank Burns or Third Baseman Bill Hamel have gotten into stride yet and might possibly be shelved.

### Whitman, Carney Start

Two positions in the outfield are securely stapled down by Dick Whitman and Bill Carney. The infield unit will see John Bubalo at first base, Don Kirsch at second, and Bob Farrow at shortstop. Ted Pilip will probably get Hobby's nod for the catching job, though he is being seriously challenged by Bill McKeivitt and Pete Peterson.

Who Pilot Chieftain Matty will lable for mound duty to attempt to stem the Duck hitting tide is a matter of conjecture. Between Vince Pesky, brother of Joe Pesky, famed Boston Red Sox shortstop, and Ed Eterno, freshman righthanded star, the logical choice lies.

Another hitting and fielding drill was held Thursday in an effort to polish off rough edges in these departments. The fielding, which has not been exactly too brilliant to date, is looking up.

Tomorrow (Saturday) two more tough ones are on tap for the Ducks when they meet Willamette's Bearcats in a twin bill.

Leigh's (Bethlehem, Pa.) registration for 1942 is 1,942.

## UO Help Asked On Mail Study

The correspondence department has received word from R. Ray Scott, director of the adult education division at the University of Hawaii in Honolulu, asking for outlines of correspondence courses for men in the service.

The letter states that the University of Hawaii has formerly done little with correspondence but it wishes to keep this work at a high level, so the faculty members would appreciate any assistance from Oregon in preparing courses.

### No Late Shift

Owing to war conditions, men in the army, navy, and air corps, near Honolulu who have been sending frequent requests for correspondence courses to the University in that city, can no longer take courses on the campus in the late afternoon and evening as they have done in past years.

Courses that have been requested through correspondence include principles of economics, survey of English literature, principles of good writing, and American national government.

## Whitmore Smashes

(Continued from page four)

yard medley relay, decided the meet. Warren Finke beat Johnny Emerson by six yards in the first lap, the backstroke. But with a great exhibition of "clutch" swimming Fiji Tom Whitmore made up the deficit by catching up with Warren Hamilton to send Jake Risley into the last lap even with Bill Lyons.

With the entire place a madhouse these two boys matched furious stroke for furious stroke coming down the final stretch even-up. But with scant yards to go Beta Lyons found an extra bit of speed from an untapped source and his hand touched the finish line less than a fraction ahead of Risley. The time was 1:16.8, less than a second from the Phi Deltas' record of last year.

This meant the meet—the Betas had Warren Finke left to swim in the 60-yard individual medley, which was as much as a sure win. That it was—Finke burned up the water to dunk Fiji George Otten in 38.7. The Phi-Gams made a desperate effort to win this race by putting in the very spent Mr. Whitmore, but he finished far in fourth place. Beta Warren Hamilton took third spot, and the meet and championship were in the hands of the Betas.

The score was 26 to 15, but both teams swam the final event, the 120-yard freestyle relay. The Fijis took it very easily with Bob Range, Emerson, and Risley outplashing Sheahan, Crowell, and Moler with comparative ease, winning by a half-length.

Thus, it was all over, with the bouncing boys of Beta Theta Pi the IM swim champs for the year.
